WOMEN AND THE NOVEMBER ELECTION.

Mrs. Theodore Roosevelt, Sr., has issued a call to all women voters to support the republican party at the polls on November 2d and to elect Senator Harding and Governor Coolidge. Her message follows:

"The country's vital need is the election of the republican candidates, Warren G. Harding and Calvin Coolidge. Only will the full measure of Americanism in the next administration be attained if the people shall declare for the party which holds true nationalism as its high ideal. It is not necessary to forget our duty to our neighbor in doing our duty at home.

"The time appeals most strongly to the manhood and the womanhood of America. To woman more than ever before because to her has come the perfected opportunity to make her influence weighty in behalf of the nation.

"This year as never before, with world conditions as they are steadiness and staunchness of American purpose are obligatory if we would first bring back our country to its stable place and then by strong endeavor do all that can be done for peace and the general welfare in all lands."

A PUBLIC MENACE.

The accident on the Columbia highway Sunday evening brings to our minds very forcibly the dangers arising from men driving cars while under the influence of liquor. The public is in constant danger of meeting cars when they are being driven by men who have lost control of themselves to such an extent that they can not gage the distance any better than the driver of the death car Sunday night.

It is high time that the people were awakened to the fact that something must be done to enforce the law, for the protection of the public. This is not the first but one of many accidents that have occurred in or near our city. Why let the demon rum reap so many of our young people for his harvest?

The speed law also should be more strictly enforced, for 25 miles an hour is fast enough for safety on the Columbia highway or any other road. Add a few more officers if necessary to enforce it. It is better to pay a little higher tax than to pay such a heavy toll in lives.

Eight Times—Count Them.

On seven occasions the voters of Oregon have passed on measures pertaining to single tax. They have considered modified single tax, sugar-coated single tax, disguised single tax and single tax log-rolled with presumably popular measures. The interest in the doctrine has steadily declined as evidenced by the number of affirmative votes accorded it.

In 1908 a modified form of single tax was defeated. It was approved by but 27 per cent of the voters who went to the polls.

In 1910 single tax in disguise or rather a measure leading up to local consideration of single tax by the several counties, and coupled with a fraudulent poll-tax repeal to give it popularity, was passed. But it received only a fraction over 36 per

cent of the total vote, nearly one-third of those who went to the polls not voting on the measure.

In 1912 the single tax measure adopted in 1910 was repealed by vote of the people.

In the same year single tax in graduated form was defeated. About 22 per cent of the voters voted for it. In 1914 a \$1500 tax exemption, submitted by single tax advocates, was defeated. It received 25 per cent of the vote cast in the election. In the same year another graduated single tax amendment was again defeated, receiving but 22 per cent of the vote.

In 1916 single tax was coupled with a loan scheme for the benefit of home builders of moderate means. It also was defeated, receiving but 16 per cent of the vote, the lowest percentage recorded.

The sentiment of the people of Oregon as regards single tax has been thoroughly tested. They do not want it in any form. Yet here it is again on the ballot, the simon pure article.

Its inspiration is in doubt. The Old Guard of the single taxers are not giving it attention. New managers are engineering its course, but through lack of force or generalship they are not even making the familiar justification that repeated offerings of the doctrine are educational.

Nobody is talking about it. But the measure is on the ballot and the intelligent voter will not neglect to vote no.—Oregonian.

Distribution of six Portland-made motion pictures has been arranged for through the Pioneer Film company of New York and contracts have been secured by the American Lifeograph company of this city for three western productions. Each of the new films is to cost between \$35,000 and \$50,000.

A body of cinnabar ore, which, it is estimated will produce over \$500,000 worth of quicksilver, was recently uncovered in the War Eagle mine in the Gold Hill district. It is thought this will produce \$500,000 worth of mercury and a 25-ton furnace is being erected to handle the ore.

At least \$50,000 will be spent by the Oregon Growers Co-operative association with headquarters at Salem in the coming year to advertise to the world the merits of the Oregon prune. It will be marketed under the name of "Mistland."

I have, like other people I suppose, made resolutions that I have broken or only half way kept; but the one which I send you, and which was in my mind long before it took the form of a resolution, is the keynote of my life. It is this—always to regard as mere imperfections of fate the handicaps which were placed upon my life almost at

the beginning: I resolved that they should not crush or dwarf my soul, but rather cause it to "blossom like Aaron's rod, with flowers."—Helen Keller.

FOR MERCHANTS ONLY

MONEY Talks—according to an old adage, indicating that our cash has human traits.

If it is so, we may have learned the reason for the straying habit of many dollars from this community—they've succumbed to the courtesy and friendliness of our neighbors, the big city merchants and mail order houses.

The city merchants and mail order folks are proving every day that it is profitable to invite OUR DOLLARS over. They do it through advertising.

But the merchants of this community can overcome that—they can establish a more lasting friendship with the community's money—in fact, make regular STAY-AT-HOME DOLLARS—every one.

FIRST—By INVITING THE DOLLARS within shopping distance of this center to TRADE IN THIS COMMUNITY.

SECOND—By renewing that invitation through advertising, week after week, month after month, year after year. That's the way the city merchants and mail order folks do it.

THIRD—The invitation is to tell the dollars about the worth-while things that are in your store for them.

FOURTH—When the dollars come, remember they will only come back again when well treated. And there is nothing more invigorating to the activities of any community than pepful HOME-SPENT DOLLARS.
