GRESHAM DEGREE TEAM PUTS ON WORK AT SANDY

A delightful evening was spent at Sandy Thursday, February 12, when the Gresham Degree team of the Rebekah lodge went to Sandy to initiate eight new members in the Sandy Rebekah Lodge, No. 193. The members of Gresham team who attended were as follows: Roy Gibbs, captain; Mesdames Lena Neenam, Christina Humason, Calla Kenney, Pearl Atterbury, Olive Ekstrom, Eliza Metzger, Lizzie Gibbs, Hilda Metzger, Misses Willa Metzger, Gladys Michel, Maude Michel, Ethel Mewhirter and Gertrude Eastman. Mrs. Anna Duke of Sandy and Miss Bess Barton of Puyallup, Washington, also helped in putting on the work.

The work was put on with the snap and pep characteristic of the Gresham team and was much appreciated by the Sandy lodge.

Those who were initiated Thursday were Kate Wolf, Alma Maronay, Margaret Kline, Vera Mixer, Lewis Hall, Sylvester Hall, Otto Meining and J. C. Duke. After the initiation each candidate was asked to give a short talk, which they did.

After the business meeting and social hour the Gresham team was taken to the Sandy hotel where a chicken supper was served. A jolly time was had by all those present and many clever toasts were given during the course of the supper.

The Rebekah lodge is growing rapidly at Sandy and there is a spirit of progress among the members which gives prospect of increased membership.

Word has been received of a painful accident to the 3-year-old son of Mr. and Mrs. Orland Zeek, of Lebanon, formerly of Gresham. The child had been playing around the car and found some gasoline which he spilled on his clothing. He then went into the house and stood near a hot stove to warm himself. The gasoline ignited, inflicting painful burns, but at last reports the child is recovering.

It pays to advertise.

Attention, Berry Growers!
We have a limited number of Cutbert, raspberry, Logan and strawberry plants to sell, also a few Damsan (blue) plum trees. We could place all of this stock with outside planters but we want a larger home acreage planted to build up the home fruit industry. This is an ideal time for planting and we ask you to place your orders now. We can make prompt delivery.

Ellerbins No. 121 strawberry is a berry of great promise. It is a strong, vigorous grower and a heavy yielder. The fruit is large, of good shape and color, very firm, of fine flavor, a good shipper and canner. It is a late berry which is considered by many growers an advantage insuring better harvest weather. You should plant some of this berry and get a start. It will make the Gresham territory famous. Order now.
