## COUNTY WELL OFFICERED

TENURE EXTENDED

The four-year tenure of office law,  
adopted by the voters at the last  
election, will give several of our  
county officers a full four-year term  
when they are sworn in to assume  
their duties on the first Monday of  
next month. The list includes Sheriff  
Hurlburt, County Clerk Beveridge,  
County Auditor Martin, Treasurer  
Lewis and Coroner Smith. All of  
them were re-elected after serving  
one or more terms.

County Treasurer J. M. Lewis has  
rounded out twelve years, having  
held a county office longer than any  
other man in Portland when he fin-  
ishes his coming four years. Mr.  
Lewis is one of the old timers, hav-  
ing lived in Oregon all his life. More  
than thirty years ago he was post-  
master of East Portland and has  
held responsible private positions.  
His solid integrity and steady ap-  
plication to his work has won him  
the confidence of the people and he  
will probably hold the office of coun-  
ty treasurer as long as he wants it.

Sheriff T. M. Hurlburt is another  
favored son of Oregon. He was a  
surveyor forty years ago, doing rail-  
road work. From that he became  
county surveyor, government in-  
spector of surveys and city engineer.  
Six years ago he was elected sheriff,  
and when "one good term deserved  
another" he was chosen again. Two  
years ago he won again after hard  
opposition, but this year he landed

the job easily and the new state law  
gives him the office for four years  
more. The public has made up its  
mind that he is a good one to tie to.  
County Clerk J. W. Beveridge is a  
Portland pioneer and a printer. For  
many years he was a foreman in the  
Oregonian composing room, only  
emerging to make the run for coun-  
ty clerk against a formidable op-  
ponent. He was triumphantly elec-  
ted and has again been honored with  
one of the four-year renewals.

County Auditor S. B. Martin is  
another of the quintet who will hold  
four years after serving a lengthy  
period in the courthouse. He gave  
full satisfaction to the voters and  
was re-elected without much oppo-  
sition.

Coroner Smith is a newer man and  
was chosen for a second term after  
giving full satisfaction. Assessor H.  
U. Welch, who succeeds Henry Reed,  
will hold for four years, but his of-  
fice has always had a four-year ten-  
ure. Mr. Reed held the office for eight  
years and could easily have been re-  
elected but he preferred to leave the  
office and will go into private busi-  
ness.

All of our county officers are ca-  
pable, experienced, and with only  
one or two exceptions will remain  
where they are until another election,  
at least.

### GO AFTER THE NEXT WORLD'S GREAT FAIR

Certain public-spirited citizens of  
Portland are making arrangements  
for another world's fair to be held  
in 1925. It will be on a magnificent  
scale—the first of its kind to be held  
since the war. From information ob-  
tainable it will be known as an elec-  
trical exhibition to celebrate what is  
known as the electrical age of the  
world. All the vast uses and possi-  
bilities of electricity will be utilized  
and exhibited on the largest scale  
possible.

It is said that it will require two  
hundred acres of land to accommo-  
date such an exposition and the  
problem of its promoters is to get a  
suitable tract of that size within rea-  
sonable distance of the metropolis.  
This problem can be capitalized by  
Gresham if the opportunity is seized  
upon in time. There are several  
tracts near here that might be se-  
cured, one being the 12-mile farm  
with the Al. Cleveland property ad-  
jacent to it. Another would be east of  
Linnemann, where several tracts  
joined together for the purpose might  
be secured. Possibly there are other  
places in eastern Multnomah more  
suitable than anything nearer Port-  
land—down the Base Line or over  
near Fairview. Out here anywhere  
now would be closer in to the center  
of Portland than the Lewis and Clark  
fair was sixteen years ago—that is  
figuratively because of the good  
roads and automobiles. The logical  
site for the big fair is somewhere  
near Gresham. Go after it.

Double cross Tuberculosis with  
Christmas seals!

