PATRON WRITES OF THE TROUTDALE MEETING

Troutdale, Ore, April 19, 1920.—Editor Outlook:—One of the finest entertainments ever featured by a school took place at Troutdale last Friday evening, April 16, before an appreciative audience of 300 patrons of the district.

After an introduction by Supt. W. C. Alderson, who indorsed her candidacy and principles, Mrs. Alexander Thompson delivered a stirring address upon the "Scope and Requirements of Our Common Schools."

The teachers of the school were ungrudgingly praised by Mr. Alderson, and at the mention of the name of the popular primary teacher, Mrs. Janet M. Grant for county superintendent a storm of applause broke loose.

Beautiful stereopticon views were shown, and that of the stately Corbett High school was loudly cheered when Mr. Alderson stated that he wished to see one like it at Troutdale in the near future.

A year ago Mr. Alderson, under the provisions of Senate Bill No. 45, endeavored to remove our "grade" school out of this district by way of consolidation. His changed views have greatly pleased the patrons of this district, and shows that it "pays to advertise."

Luncheon was served in the basement of the church under the auspices of the Parent-Teacher association.

J. S. HUDSON.

MRS. C. W. HAYHURST TO ADDRESS PATRON-TEACHER

The regular meeting of the Patron-Teacher circle will be held at the grade school Wednesday afternoon, April 21, at 3 p. m.

Mrs. C. W. Hayhurst, president of the Oregon Parent-Teacher association will be present at this meeting and speak on subjects of interest to all. Mrs. Hayhurst is a fluent speaker and wins many friends wherever she goes.

The picture contest is on and the room which brings out the most patrons will have the picture to hang in their room next month.

Committees for the basket social which will be given May 7, will be appointed at this meeting and the officials promise to appoint the absent members on the hardest jobs. It will pay to attend this meeting as a matter of self defense.

EARNEST BRUGGER WEDS MISS EDNA GILBERT

Earnest Brugger, oldest son of Mr. and Mrs. A. Brugger and Miss Edna Gilbert of Portland were married April 7 at Enterprise, Oregon.

Mrs. Brugger is the daughter of Mr. and Mrs. J. F. Gilbert of 82d street and Powell Valley road. They are well known people in that neighborhood.

Mr. Brugger is well known in Gresham where he attended school and where he has lived since childhood.

The happy couple are spending their honeymoon in their new home on the farm of the groom's father.

Their many friends will wish them a long life of happiness.

The total investment in buildings at the University of Oregon since it was founded in 1872 has been $562,947. This sum includes even additions and major repairs throughout the 48 years. The cost of Lincoln high school in Portland was $514,293. The entire building plant of the state university in 48 years has thus cost less than $50,000 more than a single city high school. The need for more buildings at the university is well-nigh desperate.

Pomona granges in Lincoln, Polk and Multnomah counties have endorsed the relief bill for higher educational Tax Act. The Eastern Oregon Cattle Feeders' convention, the Oregon Dairy Council, and various other groups of farmers and stockmen have endorsed the bill. Endorsements are beginning to be announced from American Legion Posts. The president of the State Federation of Labor has issued a letter to all labor unions, urging endorsement. These approvals, together with the numerous ones from chambers of commerce, civic bodies, and women's clubs, show the widespread interest in preserving the freedom and equality of higher education.

POWELL VALLEY

Arthur Almquist and his sister Miss Ellen Almquist and Mr. J. Nelson from Warren, Oregon, were the guests of Mr. and Mrs. Bert Olsen at their home last Sunday. The two former are well known here where they lived a number of years ago.

Mrs. Fred Wood, of Gaston, is here visiting with her mother, Mrs. Emily Johnson, and her sister, Mrs. August Frank.

A large number of the members of the Luther League and several of the older members of the congregation attended the cantata "The Holy City" which was given by the Colton Oratorio Club, at the Emanuel church.

Mrs. Carl Nelson and daughter, Lillie, were callers at the Bert Olsen home Thursday evening.

Mr. and Mrs. Frank Gustafson and children called on the Al Maybee family in Cedar district Sunday afternoon.

Emanuel Lind has been quite ill at his home here but is reported to be somewhat better now.

A number of friends spent a very pleasant evening at the home of Miss Emma Johnson Saturday evening where they were entertained in honor of her birthday.

The regular meeting of the Parent-Teacher Association will be held at the school house Friday evening, April 23 instead of April 30th, the regular date. The change was made on account of the Junior class play coming on the latter date. A short program will be rendered by the pupils of the primary room and it is expected that Commissioner A. A. Muck will be present and discuss the new two-mill tax measure which will be voted upon at the primary election in May. Refreshments will be served and ladies are requested to bring sandwiches and cookies.

TROUTDALE

The True-Blue class of the Troutdale Sunday school will present a play "Pollin Picks a Wife," at Columbia hall in Troutdale on next Saturday evening. An excellent musical program will be given in connection with the play. It is expected that the whole program will be published in the next Outlook.

ECONOMY COOKING CLUB INSPECTS CITY BAKERY

The members of the Economy Cooking club with their leader, Miss Mildred St. Clair, Miss Ethel Calkins, county club leader, and Miss Helen Cowgill, assistant state club leader, made a trip to Portland Friday afternoon to inspect the Log Cabin Bakery, one of the largest and best equipped institutions of its kind in the northwest. Clubs from another school joined the party, which numbered about 40, and all were under the leadership of Mrs. Sarah K. Evans, of Portland.

After the young people had followed the various processes of bread baking from the chemical laboratory, where all the ingredients are carefully tested, to the finished product, scientifically wrapped and ready for the consumer, they were treated to ice cream in the bakery lunch room.

The Gresham girls were joined by Judge George W. Stapleton who took them to see "Pollyanna" and afterwards packed them all into his big Jordan and brought them home.

WHY THE ELECTRIC CLEANER?
There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.
True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.
In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."
But people use soap because it cleans more easily and better than water alone.
For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

1 FOR THE CHURCH'S WORK AT HOME. A score of items come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3 FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and alumnae to measure the value of their contribution to America.

4 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if faith dies out of the hearts of its youth?

5 FOR THE CHURCH'S WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

6 PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than $20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget: examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.
