GET UNDER YOUR OWN ROOF.

A revival of home-owning and old fashioned home life is needed in our country.

Farm renters and families living in apartments where children are not wanted are not a good foundation for this nation.

We can get along without war memorials and Oulja-board factories but we cannot get along without home owners.

More than any other drive we need a great national campaign for home-owning and home-building.

A real estate mortgage is a sign of thrift and progress, but a chattel mortgage on a motorcar is not.

Young men and families who live in rented houses should be encouraged to go in debt for a home.

A recipe for happiness! Fifty per cent sentiment and fifty per cent sense.

One disadvantage of owning your own home is that you can't rail at the landlord.

You can fool most of the people a large part of the time. That's the reason more money is put into oil than is taken out.

The unanimity with which democrats in congress fail to rise to defend the administration's course in respect to sugar is not without its significance.

This session of congress will save the country about a billion and a half. The recent extra session of the present congress saved it approximately the same sum. A saving of \$3,000,000,000 in expenditures in less than a year's time is a record breaker in economy.

One thing quite plain about the clash between Attorney General Palmer and Assistant Secretary of Labor Louis Post over the policy as to deportation of reds is that both cannot be right. If Post's course was justified, then Palmer's course has been a bluff. If Palmer's procedure was right and wise, then Post should be succeeded by someone else.

About two months after the new railroad bill becomes a law and the interstate commerce commission is enlarged, the president makes appointments to the commission. This is at a time when it is of the utmost importance to the country that the commission function to its utmost. It is a further illustration of the way the public business is suffering in Washington.

Nine hundred mothers and teachers, delegates to the annual convention of the California Congress of Mothers and Parent-Teacher associations recently held in Los Angeles, California, set themselves squarely against the tide of extravagant dress and habits, and pledged their unqualified support to the governments Thrift and Savings movement, represented in the sales of thrift and war savings stamps and treasury savings certificates. Specifically, the Congress mentioned "simpler dress standards in our public schools" and "see advising the holding of liberty bonds and the continuous purchase of thrift and savings stamps, treasury savings certificates and liberty bonds."

Aluminum and silica contained in a deposit of clay recently discovered in the national forest reserve a few miles south of Estacada are rousing much speculation as to their value and preparations are being made by Deputy Game Warden Edward S. Howland to file upon a claim there. He is considering forming a company to put the clay on the market. The deposit is colored yellow, blue, cream and red and was exposed by a washout.

MEN WHO WON OUT IN RECENT ELECTION

The latest compiled returns from the recent primary election show that the men who received the nomination for the state senate and the house of representatives from Multnomah and Clackamas counties are as follows:

- Clackamas—Thomas F. Ryan. Multnomah—George W. Joseph, Gus C. Moser, Robert S. Farrell, Isaac E. Staples, Wilson T. Hame, Elmer R. Lundberg (Democrat). Clackamas—William Hammond, F. D. Shank and Philip M. Stone. Clackamas and Multnomah—W. R. McDonald. Multnomah—Harvey Wells, Barge Leonard, K. K. Kubli, W. C. North, J. D. Lee, Oren R. Richards, O. W. Hosford, Herbert Gordon, E. C. McFarland, Charles C. Hindman, Franklin F. Korrell and Walter C. Linn; Leslie W. Murray (Democrat.)

PORTLAND-LEWISTON NAVIGATION SERVICE

A new development in river navigation was inaugurated recently, which is of considerable interest and which promises a little relief in the matter of car shortage.

The story is told as follows in the Oregonian under a Lewiston, Idaho date line of May 31:

The steamer Northwestern docked here at noon today direct from Portland, Oregon, having made the run through the government Cello canal and inaugurating a regular Portland-Lewiston navigation service.

The packet of 100 tons burden brought a capacity cargo and departed at 5 o'clock on the return run with wool, flour and passengers.

Lewiston is 500 miles inland and the boat run is the longest in the United States proper, with the exception of the Mississippi service.

