

Roads Seem Pressed Flat By Wonderful New Triplex Springs

THE wonderful *Triplex* Springs of Overland 4 effect such a change in riding comfort that bad roads now seem to ride like good roads.

Overland 4 has the steadiness of larger cars of long wheelbase, with the light weight,

ease of control and low fuel and tire expense of 100-inch wheelbase.

Equipment, including Auto-Lite starting and lighting and three-speed transmission, is high class, in keeping with the general character of the car.

No Extension of Time Granted Says Collector Milton A. Miller.

Complete returns of individuals, partnerships, fiduciaries and corporations must be in the hands of Milton A. Miller, Collector of Internal Revenue, Portland, Oregon, on or before March 15th, 1920.

This also applies to the information returns. In addition to the income tax statements required by law, all individuals, partnerships, fiduciaries and corporations having made payments during the year of \$1,000 or over to any one person (which includes salaries, wages, fees, commissions, rent, interest, premiums and annuities) must file information returns on Form 1099, accompanying said Form with letter of transmission on Form 1096. These information returns must be forwarded directly to Commissioner of Internal Revenue, Sorting Division, Washington, D. C.

Last year if having good and sufficient reason it was found impossible to complete a return by March 15th, corporations, individuals and partnerships were permitted to file on or before March 15th, a tentative return and were given an extension of 45 days in which to file a complete return. Conditions which justified such extensions do not exist this year.

Where additional time is actually required because of illness or absence, an extension of time not to exceed 30 days may be granted upon written application therefor made before the return is due. This, however, only applies to specific cases of illness or absence.

Where a fiscal year has been established in the Collector's office the due date of filing Income Tax Returns is the fifteenth day of the third month from the close of the accounting period, but this does not apply to the information returns referred to which must be filed as above.

MEMBER FEDERAL RESERVE SYSTEM

STRENGTH

Our best authority defines as solidity, protecting power, ability, energy, concentration.

The First State Bank's greatest appeal for patronage lies in its exceptional strength.

This exceptional strength is not only in resources (though more than one-half million dollars) but also in administrative ability, organization, extraordinary facilities, wide experience, operative energy, initiative and progressiveness.

The United States Government's recognition of this exceptional strength is evidenced by the recent admission of the First State Bank to membership in the Federal Reserve System.
