## The Right Sedan For Right Now

Its Saving on Tires, Oil and Upkeep Add to the Riding Advantages of Triplex Springs

THE OVERLAND SEDAN is an exceptionally good car for all year use. Its ventilator in the cowl, and adjustable windows, with its thick heat resistance top, with the great riding comfort of Triplex Springs, make it fine for touring. Its great economy, which begins with the low price, is exemplified in many recent extraordinary gasoline records. The most notable was the 355-mile Los Angeles-Yosemite Economy Run in which the Overland Sedan won in its class with an average of 27.6 miles per gallon.

Touring, \$985; Roadster, \$985; Coupe, \$1525; Sedan, \$1575

A Stirring Drama of the Modern South

"THE BAR SINISTER"  
With Mitchell Lewis

The story of a beautiful girl stolen and raised by a negro woman as her own child. \* \* \* The underlying theme is the spiritual equality of mankind, regardless of race, creed or color. Does the color of the skin make any difference in the fibre of the soul? In the eyes of God, are not all men equal?

## GRESHAM LOCALS

A number of people who haven't paid their water rent this month are in danger of having their water supply shut off. With all this hot weather on hand it would be wise to find out if your rent is paid. Some times an oversight of this kind causes a great deal of inconvenience.

There will be regular preaching services at the Zion Evangelical church Sunday morning at the usual hour.

Rev. and Mrs. H. Gebhardt have just returned from a delightful two weeks' vacation in the northwest. While away they visited Seattle, Tacoma, Everett and other Puget Sound towns and cities and then went on to Vancouver, B. C. They report delightful weather during most of the trip. Rev. and Mrs. Gebhardt tried mountain climbing while away and enjoyed the experience.

Mrs. W. A. Hessel, who has been ill for a few days, is much improved now.

Mrs. I. McColl has gone to Newport where she will make her home with her daughter and son-in-law, Dr. and Mrs. W. C. Belt.

Miss H. Ruth Montague is in Gresham looking after several matters of importance at the library. Miss Montague has been in charge of one of the Portland branch libraries for a week or 10 days. Her vacation begins next week.

Bayard Miller and Lewis Skirvin have gone to Dufur to work in the harvest fields. Bayard writes that he is working on a 1000-acre ranch. He does not mention Lewis but it is supposed they are together.

Mrs. C. O. Branson has sold her house and two lots in Laurence addition to O. A. Johnson of Minnesota.

Mr. and Mrs. Wilbur Stanley left this morning for Portland where they have taken apartments. Mrs. A. W. Shipley accompanied them to Portland.

Mrs. Lena Needham left Tuesday morning for Newport where she will stay a week or ten days looking after business interests.

Harry Truitt has sold his home on Third street to Mrs. Bent of Portland who will move in soon. The Truitts may go to Onalaska, Washington, but they have not decided definitely.

Mr. and Mrs. Maxwell Schneider and the latter's sister Mrs. Loomis, have gone to Spokane. They expect to be gone about two weeks. They are traveling by auto and are going by Trout Lake and Medical Lake to Spokane, returning probably by Seattle.

Mrs. Emmett Kelly, and children left Thursday for a visit of a week or so with Mrs. Kelly's mother, Mrs. Minnie Studebaker, and other relatives at Castle Rock, Washington.

August Samuelson has sold his farm south of Hogan to C. E. Rick of Crawfordsville, Oregon. The Rick family will move into their new home at once. The Samuelsons expect to leave Saturday for Los Angeles where they may make their home if they like the climate. They will take the ocean route from Portland to Los Angeles.

Frank C. Jones and Co., are building a large garage for Geo. W. Kenney on his property on Main and Third streets.

Miss Della Hughes left Wednesday for Missoula, Montana, where she will visit her uncle, Dr. Chas. Pixley. They will motor to Yellowstone Park where they will spend some time. Miss Hughes expects to be gone about three weeks.

Mrs. W. C. Burch has returned from Roseburg where she visited for two weeks with her son, Earl and his wife and her daughter Mrs. Chas. Lockwood and family. Mr. Lockwood owns the Ford agency in Roseburg and Earl is employed in the same business.

Rev. John LaDue, a professor of Greenville College, Illinois, will preach at the Free Methodist church at 11 o'clock next Sunday morning. Mr. LaDue served as pastor at Gresham 30 years ago. Those who have heard him will be delighted to renew the old acquaintance. All are cordially invited to attend. Mr. LaDue will leave next week for Seattle where he will hold a camp meeting.

Rev. R. E. Myers is attending the summer school for rural pastors at Willamette University, Salem, this week. Reports from the conference indicate that the sessions are proving a great help and inspiration to the 40 pastors who are attending.

### Lonely Books I Have Met.

By THE LIBRARIAN.

You would never think this chap lonely. His cocksure air won him the nickname of "Smart Aleck" long ago. Yet down in his heart he is longing for companionship. The New Republic is his correct name. You may have a bowing acquaintance with him, and put him down on your books as rude. But really he has extremely good ideas. There are two reasons for his loneliness—the high school students have described him, and no one wants to talk of Mr. Hoover. Do discuss the political conventions with the poor fellow and let him find how good hearted Gresham folk can be.

The Spiritualist camp meeting will open July 25th and continue its various meetings until August 22d. Mediums and speakers from all over the United States and Canada. All phases of the cult will be demonstrated. This season promises to be the greatest ever held on the coast.—Adv.

## Ford

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.
