Obituary of Carrie Andrews.
Miss Carrie Andrews was born May 24, 1900, at Cottrell, Oregon. She received her schooling here, where she grew to young womanhood. She was loved by all who knew her, having one of the most pleasant sunny dispositions a girl could possess. She was confined to her bed about four months and was a patient sufferer to the last. She is mourned by a loving father and mother, Mr. and Mrs. Stillman Andrews, five brothers and four sisters, namely, Ambert, Robert, Melvin, Alvin and Frankie, Mrs. Ruby Cunningham, Esther, Edith and Guinivere, besides other relatives and a host of friends.

She died Tuesday night at 10 o'clock, May 4th, and was buried from the Pleasant Home Methodist church.

"She is as sweet as she is fair
None none on earth above her,
As bright in thought as angels are,
To know her is to love her."

Overland Four-Door Sedan Insures Comfort
In All Weather

THE SUPERIORITY of the Sedan for autumn; winter and spring is even more emphasized in the wide range of summer motoring. Its thick permanent top is a cooler shield from boiling sun. Breezes are freely admitted or entirely excluded at will. Rain, dust and sudden cold, are shut out at your command by heavy plate glass which never cuts off your vision or leaves you feeling "Shut in." Now the Overland Sedan adds to all this convertible convenience, the riding comfort of Triplex Springs, and extraordinary light weight economy.

**Brunswick Principles
In Fine Tire Making**

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.
