**ELECTION, MAY 21**

# STATE ROADS

**Vote 302 X Yes**  
**For 4% State Road Bond Limit**

BALLOT TITLE IS AS FOLLOWS:

**302 X Yes** CONSTITUTIONAL AMENDMENT—Referred to the people by the Legislative Assembly.  
**303 No** **LIMITATION OF FOUR PER CENT STATE INDEBTEDNESS FOR PERMANENT ROADS.**—Purpose: To amend Section 7 of Article XI of the Constitution of the State of Oregon so as to permit the creation of debt and liabilities including previous debts and liabilities for the purpose of building and maintaining permanent roads to the amount of four per cent of the assessed valuation of all the property in the State of Oregon, instead of two per cent as now provided by law.

**NO PROPERTY TAX—NO DIRECT TAX**  
**NO INCREASE IN AUTO LICENSE FEES**  
**NO INCREASE OF GASOLINE TAX**

Keep these three facts in mind. The present auto license fees and gasoline tax will pay both the principal and interest on all the bonds under this amendment, and will yield an annual surplus besides for other state highway work. No additional taxation of any kind.

### FEDERAL FUNDS MUST BE MATCHED

Oregon must have sufficient Highway Funds to match Federal apportionments or Oregon cannot get the benefit of Federal money for Oregon Roads. Increasing this constitutional limit is a necessity. Unless limit is increased, either state roads cannot be completed for many, many years, or must be financed by direct property taxation. This measure averts direct property tax for state highways and makes early completion possible. Let's get the roads built now.

**Income from Present Sources Sufficient to Pay Principal and Interest.**

The fact that revenues from auto license fees and gasoline tax, without increase of present rates, will be ample to pay both principal and interest on these bonds, is clearly set forth by official figures in the State Pamphlet, mailed to every registered voter. Refer to State Pamphlet for verification. Examine the table carefully. It proves that no property tax is required and that present rates for auto license fees and gas tax will redeem principal and interest and yield surplus besides.

The little son of Mr. Takoe, who lives on Mrs. E. M. Coons' farm, has been brought home after being at the Good Samaritan hospital for something near five weeks. The little fellow is improving.

## A. A. MUCK

**COUNTY COMMISSIONER**  
FOR RE-ELECTION  
Republican Primaries, May 21.

A. A. Muck recently announced his candidacy for renomination as county commissioner on the republican ticket. He has served one term as a member of the board of county commissioners, having been elected in 1916. Basing his candidacy for renomination on the claim that he has given all his time and attention to his official duties, Mr. Muck points to the fact that he has attended every meeting of the county board but one during his term of office.

Prior to assuming his present duties, Mr. Muck, who has resided in Portland with his family for 17 years, served a term as president of the St. Johns city council and two terms as mayor of St. Johns, being the incumbent of that office when St. Johns was merged with Portland.

Commissioner Muck's activities during the war gained him considerable prominence. He organized the territory north of Fremont street for the war savings stamp drive and had full charge of that drive in Multnomah county outside of Portland. He participated as a district leader in all of the Red Cross drives and in three of the liberty loan campaigns. In two of the liberty loan drives he had charge of all territory in Multnomah county outside of Portland.

Mr. Muck's declaration of candidacy is as follows:

"If I am nominated and elected I will, during my term of office, favor and enforce one hundred per cent Americanism in all departments of county government; favor the development of the budget system so that the people will be fully informed in regard to expenditures; devote my entire time to the office, as in the past; continue to discharge my duties with efficiency, courtesy and economy; keep my office door open, as I have since I became county commissioner, so that people having business with me may consult me without delay; favor reduction of cost of government by consolidation of conflicting activities; favor home labor and home products; favor enforcement of law."

His slogan is: "Present county commissioner; always on the job; continued good service."

## WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
