**JAN. 18 TO BE OBSERVED AS LAW AND ORDER DAY**

Hon. Daniel C. Roper, commissioner of Internal Revenue of the United States has just issued an appeal suggesting that Sunday, January 18, 1920 be observed as "Law and Order Sunday" throughout the country, and asking that the day be generally observed. In the course of his appeal he says:

"The American people have declared through due process in favor of national prohibition. The 18th amendment to the constitution of the United States, giving the most solemn legal authority for this, becomes effective January 16, 1920. The congress has seen fit to place in the Bureau of Internal Revenue the important responsibility for the enforcement of prohibition.

Whether prohibition is a wise national policy is no longer a question for debate or contention among good citizens. This step on the part of our people has been incorporated as an integral part of the constitution of our country, and all law-abiding citizens will demand its observance.

"It is not for the success of the Bureau of Internal Revenue that we appeal, but for the success of the American people in sustaining the majesty of the law and the honor of our American institutions. To this end we need for this law, and for all our laws, an aroused public conscience with respect to law observance and law enforcement.

"I observe that it is being suggested that Sunday, Jan. 18, 1920, be set apart and designated as "Law and Order Sunday" throughout the country. I sincerely trust that this will be generally observed; that clergymen throughout the land will bring to the attention of their congregations the vital importance of law as the cornerstone of Americanism. Law and Order has always found in the clergy its strongest champions. Their clear expression of right and their ringing challenge to the American spirit of our citizenship was never more urgently needed than at the present time."

This is a splendid idea which should not be limited to the prohibition question alone. The tendency of the public has been, not how they might aid the officers in enforcing the laws, but how they might evade them. Popular opinion has been inclined to think it rather clever to break the laws and to feel almost abused if discovered and punished for the same offense they would condemn in another.

May "Law and Order" Sunday mark the beginning of a nation-wide movement toward an every day law and order observance.

**LIBRARY HAS MANY NEW MAGAZINES ON FILE**

New times and new issues make the pages of our magazines most worth while reading. The labor question, strikes, Mexico, and Russia furnish material for many readable articles. The Independent is running a series of articles upon the burning question of school teachers. Are they overpaid? Are they social outcasts? and the other sides of the question.

The Atlantic and Century are as attractive as can be with their lists of timely articles and artistic stories. The New Republic, Current Opinion and Outlook are in demand by debaters.

The articles on General Pershing are being followed by the story of Admiral Sims in the Outlook.

The following list shows the wide variety of subjects covered in the periodicals at the Gresham Library.

Atlantic Monthly, Boys' Life, Century, Country Gentleman, Current Events, Current Opinion, Delineator, Good Housekeeping, Hoards Dairyman, House Beautiful, Independent, Ladies' Home Journal, Literary Digest, National Geographic, New Republic, Northwest Poultry Journal, Outlook, Pacific Homestead, Popular Mechanics, St. Nicholas, School Arts, Scientific American, Survey, World's Work, Youth's Companion.

The House Beautiful is of interest to the house builder or decorator and the gardener. National Geographic is new on our list but needs no introduction to the general reader.

Back numbers of all of these magazines may be borrowed for home reading.

**GRESHAM GIRL WINS HONORS IN FRANCE**

The many friends of Miss Maude Cleveland and her parents, Mr. and Mrs. Chas. Cleveland, were delighted when they read, in Wednesday's paper that she had received the distinguished service medal, Tuesday, at the American Women's club in Paris.

The dispatch says the medal was awarded "for conspicuous service while serving as head of the Red Cross home communications department of the American expeditionary forces."

Miss Cleveland was recently in charge at Brest of the war brides of American soldiers.

Miss Cleveland's work has been followed with a great deal of interest by her Gresham friends. She attended the grade school in Gresham, later graduating from a Portland high school. After finishing high school she chose to continue her studies at the University of California from which she graduated with honors. After her graduation she accepted a position as a teacher in the University. She was given leave of absence to take up Red Cross work during the war and has filled numerous positions with wonderful ability.

**GRESHAM MEAT MARKET IS BEING REMODELED**

A. J. W. Brown, proprietor of the Gresham Meat Market, is having his shop remodeled. W. K. Hamilton is in charge of the work which includes extensive improvements. A garage has been made out of the old storage room which joins the market, new floors have been laid and the shop has been recelled. The work is proceeding under difficulties as business is going on as usual at the market.

Among the changes which will be installed soon are a modern ice plant for cooling the meat, new sidewalks in front of the shop, and the front of the building is to be enclosed in glass which will give a much more attractive appearance than the former arrangement.

**ROCKWOOD TO HAVE UP-TO-DATE GARAGE**

Rockwood is to have an up-to-date garage. Arthur Kreofsky has purchased the building on the northwest corner of the intersection of the Base Line and Rockwood roads, which was formerly occupied by a general store, and started a first class garage. His brother, E. W. Kreofsky expects to be associated with him in the business.

Mr. Kreofsky understands the business, having been in the garage business for a number of years in Portland.

This is a splendid site for a garage as there are no service stations located on the Base Line east of Montavilla.

Mr. Kreofsky is a son-in-law of A. G. Schantlin of Rockwood.
