

## NEW GRANGE MASTER URGES TIMELY TOPICS

The new officers of the Gresham grange were installed, at the meeting held Saturday, by Mrs. Eudoxia Niblin of the Evening Star grange. Mrs. Niblin received many compliments on her manner of installing the officers. She is very familiar with the work as she is often called upon to act as installing officer. The ritual used was in rhyme and all present admired the way in which she carried it out. The officers installed were George W. Stapleton, master; H. W. Snashall, overseer; Mrs. R. F. Walters, lecturer; Mrs. W. B. Parsons, chaplain; George Leslie, treasurer; Mrs. Geo. Sleret, steward; Mrs. A. W. Botkin, Ceres; Mrs. Arnold Ruegg, Pomona; Mrs. H. W. Snashall, Flora; Mrs. E. E. Welling, lady assistant steward. Mrs. Frank Hodge, secretary; Geo. Honey, assistant steward, and George Sleret, gatekeeper were absent and will be installed at a later meeting.

J. J. Johnson had promised to act as installing officer but the death of his sister prevented his attending.

After the installation of officers was completed the new master, Judge Stapleton, outlined his aims for the grange. He suggested that the grange discuss at their lecture hour such questions of interest and profit as the Japanese question and the Non-Partisan league. Judge Stapleton said that these are two of the most important questions which the people of Oregon are facing at the present time and that it behooved the people of the state to study these questions before it was too late. The new master asked the cooperation of every member and promised to give all the time he possibly could to the office.

Prospects are bright for a successful and profitable year for the Gresham grange in 1920.

Mr. and Mrs. Alex. Thompson of the Multnomah grange were visiting grangers. Mr. Niblin was present at the lecture hour.

## BURKE'S JEWELRY SHOP IS PURCHASED BY JONES

W. R. Burke, who for a number of years has conducted a jewelry shop on Main street, has sold his business to Guy Jones and will leave soon for Berkeley, California, where he has purchased a large establishment. Mrs. Burke is already located in Berkeley. Two watch makers, two jewelers and a saleslady will be employed by the establishment.

The Burkes have many friends in Gresham who regret to see them leave. Many good wishes are being extended for their future success in their new location.

Guy Jones, who has purchased the Gresham store is a local man and has been with Mr. Burke since his return from the service.

## POULTRYMEN ELECT A. R. LYMAN AS DIRECTOR

At the annual meeting of the Oregon Poultry Producers association which was held in Portland last Friday, A. R. Lyman was elected, by an almost unanimous vote, as a director of the state association. Mr. Lyman is president of the local organization. A. H. Dowsett, another local poultryman, received a large vote, only lacking three votes of having a majority. A little more loyalty from local members would have given this district two directors on the state board. Among those present from the local association were the following: A. R. Lyman, A. H. Dowsett, Mark Nickerson, S. J. Benison, J. Wm. Smith and Mr. Seidl.

## TELEGRAM AND OUTLOOK.

Bargain price, Jan. 10 to Feb. 10, inclusive. Telegram alone, one year, \$3.95; Outlook and Telegram, 1 year \$4.95. New or renewal. Get this live afternoon daily and don't miss the twice-a-week home paper. The regular combination price is \$5.50. You get the benefit. Subscribe through the Outlook.

For fire alarm call telephone central giving location of fire.

## "The Hearts of Humanity" Coming to Gresham Theater

A picture of transcendent interest, possibly one of the greatest that has ever been shown in Gresham, has been secured by Mr. Adrian of the Gresham Picture show and will be presented here Saturday and Sunday. Dorothy Phillips plays the leading roll and this alone insures a large patronage of theater lovers. But the picture, which requires eight reels, is one of the most famous ever produced. It is sought for by the large city theaters and usually shown to crowds at advanced prices.

## GEN. PERSHING TO VISIT PORTLAND

Some time next Sunday General Pershing will arrive in Portland where he will remain during the day. So far no public gatherings have been announced in connection with his visit. There will be no general parade but the distinguished visitor will be met by a military escort. General Pershing is on a tour of all the larger military establishments of the country. He comes here from California.

Pershing ranks with the world's great generals. In the great world War he showed marked wisdom and forwardness in commanding the great American forces. His quick and decisive action is considered as having broken the German offensive and so heartened the allies that a speedy ending of the long drawn struggle was brought about.

All hail to General Pershing!

## PROMOTIONS ARE DUE AT GRESHAM GRADE SCHOOL

The first half of the grade school will end on Friday of the present week. Promotions will be made in all classes on Monday, January 19, and a new class of beginners will be started at that time. It is important that all pupils who have reached or will have reached the age of six within a few days of that date should be started at that time, as beginners will not be admitted after this mid-year class is started.

