LOCAL DOINGS BRIEFLY TOLD

B. L. Walrad & Co., are enjoying the added light from the new plate window which arrived Wednesday. The window was broken out about two months ago, when an automobile backed out of Osburn's garage, across the street and into the plate glass windows. One of the windows was shattered and the other was broken in two pieces. On account of the difficulty of getting plate glass the window had to be boarded up which marred the appearance of the building and also shut out the light. Everything comes to those who wait, however, and every one is enjoying the return to the normal condition.

The woodwork on the Osburn building is receiving a coat of cream colored paint this week which gives it a very attractive appearance. There is nothing like a coat of paint to add to the attractiveness of a building. The interior of the building has been remodeled recently and is very convenient and attractive in its appearance.

A cordial invitation is extended to all to these and all services of the church. Sunday school meets at 10 o'clock and Epworth League at 6:30. Midweek service on Thursday evening at 7:30.
