### KELSO

Rev. Earl B. Cotton will preach at here next Sunday afternoon, October 24, at 3 p. m.

A Halloween tin pail and shadow social will be given at the Kelso schoolhouse on Saturday evening, October 30th, under the auspices of the Kelso Ladies' club. There will be a program and Halloween features. Shadows will be sold, the tin pail lunch to go with the shadow, at a moderate price. Ladies are requested to bring tin pail or box lunch. Those who do not bring a tin pail lunch please bring a cake or a pie. Coffee, pie and cake will also be sold at a moderate price. All are cordially invited to attend. The proceeds will be for the benefit of the school.

Some excitement was caused at the Jonsrud-Gunderson mill last week when some loose bolts played havoc with the planer, which is an unusually large one, and was running full blast. For a few minutes the air was filled with bolts, knives and castings, but due to the presence of mind of the planerman, Martin Lennartz, who stopped the machine, no one was injured, and the planer escaped very serious damage. Mr. Bancroft, who was offbearing also has a narrow escape.

T. B. Bowen and family, who recently sold their place here and moved to Sandy, will move to Oregon City to make their home shortly.

Joel Jarl reports that his wife is rapidly improving in health. She recently visited John Strauss' fine home near San Diego. Mr. Strauss, who is well known here, has not fully recovered from hurts received when his auto truck tipped over some time ago, but is able to work around his place.

Robert Jonsrud has traded in his Paige car for a new Dorr.

The Jonsrud-Gunderson Lumber company recently purchased 40 acres of timber from Henry Herman.

The Toller family has moved to Sandy from the Haley place here which they rented.

The Lilly family, who recently sold their farm here and went to Sandy, will soon move to a farm near Corvallis.

### BORING

Many of the farmers have begun their fall plowing.

O. M. and J. Richey, J. Anderegg, Veach and Sablin ranches have been busy putting up ensilage for the past week.

Several trucks began hauling gravel from Boring Wednesday. The gravel is being delivered to Boring by a special train.

Mrs. Walter Metzger returned from a trip to California last Saturday. She reports a very nice time.

Mrs. Schweitzer has sold her place to a Pendleton family, who will take possession immediately. Irene will stay with her sister and remain in school here for sometime.

Russel Potter, while at home from Dwyers Camp for a few days, has been using the rod and line, and has brought in a few nice salmon trout.

The attendance at school here is better this year than usual, and yet there is a chance for improvement. While sickness is the only good excuse, some are kept out for other purposes. Why not all work together and make this a banner year for attendance? It can be done.

Herman Naas went hunting the first of the week and killed two wild ducks and a pheasant. Past proves it has been a good time for ducks.

A number of the members of the I. O. O. F. lodge are planning to go to Oregon City October 23, to attend a meeting, for the purpose of organizing a county convention. Oregon City lodge has promised a good time and plenty to eat to all members who can be present on that date. Meeting begins at 1 p. m.

### CEDAR AND VICTORY

The illustrated lecture which was given at Cliff church last Wednesday evening was much enjoyed by those who attended. The pictures of points of interest along the Canadian Pacific line through Canada were clear and the scenery beautiful. The series ended with a picture of a British steamer which would convey the party to Europe. Rev. Earl B. Cotton, who gave the lecture, announced that the next pictures would be of some European country but as yet the choice between England, Ireland, Scotland, Italy or France had not been made. The lectures are not only entertaining but are instructive as well. The next series of pictures will be shown in about a month.

C. H. Hopkins is having a silo erected on his place. The work is well under way.

A number of people have been spending part of their time at the Sandy river watching the divers who are attempting to recover the bodies of the men who were drowned in the terrible accident Sunday evening.

Robert Kerslake, Sr., who has been ill for several days, is much improved and able to assist in the work of filling the silo.

Silo filling is the main item of work just now as the crops are ready for storage. Some are managing to get a few potatoes in out of the rain but the weather is discouraging to potato growers.

