

**LOCAL ORGANIZATION
MAKES LARGE GAIN**

A fine meeting of the W. C. T. U. was reported Thursday. About forty members were present, among them being several who have recently joined and who were shown special honors on that day. Before the recent campaign for members commenced the local union numbered 68. There are now 118. This is considered a good start toward doubling the membership, which is the aim of the union.

Officers for the ensuing year were

lected as follows: president, Mrs. W. F. Honey; vice president, Mrs. J. N. Clananah; corresponding secretary, Mrs. B. W. Emery; recording secretary, Mrs. C. J. Lundquist; treasurer, Mrs. George F. Honey.

A social hour followed the business session, when refreshments were served by Mrs. K. A. Miller, Mrs. P. Michel, Mrs. J. G. Metzger, Mrs. Geo. Honey and Mrs. Fred Fieldhouse.

**"THINK IT OVER,"
SAYS E. E. CHIPMAN**

To the Editor Gresham Outlook:—I find that Governor Cox of Ohio, presidential nominee of the democratic party, had Father Neville of Holy Angels Roman Catholic church say benediction at his acceptance ceremonies.

This same Father Neville married the governor's daughter to D. J. Mahoney, a papist. Is it to be a change from Tumulty to Mahoney? Think it over.

E. E. CHIPMAN.

GRESHAM LOCALS

Gresham Grange No. 270 will resume its regular meeting on the second Saturday of each month. Members are especially urged to attend the September 11th meeting as matters of importance will need attention. Dinner at noon should interest all grangers and their friends, who are urged to remain for the lecture hour which is open for all.

Mr. and Mrs. J. L. Brown and their children, Hamilton and Orrice Etta, and their granddaughter, Ida May Cain, are guests of Mrs. Margaret Cain at the home of Mr. and Mrs. Fred Mewhirter. Mr. and Mrs. Brown are the parents of Mrs. Cain and old neighbors of the Mewhirters from Tillamook.

Next Sunday at the Zion Evangelical church in Gresham confirmation of two little girls, Mary and Minnie Ihrke, of Corbett, will take place. The confirmation service will be followed by holy communion.

Miss Hazel Goger surprised her Gresham friends one day this week by a visit. Miss Goger has recently returned from Rockford, Illinois, where she has been in government reconstruction work. She has been away nearly three years and is expecting her discharge from the service soon.

Announcement was made at the Methodist church last Sunday of a special rally service in the nature of a go-to-church Sunday on September 12. Since then the date has been changed and will be September 19 instead. Further announcement will be made later.

Keith Allen and family left Monday for their home in Robbinette, Oregon, after a visit with Mr. and Mrs. C. A. Carothers. Mrs. Allen is the daughter of Mr. Carothers.

Mrs. Albert Ekstrom returned Saturday from Bayard, Nebraska, where she went early in June for a visit with her parents, Mr. and Mrs. Chas. McCarter, and other relatives.

Mrs. Eva Anderson Updegraff of Boise, Idaho, has been visiting with friends in Gresham for the past few days. She is at the home of Mr. and Mrs. Chas. Johnson.

Jas. Lawrence leaves tonight for Meridan, Kansas, for a visit with his brother and other relatives. Mr. Lawrence has a nine-months' tourist ticket but will not, in all probability, be away from Gresham that long. He plans to return some time in the winter by way of California and will visit in several places there before coming home.

Joe Peak and Burton Walrad left this afternoon for an automobile trip to the beaches. They will go first to Seaside and from there will visit other places.

J. E. Metzger has a fine new electric sign over his furniture store on Main street. It was installed by F. L. Bourne.

Miss Emma Johnson, the Outlook's efficient linotyper, has been ill for the past week. She expects to be back on the job in a few days.

Mrs. T. H. Hawes and son Wesley of Orient and Mrs. Carrie Powell passed through Gresham yesterday on their way to Willhoit where Mrs. Powell and Wesley expect to camp for a week or more. Mrs. Hawes took them over in her car.

John Brown reports the sale, through his office, of Nick Rauw's 40-acre farm at Lusteds to F. Poth of the Victory district. The farm is now occupied by Wm. J. Phair, who holds a lease for three years.

Mrs. H. W. Strong and children left today for a camping trip to the coast. When their caravan started it looked as if they were moving away. Their Ford truck and Dodge car carried the people, provisions for at least three weeks, all except gas, and four big sacks of "roastin' ears" which are expected to turn into gas by some mysterious alchemy. Their course will take them to some of the southern beaches on the Oregon coast from which they will make their leisurely way northward. Mr. Strong expects to join the family when his Lawton blackberries are marketed.

C. I. Raker has bought Mrs. Olive Strebin's 80-acre farm in the Cedar district. Mrs. Strebin's son, John, is on the place at present and may continue as a tenant.

**27.2 Miles a Gallon
Atlantic to Pacific**

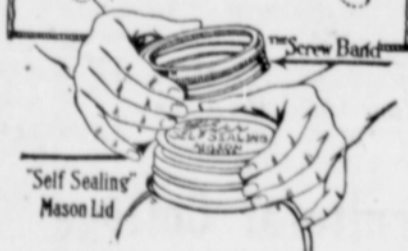

Piloted night and day for seven and one-half days by 25 drivers who never before saw the car, a stock Overland wrote ECONOMY across the country. Over all kinds of roads for 3442 miles it averaged 27.2 miles per gallon of gasoline; 1721 miles per gallon of oil. The entire trip was made with the original tire equipment. Again, as in hundreds of great tests, Overland alloy steels and *Triplex* Springs made possible the record of this light-weight car.

SIMPLE JOB OF WASHDAY

You know that clothes washed among dirty, unsanitary surroundings are not likely to be clean or safe to wear. The THOR solves the problem. You can have the washing done in your own home—under your supervision and where you know sanitary conditions exist. A THOR in your home means absolute cleanliness—positive sanitation. There is no possibility of the clothes becoming infected with disease germs because they do not come in contact with the clothes of others.

Stop and consider—no black kettles—no wages to pay—no laundry bills—and the clothes washed perfectly. Isn't all this worth two cents a week? That's all it costs to do your washing with a THOR. Anyone can operate the THOR—even the most unskilled help can use it without becoming confused. The clothes are put into the cylinder and then a push of a button starts it—that's all there is to it. The THOR not only washes, but wrings. The reversible wringer makes quick work of this part of the washing. One lever controls the operation.