## CANNERY DOES BIG BUSINESS

A. RUPERT CO.

Gresham is fortunate in having  
one of the eight large canneries  
which are owned by the A. Rupert  
company, Inc. At present it is sixth  
in size but plans of the company in-  
clude whatever enlargement is ne-  
cessary to make it possible for the  
plant to care for the increasing quan-  
tities of raspberries which are being  
grown in this part of the county. It  
is the opinion of the managers of the  
company that Gresham will be the  
leading center for raspberry culture  
and also that raspberries will be the  
leading product of this section in a  
very few years and it is hoped to  
make this the center of raspberry  
operations.

The plant at present is listed as  
having a capacity of 32,000 cases.  
J. J. Fisher says that at the height  
of the season last year the plant fin-  
ished a carload of canned product a  
day. At that time there were 100  
women and 25 men employed and the  
plant did not have as many persons  
as they desired because it was im-  
possible to obtain them. The payroll  
and supplies for the Gresham cannery  
during the past season was in excess  
of \$75,000. More than 600,000  
pounds of produce were handled by  
the local plant last season and \$85,-  
000 were paid to the growers in this  
section by the company. With the  
exception of one carload of pears,  
which was brought in to fill in be-  
tween crops, all of the produce han-  
dled at the cannery was grown near  
Gresham.

The persons who have had charge  
of the work in the different depart-  
ments are, Jos. J. Fisher, manager;  
J. F. Lucks, who looks after the field  
work; Roy Burton, who manages the  
processing room; R. W. Kern, who  
has charge of the receiving and ship-  
ping department; Mrs. Frank Gibbs,  
who is the forewoman in charge of  
the girls and women who prepare the  
fruit and vegetables and Miss Cora  
Green, who has charge of the office.  
It is around this efficient force that  
the complete working organization is  
built and it is due to their efforts  
that the plant is able to do such cred-  
itable work.

Among the products handled here  
last season were Cuthbert raspber-  
ries, strawberries, cherries, blackcap  
raspberries, loganberries, blackber-  
ries, plums, prunes, pears, beans and  
cabbage.

The past season has been abnormal  
and the pack was not as large as had  
been planned. The readjustment  
period brought about a tendency to  
curtail rather than to increase pro-  
duction. It is hoped that conditions  
will be normal again next season and  
that the company will be in a posi-  
tion to expand its work here.

Beside the plant here the A. Rupert  
company has plants at Newberg,  
Lebanon, Roseburg, McMinnville,  
Falls City and Springbrook and also  
the North Puyallup cannery in  
Washington.

All told, the plants have the enor-  
mous capacity of three-quarters of a  
million cases, which at this year's  
prices represent practically \$3,500,-  
000 for the purchase of raw materi-  
als, fruits, sugar, etc. The company  
has built this year a large concrete  
warehouse covering about half a  
block in east Portland. Here the  
output from the various canneries  
will be gathered for shipment to all  
parts of the world.

Rupert's fruits and vegetables are  
better known on the Atlantic sea-  
board, in London, Paris and even in  
far off Bombay, than they are in Ore-  
gon.

The A. Rupert company manage-  
ment realizes that the canning indus-  
try is in its infancy and everything  
possible will be done to assist the  
growers in producing better fruit and  
more of it. The company policy is  
that success for the producer means  
success for the company and only as  
the growers prosper can the company  
maintain its plants and present suc-  
cess.

### HOME BUILDERS ASSN. MAY END CORPORATION

An inquiry by the Outlook as to  
the future plans of the Gresham  
Home Builders' association resulted  
in the statement by some who were  
interviewed that a dissolution of the  
corporation is contemplated and that  
a meeting of the stockholders will  
probably be held in the near future  
looking to that end.

This organization was effected  
about one year ago with the idea of  
providing funds for building pur-  
poses when it was apparent that  
more homes would be needed. The  
situation seemed favorable for build-  
ing more homes and the capital stock  
was fixed at \$10,000 to be paid in as  
required. Only one loan was made  
of \$2000 and the money was used  
for the purpose intended. Since  
then there have been no calls for  
funds and it is now proposed to  
transfer the one mortgage to private  
parties and dissolve the corporation.

The one existing mortgage is a  
good one upon which the install-  
ments and interest have been promp-  
tly paid, and it would be an easy mat-  
ter to make the change to the satis-  
faction of everyone.

