**GRESHAM LOCALS**

The Outlook office will be closed all day tomorrow, Saturday.

A trip by automobile to Government Camp was enjoyed yesterday by Mr. and Mrs. C. I. Raker, Mr. and Mrs. Ellsworth Raker and their guests, Mrs. E. Rosencrans and daughter Mary and son Blythe. The visitors are delighted with Oregon scenery and climate.

Mrs. H. Truitt has joined her husband at Onalaska, Washington, where he went a few weeks ago to take employment with a logging company.

Several Gresham people participated in a most enjoyable reception given last Tuesday evening in the Tyrolean room of the Benson hotel in Portland, in honor of President Samuel Fletcher Kerfoot of Hamline University, St. Paul, Minnesota, and Mrs. Kerfoot. Dr. Kerfoot and his wife are both graduates of the institution of which he is now the head. They found many old friends here and were surprised at the large number who were brought together on short notice. Twenty people took part in the reception and banquet. Those from Gresham were Mr. and Mrs. H. L. St. Clair, A. R. Lyman and Miss Florence Honey.

Work is progressing on the garage which is being erected on the lot just north of the D. E. Towle home. This garage is on the property of C. W. Gleason who purchased it some months ago.

Mr. and Mrs. Chas. Carothers and their guests, Mr. and Mrs. Jim Smith and Mrs. Dolly Faddis of Sedalia, Missouri, were the guests at a dinner party given in honor of a number of Missouri people who are visiting here, which was held Tuesday evening at the home of Mr. and Mrs. H. Whitehead in Portland.

W. R. Burke of Berkeley, California, is in Gresham visiting friends. Mr. Burke reports that business is prospering and that both Mrs. Burke and himself are enjoying good health. Needing a short vacation, Mr. Burke said that his thoughts turned toward Gresham and Gresham friends and he decided to make them a visit.

Mrs. Ed. Greener and baby of Halfway, Oregon, are here visiting the former's mother, Mrs. Chas. Carothers. Mr. Greener will arrive in Portland Monday with a car of cattle. The family expect to purchase an automobile in which to make the return trip. Wednesday Mr. and Mrs. Carothers, Mrs. Greener and Mr. and Mrs. Keith Allen and children took a trip up the Columbia river highway.

L. G. Seffer, of Silverton, has recently purchased the W. R. Ayer farm on Pleasant View avenue and with his wife has moved into their new home. There are 28 acres in the place which is equipped with modern buildings with all the city conveniences. Mr. Ayers and family are in Portland where they are making their headquarters until they can find a larger place.

Mr. and Mrs. Paul R. Willoughby and sons, Ward and Revere, of Eugene, were the guests of Mrs. Nora Withrow from Monday until Wednesday. They came from Eugene in their automobile. Mrs. Willoughby is a niece of Mrs. Withrow.

Miss Olive Towle and Miss Maude Michel are enjoying a vacation at Seaside. Miss Mabel Michel expects to join them over the week-end.

Mrs. Frith, Miss Mary and Sam Raker, of Portland, were guests of Mr. and Mrs. R. D. Bailey yesterday.

The pipe line bridge across the gulch back of the Novelty Shop is being reshingled this week.

Mayor and Mrs. Kenney are spending their vacation motoring in the southern part of the state.

Mrs. T. J. Skirvin is in Gresham today arranging to have her furniture shipped to Tangent, Oregon, where the Skirvins are making their home.

A large egg is on exhibition at the Outlook office. It was laid by a five months old White Leghorn pullet. The egg is exceptionally large for a pullet egg.

Morris Wilmarth, nephew of Mrs. H. C. Larsen, and Florence Hill, her granddaughter, both had their tonsils removed during their visit here. Mr. Wilmarth's family has been here also.

Visit your home school; paying your school tax is not all there is for you to do. Visiting the school will help the school and you, too.

**Are There Too Many Churches?**

Should there be only one church? There are folks who think one way and those who think the other. Hear the subject discussed at the M. E. church, the community church. Sunday morning, subject, "The Basis of Christian Unity."

Sunday night a merger service of the young people's services and the preaching service. The service will begin at 7:30 and continue for about one hour. Everybody come, and be on time. Bring your best smile, and leave your frown at the corner.

**Care of Tire Valves.**

One part of an automobile tire which comes in for too little attention is the valve. The principal attention a motorist need give the valve is simply to see that all dust and dirt are excluded from its interior.

There is a rather common belief that the valve cap is unessential. This idea is erroneous, for when a cap is not used there is a strong likelihood that dirt will work into the valve and produce a leak. In addition, if the cap is screwed on well, a breakdown of the valve insides need cause the driver no inconvenience, as the cap will prevent the tire from deflating. Valve caps on bicycles, motorcycles, automobiles and trucks are all of one size, so if a cap is lost, it may easily be replaced.

When removing the plunger from the valve do not drop it into the dirt, for dust may lodge on the red rubber washer. If dirt has worked its way into the plunger, throw away the plunger and put in a new one.

Sometimes there may be a leak around the base of the valve stem. In that case the hexagonal nut should be tightened. This hexagonal nut should always be screwed down tight against the washer at the base, as this makes a satisfactory seal around the opening through which the valve stem enters the tube. The rim nut must always be screwed tight, so that it closes the hole in the rim. If this is not done, dirt will work in between the tire and tube and cause the tube to wear out.

This advice is given by the United States Tire company, but as all the large tire companies use the same make of valve, the advice may be followed by practically all tire users.

How is this for downing the H. C. L.?  
Six hundred eight hats were made by women in Benton, Lincoln, Coos, Jackson, and Umatilla counties, at an actual net cost of \$514.13. This work was done in connection with O. A. C extension service millinery schools which were attended by 1700 persons. The hats made averaged 85 cents in cost. This represented a saving of \$4670.20 based on the commercial value of the hats—at least this was the estimate of the millinery agent.
