

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.

PLEASANT HOME

The meetings this week have been of much interest and Wednesday evening brought out the largest attendance of the series.

The pastor, Rev. Earl B. Cotton, will give the third of the series "Helps to Grace" at the Methodist church Sunday morning at 11 a. m. The special topic is "The School of Religion." Sunday school will meet at 10 o'clock, with interesting classes for all. Come and help your class get the attendance banner.

The school program which was held at Orient grange hall Thursday evening was well attended and a splendid program was put on by the pupils of the school, under the direction of their teachers. Drills, concert recitations, and songs were features of their program which was exceptionally well rendered. Supt. W. C. Alderson gave his entertainment of illustrated songs and recitations and gave several selections on the victrola which he uses in his work with the schools. Several selections from the best authors were among the numbers rendered. The pictures of the school children who have done conspicuous work in club and school work were shown. Mr. Alderson is visiting all of the schools of the county showing these pictures and also giving selections on the victrola which he endorses as a splendid aid in school work. Mr. Alderson spoke briefly on the Teachers' Millage Act.

TROUTDALE

It is expected that Rev. E. E. Gilbert, the new district superintendent of the Salem district, will be present and deliver the evening address at the Methodist church Sunday, March 21. The services will commence at 8 p. m.

It has just been learned that Miss Laura Tiller was married on February 10 to Clark Stillions of Gresham. They were married at Hillsboro, Oregon. They are making their home with the bride's mother, Mrs. Tiller.

In spite of the rain last Friday, the Parent-Teacher meeting was quite well attended, and all appreciated the talk given by Mrs. C. W. Hayhurst, state president, who made a very convincing and timely speech on the duties of Parent-Teacher circles, among them being some provision for housing or boarding teachers, for which there seems to be a crying need in many communities. Other important points dwelt upon were the need of higher salaries for teachers, and the duty of providing clean, wholesome amusements in a community, especially for the young people, citing the community dances being given successfully in some districts.

The young people's class of the Sunday school have a plan of giving a party or social gathering once a month at one of their homes or at the church, inviting their friends among the young people. Such a party was given recently at the home of Marie and Florence Bramhall, and all present were delighted with the good time they had.

The business meetings of the class are to be held monthly, alternating every two weeks with the social gatherings. The business meeting this month is this Friday evening, March 19th, at the home of the class teacher, Mrs. C. I. Thomas.

J. M. Davis and son have established a general merchandise store in Troutdale in what is known as the Logan building and have their stock in, and are already doing business.

The entertainment given by the Stone Recital company last Monday evening was much enjoyed, by those who attended. A temporary hall in the Weinhard building was fitted up by dint of much energy of members of the Aid and Mr. Bradley and the school children. It is regretted that it cannot be kept for a hall.

COTTRELL

Fred Keller and family have moved onto the Andre farm, which they recently purchased, and Mr. and Mrs. Andre have moved to Portland.

Mrs. Weatherwax and daughter Diantha spent Tuesday with Mrs. Fred Griffith.

Miss Baker of The Dalles has been visiting for some time with her sister, Mrs. S. F. Pitts.

James Manary, of Portland, spent Sunday afternoon with his mother, Mrs. Jos. Manary.

Mr. and Mrs. Sims, who had the Schneider farm rented, have moved to Mrs. J. Stephens' house in Pleasant Home.

Mrs. Nicholson and children, Gilbert and Dorothy, of Marshland, Oregon, are visiting the former's sister, Mrs. Robt. Manary.

Services will be held at the Cottrell community church next Sunday morning, when Rev. S. F. Pitts will preach at 11 o'clock. All are invited to attend and bring basket dinner. A business session will be held in the afternoon.

MELROSE AND VICTORY

Sunday school will meet at the usual hour next Sunday. Everyone is invited to attend. The adult class will take up Lesson IX, "The Holy Spirit." The superintendent, Rev. Earl B. Cotton, promises to give the children the second of the "Boxing Series." The children are interested in this new course in boxing and the grown people find it helpful also.

A mixup in paragraphs in the last paper announced that the Victory Parent-Teacher association should bring cups but the instructions were intended for the Cedar association which will meet Saturday evening. The Cedar association is requested to bring their own cups to the meeting Saturday. A splendid program has been arranged and everyone expects a good time.

WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
