Correct lubrication makes a good truck better

You cannot expect maximum performance and long service from your truck unless it is lubricated correctly. Correct Lubrication is a science.

The recommendations of our Board of Lubrication Engineers embodied in the Zerolene Correct Lubrication Chart are designed to better the performance and lengthen the life of trucks, tractors and automobiles. Get a Correct Lubrication Chart from your Zerolene distributor.

A grade for each type of engine

TRACTORS: There is a correct grade of Zerolene for each type of tractor.

### WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.  
True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.  
In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."  
But people use soap because it cleans more easily and better than water alone.  
For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.

### FAIRVIEW

Mrs. M. W. Hanel of Sugton, Kan., who is visiting her parents, Mr. and Mrs. W. Richards, received a very pleasant surprise. Mr. Hanel, who is manager of the telephone office in his home town, was granted a six months' leave of absence and took the first train for Oregon arriving here Tuesday evening.

The children from this district who have entered the Portland high schools this week are enthusiastic. To listen to them makes one wish to be back in the 'teen age and share in the splendid opportunities so freely provided.

A large congregation greeted Dr. E. Benson Sunday morning at the Smith Memorial church. It was his first service after his return from Paris.

### LUSTED

Quite a number from here observed Labor day at Sandy last Monday.

The plaster will be too damp to use the room next Monday when school opens but arrangements will be made to accommodate the pupils. Miss Caroline Tallman will be the new principal to take the place of Mrs. Lillian TenEyck who will teach in Sandy. Miss Grace Fieldhouse of Gresham will have the primary room.
