GRESHAM LOCALS

Mrs. Annie M. Redman from Billings, Montana, and sister Mrs. Robt. Willis and the latter's daughter, Miss Katherine, from Atlantic City, New Jersey, were the guests of Mr. and Mrs. B. L. Walrad, last week. Mrs. Redman is a friend of the Walrads of many years standing and has visited them before but the others of the party have never been on the coast. They left Saturday for Pasadena, California. Mrs. Willis and daughter expect to sail for the Island of Guam the 4th of September. A son-in-law of Mrs. Willis was recently acting governor of Guam for several months.

Mrs. Floyd Mack and Miss Winifred Osborn are at the Elliott cottage at Garibaldi Beach for the week.

Mr. and Mrs. J. R. Mears left Saturday for Ocean Park, Washington, for a two weeks vacation.

Miss Opal Phillips is at Turner, Oregon, spending her vacation with friends.

The berry growers in the county are planning a real picnic to be held the latter part of August. There will be a big picnic dinner, games and sports as well as an interesting program. The date has not yet been decided upon but will be announced soon.

Dr. H. H. Hughes, his uncle, Dr. Chas. Pixley of Montana, and Mr. and Mrs. W. L. Crowe of Portland, are camping at Lost Lake for a week or ten days.

Mrs. Cora Walker is moving her household goods into her new home which she recently purchased from Fred Fieldhouse. Mrs. Walker has been making her home with her brother, O. A. Eastman, and family until her furniture arrived from Vancouver, B. C.

Mr. and Mrs. L. L. Kidder and family and Miss Mina Gilbert left early Monday morning for Welches where they will camp about a week.

During the absence of Dr. W. J. Ott, extensive improvements are being made in his office. In place of the one window there will be three, which will add much to the lighting facilities as well as to the attractive appearance of the office.

Mr. and Mrs. Ed. Aylsworth returned from their ranch at Clatskanie last Saturday morning. Sunday morning Mr. Aylsworth and Leslie Walrad started for the ranch again. They spent Monday shingling the barn and returned late Monday evening.

Mayor Geo. W. Kenney and Constable M. M. Squire have gone off together. Just what they mean by both leaving the town at the same time is not known. A card to the Outlook brings the information that on Sunday morning they were at Crescent City, California and that they were starting for the Oregon caves. They had gone over the Coos Bay wagon road to Myrtle Point and down the coast.

Mr. and Mrs. B. F. Bauer, their son Bernhardt, Oregon, came to Portland a few days ago and spent the afternoon in Gresham with old neighbors. Chas. Carothers and his guests, Mr. and Mrs. Jim Smith, and Mrs. Dolly Faddis of Sedalia, Missouri, and Mrs. Ada Smith of Springfield made a flying trip to the coast Saturday and Sunday. They left at 3 a.m. Saturday morning and returned late Sunday. Monday the Missouri folks left for eastern Oregon where they will visit relatives. This is the first lap of the journey home.

Mrs. Colby Marston was taken seriously ill Friday evening with acute goiter trouble and was taken to a Portland hospital. She is still seriously ill.

Mr. O. A. Eastman has been spending a few days at Gladstone.

Boyd Brasswell, who is employed by A. W. Hessel was driving to Portland recently when he had a sudden spell of faintness come over him and he stopped the machine which he was driving. The next thing he was conscious of was the fact that he was in a Portland hospital recovering from a severe attack of ptomaine poisoning. He returned to work Monday, although not entirely over the effects of the attack.

W. A. Hessel and wife left today, Tuesday, for the coast where they will spend their vacation.

The W. C. T. U. will hold their regular meeting in the grove at the W. F. Honey home next Thursday afternoon. This will be both a business and social meeting and a full attendance is desired. There is some work to do on sailor's comfort bags and everyone is requested to prepare for sewing. The ladies are asked to meet at Mrs. John Metzger's where they will be met with automobiles to take them to the Honey home. It is expected that there will be a number of Portland visitors present.

Mr. and Mrs. C. M. Harrison arrived in Gresham last Friday evening and have gone to housekeeping in the home of Mrs. Hannah Johnson. The Harrisons sold their Gresham home last fall and went to California, where they lived during the winter. They have spent the spring and early summer in Illinois and Michigan visiting with relatives and report a delightful time for the past ten months, but say there is no place like Oregon. They plan to make their future home in Gresham or vicinity.

OVERLAND FOUR PROVES GOOD QUALITIES IN TEST

Without any of the conditions of an official test the trip made by the Outlook force last Saturday in two Overland Fours nevertheless gave satisfactory proof of the many good qualities of this wonderful car.

The trip covered nearly 160 miles, over all kinds of roads, in varying temperatures, atmospheres and altitudes, over long climbs, steep hills and numberless sharp curves. One auto carried five persons, the other six. It is sufficient to say that no inconvenience was experienced, the machines behaved splendidly, were easy to operate and met every requirement.

A careful account of gasoline was kept. The record showed that the cars made an average of 25 1-3 miles to the gallon of gasoline. No tire trouble was experienced. Both were touring cars, one having run about 1700 miles, the other 3000 miles.

HOUSE BURNS WHILE OWNERS ATTEND SHOW

Mr. and Mrs. John Cunningham were in Gresham Monday and reported the loss of all of their household goods and personal belongings in a fire which broke out in the new camp of the Cedar Creek Lumber company at Linnton.

The camp was recently moved from near Bull Run to the Linnton site and the Cunninghams had just moved into one of the new houses.

Saturday evening Mr. and Mrs. Cunningham came to Gresham to spend Sunday with the latter's parents, Mr. and Mrs. Wm. Beers and about the time they arrived in Gresham where they attended the picture show fire broke out in the camp and destroyed the cook house and the Cunningham home. Word of their loss did not reach them until the next day when parties came over from Linnton and told them of the fire.

The men at the camp made a desperate effort to save Mrs. Cunningham's piano but was unable to get it out. Practically all that was saved was a chest of silver. The cook house was completely destroyed. The building belonged to the company and was probably insured but there was no insurance on the Cunningham goods.

CAR GOES OVER BLUFF ALL ESCAPE INJURY

Travelers on the Columbia river highway Saturday morning were interested in observing the work of a Portland towing company in lifting to the highway a touring car which had gone over the bluff a few hours before. It was said that the car was driven by a Japanese, an inexperienced driver, who was giving a ride to a number of friends. In an effort to turn around, the car was backed over the bluff, but all the occupants jumped clear before the 200-foot plunge was made. The accident occurred just below Crown Point.
