

Ford
THE UNIVERSAL CAR

Buy Now While Deliveries Are Possible

Buy your Ford car now while deliveries are possible. There is only a limited, specified number of Ford cars allotted to this territory. You will be wise to buy one now while we can get cars to deliver. A signed order with us is your protection.

Even our small allotment of Ford cars is not shipped us until we have bona-fide orders for them. This is because the demand for Ford cars all over the country is greater than the supply or production. So don't depend on spring delivery.

Only so many Ford cars will be shipped in to this territory; only so many will be able to get Ford cars. If you would beforehand and plan ahead, you will have to deliver you a Ford car as soon as possible. Then you will have it to use whenever you want it.

The Ford is an all year utility—in your home or business. Its serviceability, its ease of operation, its low cost of maintenance has made it such. It will serve you the year around. Spring and summer, autumn and winter, it is your servant; always ready to do your bidding.
