

The Next President Asks You to Vote For Bob Stanfield

"All who are earnestly desirous that the Republican party shall take control of national affairs, to the end that we may restore the health of the Republic and insure the good of the country, will wish, as I wish, that the voter of Oregon may find it to their best judgment to support Robert N. Stanfield for United States Senator."

WARREN G. HARDING

The Next Vice President Wants Oregon to send a Republican Senator:

"The success of the Republican ticket in Oregon is earnestly to be desired. More than that, my own desire to preside over a Republican Senate leads me to hope for and recommend the election of R. N. Stanfield to represent your great state in that honorable body."

CALVIN COOLIDGE

"Young Teddy" Makes the Same Request of You:

"Heartily endorse candidacy of Robert N. Stanfield for Senate. Apart from the fact that a Republican majority in the Senate is of vital importance just now, he is the type of man all voters of Oregon should be proud to have represent them."

THEODORE ROOSEVELT

Taft Urges that You Vote for Stanfield:

"Election of Harding is assured, but he can do little unless he has a local Republican majority in the Senate and the House. I earnestly urge all who vote for Harding to vote for Stanfield."

WILLIAM H. TAFT

Hughes Believes in Stanfield:

"I cordially endorse the candidacy of Robert N. Stanfield for United States Senate. In addition to Mr. Stanfield's qualifications for that office, it is of very great importance that there should be a Republican majority in the Senate to support a Republican President and make possible an efficient and successful administration. I sincerely trust that the people of Oregon will not fail to elect Mr. Stanfield."

WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.