The primary teachers who have made a study and a specialty of the matter advise that the best results are obtained with children who do not enter school until they have reached the age of six and that if the child will not have attained that age within a few days it would be better to not start until the beginning of the fall term.

County Superintendent Alderson will hold the mid-year tests for exemptions in the eighth grade in the assembly hall of the grade school on Friday, Jan. 16. All eighth grade pupils of eastern Multnomah county will be expected to be there for this test at 9 o'clock Friday morning. Pupils should bring pen, ink, and pencils.

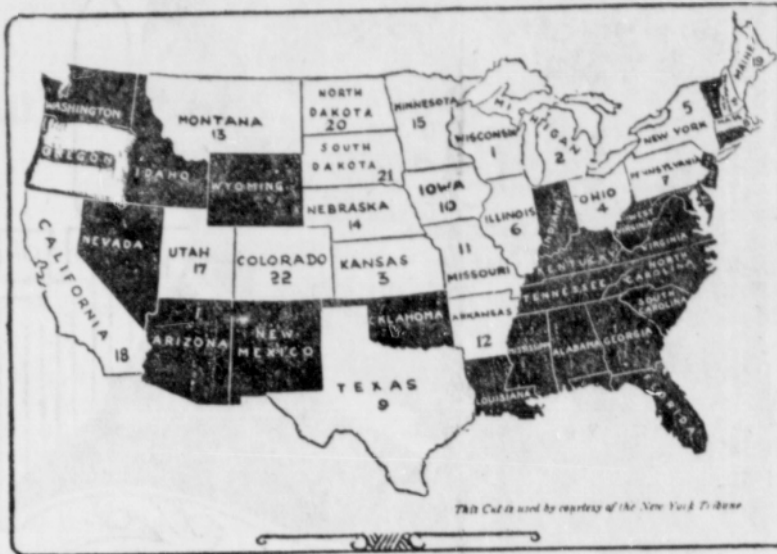

A great deal of attention has been given to fire drills since the holiday vacation. A fire chief has been selected for the building, also a captain and an assistant captain have been appointed in each room and an adequate system of fire drills is being developed.

The present system differs from the one used heretofore, in that while the former sought to empty the building in the shortest time possible, using all exits, the present system seeks to prevent confusion, and to keep the lines under complete control at all times, turning them and directing them to different exits even after the lines have formed and the march started.

**An Extra Good Buy.**  
Overland 90, good condition, new battery, five tires, \$650.  
GRESHAM OVERLAND CO.  
Phone 544, Gresham.

Prune your fruit trees and berry vines before the sap starts up. Full line of pruning shears, pruning saws, etc., at L. L. Kidder Hdw. Co.

## OREGON RATIFIES WOMAN SUFFRAGE

A few issues ago the above map was printed in the Outlook. Here it is again showing one more state white and that is Oregon, the 23d state to ratify the constitutional amendment granting universal suffrage to women. Only 13 more are necessary to make the amendment effective. All but four of the states ratifying it is said are republican.

The ratification of this amendment was one of the several reasons given for calling the present extra session of the Oregon legislature. It was the first matter presented. A woman member of the lower house, Mrs. Alexander Thompson of Wasco county, presented a resolution in the House of Representatives and Senator Farrell a similar one in the Senate. Both were adopted unanimously. The whole procedure took only a few minutes. Thus Oregon goes on record in favor of equal rights and progress.

## Recorder Schneider Calls 14 Cases

## Many Violators Are Let Off Easy

## Attorney King Questions Legality

Promptly at 2 o'clock last Saturday afternoon the municipal court convened in the city hall with city recorder and ex-officio justice of the peace C. G. Schneider presiding and officer M. M. Squires as complainant. Fourteen cases were called altogether. Some were given light fines, others were continued to a later date, two treated the court with contempt or perhaps were not notified to appear and one case started such an upheaval of established procedure that it will take a petty jury to decide the law and the evidence with the possibility of an appeal to the circuit court to determine the legality of the recorder's court and an ordinance of the town of Gresham.

Some of the defendants were comparative strangers in Gresham. Most of them were citizens of the town or residents of nearby localities. Only one was represented by an attorney. All but one were charged with exceeding the speed limit.

