THE UNIVERSAL CAR

Remember that when you bring your Ford car to us for mechanical attention that you get the genuine Ford service — materials, experienced workmen and Ford factory prices. Your Ford is too useful, too valuable to take chances with poor mechanics, with equal poor quality materials. Bring it to us and save both time and money. We are authorized Ford dealers, trusted by the Ford Motor Company to look after the wants of Ford owners—that's the assurance we offer. We are getting a few Ford cars and the first to come first to receive delivery.

**The Boys Have Returned**

The world is settling down to peace. Many are the problems to be solved—each and all of us have a duty to perform—in the performance of that duty "opportunity" will knock at our door for admittance and if we are not ready to receive will pass on. Will you be ready? Will you have laid aside a sum which will enable you to take advantage of "opportunity"?

You will find no better way to prepare for "opportunity" than that of opening a Savings Account at this bank and laying aside a little each week. We pay 4% interest compounded semi-annually and "Will do for you all that any good bank should do."