Mr. and Mrs. A. B. Conrad and daughter Ada left Wednesday for Needy, where they will make their home until they find a location which suits them for a permanent home. Mr. Conrad has lived in this community for nearly a quarter of a century and it is with regret that his friends and neighbors see the family leave. Many good wishes for their future happiness and prosperity follow them to their new home. Percy Conrad was home during the past week or ten days helping the home folks get packed ready for the move.

The pupils of Cedar school are enjoying the advantage of having a hot cup of cocoa with their noon lunch. Mrs. Geo. Hayden, the teacher, is co-operating with the parents in the matter and the children are enjoying it. The new playground apparatus has been installed and the children are making full use of the swings and other equipment.

### PLEASANT VALLEY

L. L. Glese of near Rainier, was a visitor at the home of his sister, Mrs. J. H. Kesterson last Monday.

Mr. and Mrs. W. L. Rhoads were guests at the home of Mrs. Rhoads' parents, Mr. and Mrs. O. J. Forsgren, on Sunday.

Mr. and Mrs. Geo. Robinson, of Portland, visited with Mr. and Mrs. Will Richey, last Sunday.

Mr. and Mrs. C. A. Ekstrand spent Sunday visiting with Mr. and Mrs. Phillips, of Portland.

Clyde Sager was a Valley visitor Thursday of this week.

Mr. and Mrs. John Mickey and daughters, May, Susie, and Evaline accompanied by Mrs. Guy Long and two children, all of Battle Ground, Washington, were guests at the home of Mr. and Mrs. G. N. Sager, Sunday.

Grandma Sager of Lents, accompanied by her sister, Mrs. Caroline Sager of St. Joseph, Missouri, visited with relatives hereabouts a few days last week.

J. H. Nolte will soon have his new residence ready for occupancy.

Frank Fish was looking after business matters in Lents one day recently.

Mr. and Mrs. Hugh Baker and Mr. and Mrs. Winfield Baker, of Oswego, were Sunday guests at the home of Mr. and Mrs. W. U. Moore.

A new arrival in the person of a bouncing 9 1/2 pound boy appeared at the home of Mr. and Mrs. Cleveland Bliss, last Tuesday, October 19.

The Multnomah State bank people who own a tract of land near Sycamore station, have let a contract for the clearing of 25 acres.

We are very sorry to learn that Editor St. Clair is on the sick list but trust that he is on the road to recovery ere this time.

### TROUTDALE

At the meeting of the True Blue class last Friday evening, \$25 was voted toward the repairs on the church. An interesting and profitable business meeting was held, with a pleasant social hour afterward.

Members of the Parent-Teacher circle here are working to prepare the room for the convention supper Saturday evening. It is to be held in a room of the Weinhart brick building, and from the interest shown, and the preparations being made, it promises to be a very successful affair.

Delegates attending the state convention in Portland this week are: Mrs. Mary Parsons, local president; Mrs. A. D. Kendall, Mrs. Frances Fox, and Mrs. Allee Rix. Mrs. L. A. Harlow attends in the capacity of state secretary.

Many Troutdale folk are among the watchers on the bank of the Sandy where search is being made for the bodies of the victims of the auto accident Sunday night and some are assisting in the sad task.

The Troutdale Parent-Teacher association is planning a Halloween party Saturday evening, October 30 in the basement of the church.

Little Clella Crawford returned Saturday to spend the winter with her grandmother, Mrs. Anson Fowell and attend school. She came all the way by train alone from spending the summer with her mother at Bloomington, Illinois.

Emerson Crawford and Roy Buxton returned Monday from the apple harvest at Hood River. They found camping too cold for comfort these days.

In connection with social service and Sunday school work, Rev. Earl B. Cotton gave an entertainment here Tuesday evening, consisting of stereopticon views of Canadian Pacific scenery, which was very interesting. A nominal sum was charged to defray expenses. Other evenings of a like nature are promised in the future.

### PLEASANT HOME

On Sunday morning, October 24, at the Methodist church, Rev. Earl B. Cotton, the pastor, will preach. His subject will be, "Windows Open to the Dawn."

The Bank of Gresham pays 5 per cent interest on time deposits.—Adv.

## WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