The one case that occupied much time and gave rise to an interesting and complex situation was that of the town of Gresham against E. A. Eastlund, the jitney driver, who was apprehended by officer Squires for driving at an excessive rate of speed on West Powell street. At the trial Mr. Eastlund was represented by Attorney Milo C. King who filed a motion for dismissal of the case on the ground that the alleged arrest was illegal, the so-called officer not having been legally chosen, and also that the court was not legally constituted and had no jurisdiction. Attorney King also attacked the so-called traffic ordinance, saying that it was illegal and void. Especially section 6, which authorized arrest for speeding, he claimed, was not according to law and prescribed illegal conditions and requirements. Attorney King, who was formerly city attorney, read portions of the charter in support of his claims. He also referred the court to legal opinions and decisions.

The recorder in ruling on the motion, which was denied, stated that the questions raised by defendant's counsel were questions for the circuit court to decide. The motion was denied and a pleading was called for. Defendant entered a plea of not guilty and asked for a jury trial. The trial was set for Thursday, January 22, 2 p. m.

The recorder stated that on Thursday night at a special meeting of the council called for that purpose the traffic ordinance had been so amended that it permitted a fine of from \$2 to \$50 in case of conviction for speeding, instead of a fixed fine based on the rate of speed which gave the re-

order no discretion. This accounts for the law fines imposed.

Among local violators was Theo. Van Doninck, who was found guilty and fined \$3. Glenn Davidson pleaded not guilty to the charge of going at the rate of 28 miles an hour on East Powell street on December 31, 1919. He claimed in defense that he had been running all the time on that particular trip on low gear; that in low gear his car which was high-g geared could not go over 20 miles an hour; that he had watched his speedometer which did not at any time show over 20 miles per hour. He presented evidence that his speedometer had been tested and was accurate.

The court called for a comparative test of Davidson's and the officer's speedometers and continued the case to Tuesday, January 13, at 2 p. m.

The case of Mr. Schlip, of Portland, was also continued to Tuesday, the 13th. Mr. Schlip drives a Reo truck. He was charged with twenty-eight miles on Powell street and an excessive rate passed the grade school at 4 p. m. Defendant claimed 17 miles by his speedometer when passing the schoolhouse. The court ordered a test of his speedometer.

P. W. Ledine parked his car in front of a fire hydrant on Main street, not seeing a prohibitive sign which hung on the hydrant. He admitted his mistake and was given the minimum fine of \$2.

In passing on one of the cases the recorder said that there were four locations within the town which were regarded as especially dangerous. They were, the street in front of the grade school, the street in front of the high school, the intersection of Main and Powell streets and the junction of South Roberts avenue with Powell street. He gave warning that he would be more severe on violators convicted of dangerous rates of speed at these points.

Other convictions and fines were as follows:

A. S. Moody, convicted of speeding, fined \$4.

Donald Woodward, of Portland, convicted of speeding, fined \$2.

S. Kent, of Portland, fined \$2 for speeding. Fine remitted.

Gordon Taylor, fined \$3.

E. F. Senell, of Portland, speeding, fined \$5.

Jas. Barker, of Portland, speeding, fined \$2.

The case of F. J. Greenman was postponed until Thursday at his request.

Two other names were called but the parties did not appear. It was thought possible they did not receive notice in time.

## County Council Meet Postponed.

The Multnomah County Council Parent-Teacher association will be held at Troutdale, Saturday, January 24. The meeting will begin at 11 o'clock. The afternoon will be taken

up with a program, which will be announced later. This meeting has been formerly announced for January 17, but the change was made to avoid a conflict with a meeting of the county teachers on that date.

## FIGHT JUST STARTING FOR THESE "DRYS"

The real job is just starting for these two men—both life-long workers for prohibition. Above is Ernest Hurst Cherrington, who heads the organization for a world-wide prohibition. He is also in charge of all anti-saloon publications. Below is Wayne B. Wheeler, attorney for the Anti-Saloon League of America, who has prosecuted over 2000 cases, some of them in the United States Supreme Court.

## ACTION OF CLACKAMAS COURT ROILS PARENTS

Club work looms up just now since the question of the work for next year is being discussed. The county court of Clackamas eliminated the \$1500 which had been allowed for the work of the club leader and also for home demonstration agent. Only \$500 each was allowed in the original budget and this amount was increased by the taxpayers at a recent meeting when it was learned that it would be impossible to carry on the work with out more funds. The people are much disappointed over the action of the court in discontinuing the work of the club leaders.

However, the question is not yet settled as many of the parents of the children are making an effort to have the matter brought up for reconsideration.

Those who have given the matter of club work careful study find it a distinct benefit to the children who take it up, financially as well as educationally.

The Western Farmer, in a recent issue gives the following concise report on the results and aims of club work.

It gives purpose and direction to young people.

It cultivates habits of thrift and industry.

It interests the boys and girls in the study of agriculture and home-making.

It teaches better methods of farm and home management.