PATRON-TEACHERS RE-ELECT OFFICERS

At the recent meeting of the Gresham Patron-Teacher association, Mrs. C. M. Zimmerman was re-elected president. Miss Mary Hansen was elected vice president and Mrs. H. H. Eling and Mrs. C. W. Gleason were re-elected to the offices of secretary and treasurer respectively.

Plans were made to complete the furnishing of the first aid room during the summer. The cabinet for supplies is being made at the manual training department at Union High. Other equipment will be gathered together and arranged for use by the time the school opens in September.

Plans were also made for a first aid class which will be organized as soon as school starts.

The meeting went on record as being so heartily in favor of industrial club work that they were ready to aid in the work in any way they could and offered the services of the organization to Miss Calkins, county leader, promising to do anything she might desire in the way of help.

STUDENTS INSPIRED TO WIN BATTLES

Dr. Edward H. Pence gave a most inspiring address to the members of the graduating class last Sunday afternoon.

Dr. Pence told the old story of David and Goliath and how David had really won his battle before he met the giant by first winning the battle over himself.

Having won the battle over self and then learning the lesson of being himself and staying himself the rest of the battle was an easy one.

Dr. Pence's talk was full of wit, of clear understanding of the needs and problems of young people and from his wider experience he gave them much helpful advice.

The musical numbers were excellent and the whole service was much enjoyed by all who were present. The church was filled with the relatives and friends of the graduates.

Duroc Jersey Breeders' Annual Picnic

The annual picnic of the Oregon Duroc Jersey Breeders' association will be held at Salem, Oregon, on Saturday, June 5. There will be a general good time and an old fashioned picnic dinner. A large number of the breeders and fanciers of Duroc swine will be present. From 10:30 to 11:30 the visitors will inspect the capitol buildings and grounds and take part in a reception by Governor Ben W. Olcott at his office. The picnic dinner will be held at Marion square, where the afternoon program will be held, beginning at 1:30. The speakers will be Grant B. Dimmick of Oregon City, L. H. Roberts, of Salem, W. L. Sheard of Dayton. A short business session will be held. J. W. Fruit of Brooks, Oregon, president of the Oregon Duroc association, presiding.

GRESHAM GRADE SCHOOL WINS IN TABLET CONTEST

Gresham won the prize in the tablet contest which was held in the county. The tablets of the Gresham school were the best of the schools of more than two rooms. Principal Skirvin was given the prize for having the school with the best average tablet work during the past year.

Parkrose school was the best two-room school in the county and the prize was awarded Miss Wythe, the principal.

Miss Bessie Strebin, teacher of the No. 8 school, received a gold pen as the prize for the school having the best average on their tablet work for the year. The prizes were awarded at the eighth grade exercises which were held a few weeks ago in Portland, at the time that the diplomas were awarded the eighth grade pupils who completed the work.

Rural Carrier Examination. The United States Civil Service Commission has announced an examination for the county of Clackamas, Oregon, to be held at Oregon City and Portland on June 26, 1920 to fill the position of rural carrier at Boring and Estacada and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointment unless they are the widows of U. S. soldiers, sailors, or marines, or the wives of U. S. soldiers, sailors, or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Form No. 1977 and application blanks may be obtained from the offices mentioned above or from the United States Civil Service commission at Washington, D. C. Applications should be forwarded to the commission at Washington at the earliest practicable date.

It will not escape notice that when the senate was about to take up the bill for a woman's bureau in the Department of Labor, its consideration was prevented by Senator King of Utah, one of the democratic leaders.

Bids Wanted. Bids will be received by the undersigned until 4 o'clock p. m., June 15th, 1920, for 70 cords of wood to be delivered at schoolhouse not later than September 1st, 1920. Bidder to state kind of wood and number of cords of each. The right is reserved to reject any and all bids.

