Who Wants an Imitation?

WOULD you call on your local merchant and ask him for "imitation" sugar, or raisins, or coffee? Would you ask him to sell you a pair of shoes made of something "just as good" as leather? Or a suit of clothes "made for" a man, whether or not it fits you?

CORBETT

Mrs. Morgan has purchased the property just east of the church known as the Reeder property.

Mr. Babbitt came down from Cascade Locks Saturday to spend the week-end with his family at Springdale.

Mrs. Hutchinson, of Portland, who has been visiting her daughter, Mrs. Hall for several weeks, returned to Portland Sunday.

The lantern slide pictures, depicting the life of Christ, exhibited by Revs. Allen, King and Murphy of the mission in Portland, and the lectures each evening for the past ten evenings at the church have been both instructive and entertaining.

Mrs. Albert Fox, of Portland, visited her mother, Mrs. Myrta Reed, Saturday and Sunday.

Mrs. Carrie McDonald and Wm. Rickert were married one day last week.

Mr. Sterns, our very obliging station agent, is taking a vacation and Miss George has charge of the depot during his absence.

Mrs. Emily Jackson and Mrs. Clara Smith attended a meeting of the O. E. S. at Troutdale Saturday evening.

The sixth annual field day of the Corbett high school and the Corbett, Mountain, Harburt, Springdale, and Pleasant View grade schools was held at the high school building Saturday, May 15 and was one of the very best meetings ever held. The morning session was taken up by the Mountain school under the direction of the teacher and the work of Miss Powell's pupils of Corbett grades was placed on display, serving and other work, at the noon hour about 250 people sat down to a banquet, such as would tickle the palate of a king, and in the afternoon there was even a larger crowd than at the morning meeting. The first of the program after the banquet was the May pole dance by girls of the high school who were dressed in costumes of yellow and white chiffon, representing marguerites and the long streamers from the pole were yellow and white, each girl wore a wreath of yellow flowers around her crown and those pretty colors worn by the pretty girls of our school presented a most beautiful picture, each one taking her part well showed painstaking training on the part of the teachers. Miss Ruby McCay presided at the piano during the marching and dancing of the young ladies who kept perfect step with the music. After snap shot pictures of this drill was taken by several present, the large crowd went into the main auditorium of the building where the remainder of the program was given. Addresses were given by County Superintendent Alderson and by Judge Stapleton of Gresham. The next on the program was a pageant by the entire Harburt school, under the very efficient training of their teacher, Miss Patterson. This was followed by exercises by the Corbett and Pleasant View schools, each one doing their part in such a creditable manner to elicit praise from everyone present. The graduating exercises will be held Friday evening, May 21. The high school pupils are planning a picnic at some place up the highway Friday.

At a meeting of the school board the very efficient teachers were tendered their positions for the coming school year. This, indeed, speaks well of our teachers and tells how well pleased all are with the work of the instructors.

WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
