

RUPERT CANNERY EMPLOYEES PICNIC

For the first time in months the Rupert cannery was closed all day Thursday while the employees and management enjoyed a picnic up near Sandy.

The trip was made with touring cars and one of Ekstrom's large trucks. Sixty-five persons were stored away in the cars and the party left the cannery at 10 a. m. They went a mile or more beyond Sandy and ate dinner near the covered bridge over the Little Sandy. Mrs. J. G. Embry, Mrs. Lulu Arthur and Mrs. W. R. Kern arranged the "eats" in cafeteria style and made a big lot of coffee. Lunch was a jolly affair and after it was all over most of the party made the trip to Dodge park.

At Dodge park the young folks went in swimming and wading and enjoyed themselves immensely. While at Dodge park the cannery folks met the girl reserves of Pleasant Home and exchanged experiences with them. Later the whole party retraced their steps to the camp at Little Sandy where watermelons had been cooling all afternoon in the water and where the ladies had made a big bowl of punch.

Mrs. Brymer led in the singing and everyone joined in, making a chorus that made the woods echo with their happy notes.

One of the features of the day was the yells which were given from time to time. No one in the neighborhood of Sandy can doubt but what it was the cannery gang that was visiting their territory, for at every turn the following yell rent the air with all the vim and pep that has characterized the cannery people all summer: Rip saw, rip saw, rip saw bang.

We belong to the cannery gang With a vevo, with a vevo, with a vevo, vivo vum

Mae get a two can smaller than a six can Mae get a six can larger than a one can

Who can can, if we can't can, nobody can. We can—Raspberries.

Many different yells were given, expressing the appreciation of the employees to J. J. Fisher, manager of the Rupert Cannery here, for the jolly outing which they were enjoying. Mr. Fisher being a modest man was somewhat embarrassed by this popularity and no doubt will be overwhelmed to find himself in print, but one of the yells was so good that the employees request its publication.

"Who, who, who's all right He, he, he's all right, Who's all right He's all right—FISHER."

The cannery force are all back on the job this morning and are feeling happy and refreshed after their trip.

PRECINCT POPULATION ANNOUNCED FOR COUNTY

The census of the different precincts in the county of Multnomah has just been announced. The figures will be of interest to all and will aid in determining the population of the smaller towns which are not incorporated.

The three Gresham precincts total 1669 but this includes more than the incorporated limits of the town.

Comparison of the population now with that of 1910 can not be made in the precincts because the county has been redistricted since that time. The precincts and population are as follows:

- Precinct 306, Rockwood, 629.
- Precinct 307, Sycamore, 362.

MANY BOYS IN RUTH'S SHOES

At the beginning of the season a New York shoe firm announced that for every home run Babe made they would give him a pair of shoes. Babe might be hard on shoes but thirty-three pair is more than he needs so he has given the boys of a New York orphanage his claim to the shoes. Yes, he has a heart for orphan boys as he was in an orphanage himself one time.

FRED WAGNER WRITES ON SCHOOL QUESTION

August 11, 1920.—Editor Gresham Outlook:—Will you please give me space in answer to an article in your issue of August 3d headed Cottrell district in high school war. And as my name is therein mentioned, I wish to make a statement and deny that I was at the head of a petition to join with Sandy, although I am in favor of Sandy. This petition was circulated several days before it came to my notice and was signed by over twenty freeholders. The following Sunday, Mr. L. D. Griffin asked me to accompany him and as his car got out of order we got Kenneth Proctor to take us.

There was no whirlwind canvass made and no misrepresentations. Almost every freeholder in this district is in favor of joining with Sandy. Sandy has now six school districts consolidated. Cottrell would be seven. The valuation is almost one million dollars. Cottrell district joins Sandy only three miles distant and a good road. Why can't we have as good a high school at Sandy as at Gresham, help our own vicinity and county, which we always did, and always will.

At our school meeting to join with Gresham as a whole, there were 14 in favor and 24 opposed. Then those in favor of Gresham circulated a petition and cut out all who were opposed, but take in their land, regardless whether they had any children or not. Such work doesn't go at Cottrell. Let the majority rule. All land owned by those in favor of Gresham is not 160 acres. We want no war but live in peace.

CLANAHAN MAKE EXTENSIVE TRIP

Mr. and Mrs. J. N. Clanahan returned this morning from their outing at the beaches, which they say has been a wonderful experience. They went to Seaside, where they were guests of their son, Dr. J. E. Clanahan. While away they visited practically every beach from Long Beach in Washington to Netarts in Oregon, and everywhere found a cordial welcome and courteous treatment. They were away three weeks and a day.

The trip to the north beaches was made with Dr. Clanahan by way of Astoria, from where they were ferried across the river to McGowan. From there they drove to Ilwaco and from the latter place enjoyed a wonderful beach drive of 30 miles. They visited the two lighthouses and all the forts at the mouth of the Columbia, spending two full days on this trip.

A trip to the Tillamook county beaches was made from Seaside in company with a delegation of Masons. They had a picnic at Netarts and boat trip from Bay City to Bayocean and stopped at the beaches along the coast between Tillamook and Nehalem bays.

Several side trips were taken from Seaside, among them being one to Astoria to see the American Legion parade. They also witnessed the pyrotechnic display representing the battle of the Argonne, in connection with the American Legion convention.

The three girls, Lillie Nelson, Etta Anderson and Amy Gustafson have canned more than 200 quarts this summer as a team and besides this each girl has canned a great deal as individual work.

GIRL RESERVES CAMP AT DODGE PARK

The Girl Reserves of Pleasant Home arrived home last night from an outing at Dodge park near Bull Run. They declare that they had one of the best times that they ever had and they all think they never had such good times as they have had this summer.

