

Ford

THE UNIVERSAL CAR

A Truck for City, Farm and Interurban Deliveries

IN the few years it has been on the market, the Ford One-Ton Truck has mounted rapidly to popularity. During the past year more than one-third of the total number of trucks sold in the United States were Ford One-Ton Trucks. It is a record of achievement made entirely on demonstrated merit.

Wherever the Ford Truck has been used—on the farm, in the city—its sure, economical service and simplicity have made it a success. So that today it is a necessity for the wholesaler, the retailer, the farmer. It offers efficient and economic hauling for every business. Demountable Rims and Pneumatic Tires.

WHY THE ELECTRIC CLEANER?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removed dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.

WINCHESTER

Winchester Knives For Everything

WHY does a woman prefer a Winchester Kitchen Knife for even such easy cutting as trimming a pie?

Simply because Winchester Knives are made so well, out of such good steel, that she unconsciously forms the habit of using them for everything.

Come in this week and see the special display we are making of Winchester Cutlery, which keeps sharp so long.
