Airplanes

An airplane in operation gives the most severe test to the quality of an oil—and Zerolene meets the test successfully.

Zerolene is used by more than half the automotive equipment owners of the Pacific Coast, following the recommendations of our Board of Lubrication Engineers for the correct grade of Zerolene for automobiles, trucks and tractors. Ask your Zerolene distributor for a Correct Lubrication Booklet for your engine.

TRACTORS
There is a correct grade of Zerolene for each type of tractor.

TROUTDALE

The Troutdale Ladies' Aid meets with Mrs. Morris McGinnis next week Wednesday afternoon. Election of officers and other important business.

Troutdale is proud to claim Lloyd Bramhall who won third place in the potato project at the state fair, and Agatha Harding was fifth in the sewing project.

Mrs. James Burns ("Mother Burns") returned Sunday from a visit in Portland with her son.

The Parent-Teacher circle meets this Friday afternoon. The principal business will be preparation for the supper to be given here to the visiting delegates at the state convention October 23d.

"Jock" Bichau, a former resident here, visited the Wm. Spence family Friday, on his way home from the state fair. He has a position in the cow testing work at Medford.

Troutdale folks are glad to welcome Rev. Earl B. Cotton back to his pastorate here. There was a large attendance at his last service here, and let us have a larger one at the beginning of his third year with us, with the best wishes that it may be a wonderfully prosperous one.

L. A. Harlow has bought the Fred Harlow place next door to their present home, and are planning to move into it next week, leaving their old home for sale.

Harry Bramhall has shipped two tons of fresh prunes to Bend this fall, and he lost about a third of the crop from the rain. He is now shipping cabbage to the same place.

Last Friday evening the wind and the rain vied with each other in contributing to the wildness of the night; in spite of which a dozen courageous souls of the True Blue class, ten girls and two boys, by the way, met and carried out plans somewhat abridged, for a progressive party. They met at the Monahan home and after a pleasant hour there, proceeded to the H. C. McGinnis home where they finished the evening, but not the abundant refreshments provided by the committee for they had enough for 30. The order was to "wear your old clothes and come on foot" but the trusty auto was not unwelcome when progressing time came. James Spence is treasurer of the class, instead of James Burns, as we had it last week.

Maplewood won the first place among the county schools on the most original and attractive booth in the county schools. Gresham was the nearest competitor, it was stated.

THE PERSON WHO WANTS TO KEEP ON progressing must make certain that his health is "right side up with care." One good way to make certain of this is to purchase meats whose quality-guaranteedness will make him feel certain that his digestion will assimilate the proper food values. One way to make certain of that is to buy your meats here.
