AMERICAN QUICK WIT.

Americans are probably the most quick-witted people in the world. Of course, the educated Frenchman is quick-witted and so are many of the intelligencia of other nations. But in this country the mass of the native-born have their wits about them.

Why is this? One reason is freedom of opinion. Every person in America has liberty to think and act as he pleases, inside the law. Another is individualism, the thing that the Bolsheviki over in Russia are trying hard to kill out of the world. Another reason is universal education up to the age of 14 or 16 years.

A workman in a western electric light plant suddenly swung his fist mightily on the jaw of a fellow workman at his side. The chap went down like a shot, but the swift resolve and as swift action by his shop colleague had saved his life. He had at the moment placed his hand on an electric plug. Another fraction of a second and he would have closed his fingers tightly around it and the chances were he would have been killed or very badly injured.

Only the quick working wit and the ready fist of his friend saved him.

It is needless to say that the hero was born in America and had a United States common school education. His American training gave him brains and the resolution to act instantaneously.

The Oregonian thinks the great American bird should have a better name than turkey, which is too suggestive of a nation in Europe. He might be called kingbird, (or queenbird) but that would hardly do in America. Highbird would be quite appropriate at present. We vote for joybird. There can be devout thanksgiving with chicken or roast pork, but the joybird makes the feast replete.

Haley Baptist Church.
The new pastor, Rev. Andrew Johnson, of the Haley Baptist church arrived about October 6th from North Dakota to take charge of the Haley church. But, unfortunately, he was taken sick a few days after arrival and was unable to attend to his duties. Now, however, he has recovered from his sickness and is ready to serve. He will therefore conduct the services next Sunday. There will be Sunday school at 10:30 a. m., and Swedish preaching at 11:30. In the evening there will be a young peoples' meeting from 7:30 to 8, then Rev. Mr. Johnson will speak in English for 20 minutes. From now on English will be used every Sunday evening. The public and especially the young people are cordially invited to all the services.

New Crank Case Service for Motorists

You probably know that after a few weeks of driving your lubricating oil becomes dirty with carbon, road dust and fine particles of metal, which circulate through your engine and cause unnecessary wear on bearing surfaces. And gasoline escapes past the pistons and dilutes the oil. Granted, there's nothing new about that—but—

Here's an absolutely new way to get rid of this dirty, diluted oil and put your engine in line for better performance and longer life. It is called Modern Crankcase Cleaning Service.

Modern,—because we use Calol Flushing Oil, the new, scientific,

thorough flushing agent that does not contaminate the fresh oil.

Our skilled mechanics know how to clean out a crankcase with it correctly and quickly, at a nominal cost to you.

This service assures proper lubrication for your cleaned engine. We refill the crankcase with fresh Zerolene of the correct grade.

We recommend Modern Crankcase Cleaning Service as the latest word for better engine operation and longer life for your car.

TODAY: Bring in your car for Modern Crankcase Cleaning Service.