C. J. LUNDQUIST, Clerk S. D. No. 4.

Sealed bids will be received by the undersigned at the First State Bank, Gresham, Oregon until 4 o'clock p. m. June 15th, 1920 for the furnishing of all material and construction of a playshed upon grounds of School District No. 4 as per plans and specifications in hands of district clerk. Successful bidder to furnish usual penal bond required by law. Certified check of 5 per cent of amount to accompany bid. Building to be completed by September 1st, 1920. The right is reserved to reject any or all bids.

C. J. LUNDQUIST, Clerk S. D. No. 4.

SOIL, CLIMATE, SCHOOLS, ARE ADVANTAGES HERE

Evangelical, Lutheran, Catholic and Christian churches and if you cannot find a church home in these enumerated you are within an hour's ride of the city of Portland in which all sects can find a church home. Gresham has an hourly electric car service to Portland and also an auto jitney service. If this is an interesting use your own car it is a beautiful 45-minute drive. Being near the city is no mean advantage for our locality especially for berry growers' standpoint, as berries must be picked and we look to Portland for the pickers. Berry picking is a school vacation-time job and affords a pleasant and profitable camping out vacation to the city women and boys and girls. The pickers are benefited mentally by relaxation, physically by the exercise and materially by the cash received.

So, Mr. Editor, to sum up the outlook for berry growers in the Gresham district, I think you will agree with me, that the future prospect is really bright as the combination as enumerated is hard to beat. First, suitable soil and climate for production; second, a quality that in your excellence and third, the territory adapted to these products is limited; fourth, being near the city insures a good handling; fifth, we have a State Growers' association, a State Manufacturing association with the selling end in good hands; sixth, at least six large going concerns, privately owned who are in the market for ten times the berry product obtainable. Seventh, national prohibition and a substitute needed without a kick. Eighth, we have a healthy growers' co-operative association having plans to help in the coming and will try to steer him right as to location, methods of culture, etc.

Now a last word to the prospective berry grower. If you are convinced that what I have written is true and if you are interested in what I have written, please write me and I will be glad to better your circumstances by growing berries or if you are not sure of the truth of these claims made for this territory all we ask you to do is to come out and look our locality over and satisfy yourself. Personally, I have no special interest in your welfare but I have that common interest in community development and the helping of my fellowmen that prompts the writing of this article.

Investigation seems to be the chief work of congress just now.

It would at least be interesting to know just how far an alien of the extremist and red type could go in this country without winning the disapproval of Assistant Secretary of Labor Louis Post.

NOTICE

Notice is hereby given that I was on this 10th day of May, 1920, appointed Administrator of the Estate of Herbert Pickle, deceased. All persons having claims against said estate will present them to my attorney, B. F. Mulkey, at his office at 403 Corbett building.

Dated at Portland, Oregon, this 11th day of May, 1920. ANNA HOGAN.

SUMMONS

In the Circuit Court of the State of Oregon for the County of Multnomah.

David Eisenberger, Plaintiff vs. Naomi B. Eisenberger, Defendant. To Naomi B. Eisenberger, the Defendant above named.

In the name of the state of Oregon you are hereby required to appear and answer the complaint filed against you in the above entitled suit on or before Tuesday, June 15th, 1920, which is the date fixed by order of the above entitled court for you to appear and answer the complaint herein and if you fail so to answer, for want thereof plaintiff will apply to the court for the relief demanded in said complaint herein.

Said relief so demanded in said complaint is a decree of said court as follows: Dissolving the bonds of matrimony now existing between plaintiff and defendant, on the grounds of adultery, cruelty and habitual cross intemperance.

This summons is published and served on you by publication in the Gresham Outlook, a newspaper of general circulation published in Multnomah county, Oregon, under and by virtue of an order of the above entitled court dated April 20th, 1920, which order provides that such publication be made once a week for six weeks prior to June 15th, 1920, and requiring said defendant to appear and answer herein on or before said June 15th, 1920.

MILO C. KING, Attorney for Plaintiff, Gresham, Oregon.