Wednesday morning the girls, 19 strong with Mrs. Martin Lennartz, the advisor, and Mrs. Myrtle Ball and daughter Anna for chaperones, boarded the 7 o'clock car at Pleasant Home for Dodge park. Arrived at the park they spent a good share of the day wading and swimming and enjoying the park. In the evening they had a story hour and sang songs and enjoyed themselves immensely.

Games of volley ball, stunts and hikes kept them busy the second day. The whole party hiked to the O. W. P. power plant and to the Cameron & Hogg lumber companies' mill.

They also accepted an invitation from the management to be on hand at milking time and get a sample of goat's milk. The girls were very much pleased at the many courtesies which were shown them by the management.

One of the most popular songs which the girls sang, or at least the one that created the most merriment was the one Walter Jenkins taught the crowd at Farmers' Field day, the song about "John Brown's Baby Has a Cold upon Its Chest."

The girls took blankets and slept out under the trees. They enjoyed the novelty but would prefer their own beds for a regular sleeping place.

Besides the chaperones and Anna Ball the girl reserves who were in the crowd were: Inez Bell, Ruth Ickler, Agnes Larsen, Alma Larsen, Velma Hillyard, Lorine Alexander, Emma Bozarth, Georgia Carpenter, Anna Lennartz, Helen Moulton, Margriete Hemmers, Myrtle Nasshahn, Wilma Davis, Myrtle Milstedt, Ada Quay, Esther Sloop, Clara Johnson, Mabel Sloop and Margarita Fitzgerald.

Obituary of Arthur F. Chase.

Arthur F. Chase was born near Mitchell, in Mitchell county, Iowa, January 5, 1866. With his parents he moved to Cloud county, Kansas, where he grew to manhood.

From 1883 to 1885 he attended the Agricultural College at Manhattan, Kansas, where he studied the vocation of farming at which business he continued until his death.

Mr. Chase came to Oregon in 1892 and lived for some time near Salem, Oregon. In January, 1900, he married Miss Sadie Kokanur near Salem and a few months later they moved to their home near Gillis station where they have lived happy lives full of the events which concerned the welfare of their family and of the surrounding community. Mr. Chase will be long remembered as a quiet upright man who had the respect of all the community.

Death came August 6, after a brief illness which followed a long period of falling health.

More than 30 autos filled with friends followed the remains to their last resting place in Douglass cemetery.

The sympathy of a host of friends is extended to the bereaved family in this their trying hour.

The Spiritualist camp meeting will open July 25th and continue its various meetings until August 22d. Mediums and speakers from all over the United States and Canada. All phases of the cult will be demonstrated. This season promises to be the greatest ever held on the coast.—Adv.

AGRICULTURE PREXY FOR THE SENATE

E. F. Ladd, president of the North Dakota College of Agriculture, defeated Senator Gronna of North Dakota for the nomination and now Republicans and Democrats are wondering where he will line up in the Senate if elected. He is backed by the Nonpartisan League.

CHILDREN UNDER 16 CANNOT DRIVE AUTOS

The new state law which requires that all who drive an automobile should have a state license allows no loop hole by which children under 16 years may obtain a license and any one who allows a child to drive is running a chance of arrest. This applies to all parts of the state alike and not only to the city districts as some may think. There is no way under the law, as it is now in force, by which anyone under 16 years of age may obtain a license no matter how proficient they may be in the art of driving a car.

Sam A. Kozer, secretary of state, received a letter from a girl recently which he said tempted him to waive the statute but although the appeal was strong the young lady in the case will have to wait about two years before the license is issued. The letter was as follows:

Dear Sir:—I am a girl off 14 who lives on Fords. I dont make any money or anything like that but I dont know what I would do unless I had one to tinker with. I can do anything when it comes to repairing one as long as it isent to heavy can drive as good or better than the average Excuse this scribbling but my little sisters puppy has a hold of my overalls leg and wont let go.

Well I am 5 ft 2 in. in my stocken feet and weigh 110 and have good sense. Dont you think there is some way for me to get some kind of license.

I sure can brag on myself.

RESCUE HOMES WANT ALL KINDS OF SUPPLIES

The Pacific Coast Rescue and Protective society are issuing an appeal for supplies of canned fruit and vegetables for the several homes which they maintain for the care of women and children. The letter is as follows:

To the Silent Workers of Oregon: It is needless for us to go into detail and explain to you the problem of feeding 148 women, babies and children. The task is difficult at any time, but a tremendous burden at present. This is an appeal to you to remember the girls and the babies during this coming season, and put up a little extra fruit, with or without sugar, for shipment to the Louise Home, and the Albertina Kerr Nursery Home, where we are caring for abandoned mothers and babes. We assure you that whatever you can do in their behalf will be greatly appreciated. We would suggest that you form a club in your town and ship a barrel of canned fruit or canned vegetables. In fact any kind of farm produce will be acceptable. We will gladly furnish as many glass jars as you desire, and prepay all freight charges.

For shipping instructions address all correspondence to Gen. Supt. W. G. McLaren, 195 Burnside street.

GRESHAM MEN MAKE TRIP TO SNOW LINE

John Brown, J. B. Kerr and H. L. St. Clair, of Gresham, and M. W. Wilkins, of Portland, returned at 1 this morning, Friday, from a trip to Mount Hood. They left Gresham at 4:20 p. m. Wednesday and went to Government Camp that evening.

Thursday morning they went on to the snow line, which they say is much further up the mountain than usual. The mountain is beginning to look almost bare now and has less snow now than ever before. The party got too late a start to attempt the climb to the top but Mr. St. Clair and Mr. Wilkins went about a half mile beyond the snow line. The party report that they took their Dodge car about a mile beyond the point where most autos stop.

The party returned to Government Camp late in the afternoon and then made the homeward trip arriving here early this morning.