It dignifies the business of the home and farm.

It stimulates friendly rivalry in production and marketing.

It encourages cooperation.

It emphasizes practical education.

It teaches how to do the right thing at the right time.

It unites the home and school.

It adds to the wealth of the state and nation.

It makes better boys and girls—more efficient men and women.

It sets higher standards for home life and citizenship.

It gives to our boys and girls an active interest in the farm.

## INSTALLATION HELD BY ODD FELLOWS THURSDAY

At the regular meeting of the Gresham Odd Fellows lodge the installation of officers was held. The installing officer was Deputy Grand Master Wm. Beers. The officers are as follows: Roy H. Gibbs, N. G.; Wilbur McCullough, V. G.; Wm. H. Stanley, secretary; Fred Powell, treasurer; Wm. Beers, R. S. N. G.; Ben Raney, L. S. N. G.; Oscar Duley, R. S. V. G.; Frank Hodge, conductor; Harry J. Stanley, warden; John Palmquist, chaplain; Cecil Metzger, I. G.; Ray Palmquist, L. S. S.

## Notice of Stockholders' Meeting.

The annual meeting of the stockholders of the Multnomah & Clackamas County Mutual Telephone Company will be held in Metzger's hall, Gresham, Oregon, Monday, January 26 at 2 p. m. for the purpose of electing two directors and to transact any other business which may come before the meeting.  
PEARL RUEGG, Secretary.

## REVIVAL SERVICES ARE CONTINUED

Inspirational preaching and singing have characterized the evangelistic services held in the Linneam Memorial Methodist Episcopal church during the week past, reaching a climax on Sunday night, when the pastor, Rev. R. Eugene Myers, spoke on the subject, "The Devil's Wash-bowl."

His remarks on Sunday night were based on the New Testament record that Pilate endeavored to shift his responsibility for the release of Jesus to the Jews by calling for a bowl and washing his hands in token of his own innocence as to the fate of Jesus. The pastor declared this act did not free the Roman governor of personal guilt, nor did the effort of any individual to excuse himself of his sins and place the blame on others free the person from responsibility before God.

During the week past the pastor has given very clear expositions on the character and work of the Holy Spirit in the work of salvation. Many who have attended through the series have expressed themselves as greatly benefited.

The usual revival methods have not been followed. While an effort is made to lead hearers to a decision or to a forward step in spiritual life, there has been an absence of the customary straining to force persons to act before they are fully decided in their own minds. The meetings have closed early.

One of the very helpful features of the meetings has been the singing. A new book has been provided, a piano has been installed, a good choir leads the singing. Rev. Earl B. Cotton has acted as chorister and has made the music stirring and attractive.

These conditions will continue for the coming week, with services to-night and every night including Saturday. There is no service Monday night.

Tonight Miss Mary Hansen will sing a solo. On Thursday night Leslie E. Webb, of the high school faculty, will render a solo. The Watts sisters of Beaverton, are announced for Friday and Saturday nights and Sunday services.

Many are attending from the surrounding country and the pastor expressed himself as gratified with the response as evidenced during the past week. He will be assisted from time to time by neighboring pastors.

## OSBURN'S GARAGE IS BEING REMODELED

Extensive changes are being made on the interior of Ed. Osburn's building on Main street. A display room for the popular Chevrolet car is being arranged on the northeast corner of the building. There will be a storage battery room, and a room for the display of extra parts and equipment.

A convenient office is being fitted up and when finished will be one of the many attractive garages in the town of Gresham. The Stockton Bros. are in charge of the work.

## AEROPLANE WING FORMS DESK FOR TRACTOR AGENT

An interesting incident occurred recently when G. E. Bangs of Hessels Farm Machinery company made a trip out in the country to take an order for a Case tractor. While Mr. Bangs was talking to the prospective buyer, an aeroplane landed in the field beside them and the wing of the plane was used as a desk to write out the order for the tractor outfit. After a short inspection the machine resumed its flight.

Case tractors and aeroplanes seem to be the two leading attractions in this community.

## Lecture on Poultry.

A lecture on Making Poultry Pay by Geo. W. Masterson, a licensed American Poultry association judge and an authority on poultry of national reputation will be given at the grange hall in Gresham on Thursday night, 8 p. m. January 22d. The lecture is given under the auspices of The Routledge Seed Co. of Portland and the Germs Mfg. Co. of California.

The public generally is invited and especially any and all interested in poultry. Admission free. 93

## Tailoring

For men and women—cleaning, pressing and repairing done well. Peter Lenard, Powell street.

Storage battery repairing and recharging, starter and generator work. Raker & Son.
