LUSTED

Mr. and Mrs. Harry Lusted, of Lents, and Mr. and Mrs. Guy Robertson made another fine trip last Sunday. They never left the paved road from Gresham to Forest Grove. At Hillsboro they spent about three hours and had the pleasure of seeing a flying machine making its daily pleasure trips carrying passengers. The crops in some localities are looking fine.

Mr. and Mrs. G. Lusted made a business trip to Portland one day last week.

Mr. and Mrs. Harris Hamilton and family from the Cameron & Hogg Mill spent the week of the Fourth at his home. The mill was closed for the week.

Miss Vera Holmes, of Oregon City, visited her aunt and uncle, Mr. and Mrs. Guy Robertson several days last week.

A fine rain for the crops but most of the farmers here had their hay down. Some will be a total loss.

L. A. Davies recently sold three acres to Mr. Jones on the south where their property joins.

To Our Friends and Patrons.

All parties wanting wood sawed will do well to have it done as soon as possible and avoid the rush later on. We guarantee satisfaction, prompt service, even lengths. Thanking one and all for past favors we are at your service.

POWELL VALLEY

P. A. Johnson, who for the past six weeks has been visiting relatives in Wisconsin and Minnesota, returned home Tuesday afternoon. Mr. Johnson enjoyed the trip very much but thought that there was too many electric storms in the east to make life altogether pleasant. He was as far east as New York where he attended a conference of the Swedish Lutheran churches which was in session there. Mr. Johnson was a delegate from the Columbia conference.

Mrs. A. B. Elliott has as her guests this week her daughter Mrs. R. E. White and baby daughter, Mary, of Portland. Miss May Meigham, another daughter, was a week-end visitor. Miss Meigham is county school superintendent of Lewis county, Washington and has just returned from Salt Lake City, Utah where she was a delegate to the National Education association which met there this month.

The Oregon state canning team met at the home of Mrs. Frank Gustafson Thursday afternoon and canned 18 quarts of fruit. Miss Ethel Calkins, county leader, spent part of the afternoon giving them pointers on their team work. The team will leave for Spokane, Washington the first week of September, where they will compete for northwest canning honors. The girls will be glad to assist any one in canning this summer as it is essential that they can at least 200 quarts and they should like to double that amount. The team has just completed the purchase of a conservo canner from the Kidder Hdw. Co., which they will use this summer. Saturday the state team and the new Powell Valley team will have a practice meeting at the schoolhouse.

Thursday evening, Mrs. A. B. Elliott and her daughter, Mrs. R. E. White, of Portland, called on Mrs. Alta M. Gentry. Mrs. White and Mrs. Gentry were old school friends who had not met since childhood. A very pleasant evening was spent renewing the old acquaintance.

BORING AND VICINITY.

Before the rain, folks were so busy cutting hay, and since the rain they have been so busy computing the benefit and damage done by the rain, that there has been very little time for the making of news items.

It's an ill wind, indeed, that blows no one good. The weatherman, no doubt, hated to crack the cherries but he hated more to see the raspberries shrivel from drought. It couldn't have been exactly to his liking to wet the hay, but on the other hand he couldn't let the grain be stunted for lack of moisture. My ladies' sweet peas were growing woefully short of stem. The lawn was fading, aphids monopolizing the rose bushes and the roads were as dusty as Sahara. So the rain was a real blessing. Then, too, the rain gave the farmer the joy of cluttering up the kitchen with his ever-lasting harness-mending and such like fancy work, and between whiles a chance to beat his wife in a free for all game of euchre that they used to be so fond of playing during courting days in the pre-auto age, when too rainy for a buggy ride.

Two young farmers arrived here recently. One is at the Otis Rich home and the other took up his residence at Bill Wheeler's. Neither of these young fellows is a week old yet.

F. W. Berrens disposed of his old Studebaker and is now driving a frisky, new Ford run-about.

The airplane on fire-patrol duty has been missed over our way since the rain. Every day near noon its hum could be heard long before the craning spectators could locate the big noise. The folks below did all the stunts.

A neighbor went to Portland Wednesday and got 10 gallons of gasoline at a filling station. If you think that is hardly worth publishing you try to get your tank full and you'll acquire a wholesome respect for the fellow who can negotiate the deed.

Alton Lovelace is home from the city to help harvest their hay crop.

Mr. and Mrs. Caleb Cross of Oregon City are visiting Mr. and Mrs. Dave Vinzant. Mrs. Cross is a sister of Mrs. Vinzant.

Sunday afternoon the newlyweds of Damascus, Mr. and Mrs. Albert Hoffmeister, were given a surprise. Sixty or more friends gathered on the Hook lawn, laden with picnic eats and parcels containing wedding gifts. A jolly good time was had. The young couple will begin house-keeping and farming. They will have charge of the Ulrich place.

Mrs. Wallace Telford and children are spending their summer vacation at Seaside. Mr. Telford went down for the week-end, returning Monday afternoon. During his absence Clarence Anderson was chief salesman, buying expert, hello girl, office manager and delivery man for the Telford store.

Little Alice White is having a fine time in the big city of Portland visiting her cousin, Edna Rose.

Eldore Johnson, champion cherry pitter of Oregon, is cherry picking in the Bartell orchard.

Saturday, July 17, is the school meeting for Union No. 26. Those who were not sure of their voting rights have looked up the same and are now ready to defy challenge. It looks like a big night tonight, boys.

PLEASANT VALLEY

Mr. and Mrs. C. A. Ekstrand spent the day recently with friends at Hillsboro.

Geo. Howe, of Forest Grove, was a guest at the home of T. P. Campbell during the first part of the week.

Mr. and Mrs. Jas. Richey accompanied by Mr. Richey's mother, Mrs. Caroline Richey, were Sunday visitors at the home of Mr. and Mrs. G. N. Sager.

Mr. and Mrs. W. U. Moore spent a few days last week visiting at Corvallis and Newport.

Mr. and Mrs. J. B. Snyder, of Yakima, were guests of Mrs. M. J. Jewell on Wednesday of this week.

Leland Moore has secured a position with the Oregon Dairymen's Co-operative League as inspector of milk and has gone to Marshfield, where he will take up his work.

Mr. and Mrs. C. A. Ekstrand entertained a lawn party at their home last Sunday.

Mrs. Theo. Jeffries, of Newberg, is visiting with her sister, Mrs. G. H. Richey, this week.

L. J. Hollenbeck and Dan Rock were transacting business in Lents, Tuesday.

Mrs. W. Butler is seriously ill at her home. Her many friends hope for her speedy recovery.

Mr. and Mrs. J. T. Cheterlin have moved back to their farm after a two years' absence.

Mr. and Mrs. Johnny Chitwood have returned from their honeymoon trip.

Mr. Worshum and two little sons of Bakersfield, California, are visiting at the home of Mr. and Mrs. T. R. Berry.

Mr. and Mrs. S. Moses, of Portland, were callers at the home of Mr. and Mrs. W. U. Moore, Sunday afternoon.

Mr. and Mrs. John Kadock, of Lents, were visitors at the home of Mr. and Mrs. Jas. McLean, Wednesday evening.

WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise add have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