### EXTENSIVE PLANS FOR AUTOMOBILE SHOW

The automotive world of Portland  
is again busy preparing itself for its  
annual full dress affair, and for the  
twelfth consecutive year residents  
of Portland and the Northwest will  
be treated to the finest assemblage of  
automobiles and automotive equip-  
ment that can be offered them.

Announcement was made recently  
by the board of directors of the Au-  
tomobile Dealers' association of  
Portland that the twelfth annual au-  
tomobile show will be held in the  
municipal auditorium January 10 to  
15 inclusive.

The 1921 show will occupy the  
two entire floors of the auditorium,  
as well as the balcony rooms. About  
50,000 square feet of floor space will  
be utilized in displaying passenger  
cars.

In addition to the passenger cars,  
the automotive equipment manu-  
facturers and distributors will make  
a special feature of accessories in the  
balcony rooms, where more than  
3,000 square feet of space will be  
used in displaying items of vital im-  
portance to the motor world of today.

The space schedule, in the hands  
of M. O. Wilkins, secretary and man-  
ager of the association, lists 164 of  
the latest models of passenger cars.  
Every foot of available space will be  
utilized. Of course, these 164 differ-  
ent models does not mean that many  
different makes of cars will be ex-  
hibited, but includes enclosed, tour-  
ing, roadster and probably special  
models of each make.

The show committee consists of the  
board of directors of the Auto-  
mobile Dealers' Association, and, as  
in all recent shows, the 1921 show  
will be conducted wholly under the  
auspices of that association.

"Plans are progressing rapidly,  
now that the opening date has been  
set," says Manager Wilkins, "and the  
enthusiasm displayed by the board of  
directors points to the outshining of  
all previous shows in the point of  
decorative schemes, features and dis-  
plays. No expense will be spared in  
transforming the auditorium from a  
theater into an ideal exhibition hall."

The association was fortunate in  
being able to obtain the auditorium  
for the 1921 annual event, and every  
effort will be bent to make the show  
the best ever staged in the North-  
west.

The large number of passenger  
cars to be displayed will not allow  
sufficient space for the display of  
trucks in conjunction with the auto-  
mobiles and the truck show will be  
held in the individual dealer show  
room.

### THE SINN FEINER'S RELIGION

Editor Outlook:—Coming from  
Portland on Monday on the noon jitney,  
a traveling salesman by the  
name of McCormick, tried to give my-  
self and the other passengers the im-  
pression that the Sinn Fein order  
was a Protestant order and also that  
in the United States the sympathizers  
of Irish Freedom were Protestants.

Personally, I have never known a  
Sinn Feiner to be a Protestant nor  
have I ever known a true Irish Protis-  
tant to be in favor of home rule,  
which to Ireland means Rome rule.  
Will you kindly give your opinion  
on this matter and oblige.  
WM. J. PHAIR.

R-A, Gresham.

The Outlook refers Mr. Phair to a  
statement made by Alexander McRea,  
of Belfast, which recently appeared in  
The Northwestern Christian Advo-  
cate, of Chicago. Mr. McRea, a  
Methodist minister, says he has just  
finished six years in the south of Ire-  
land—three in Dublin and three in  
Cork—hence he may be expected to  
know something of the situation. He  
has not met, he says, a single Metho-  
dist who sympathizes with the Sinn  
Fein as it shows itself at present.

"Sinn Fein" he says, "as we are  
most familiar with it, is too crimson  
with the blood of innocent men and  
too closely akin to the savage ethics  
of Bolshevism to receive anything but  
the indignant anger of all right-  
minded Christians. That there are  
honorable Sinn Feiners cannot be  
doubted, but what damns their cause  
is that they have never dissociated  
themselves publicly or privately from

the assassin gang of the red hand,  
and were it not for a few brave men  
like the most Rev. Dr. Kelly, Roman  
Catholic bishop of Skibbereen who  
have unsparingly denounced these  
crimes, the Roman Catholic church  
would lie under the same stigma. In  
private conversation more than one  
priest has told me how the Roman  
Catholic church abhors these deeds,  
but no united and official condemna-  
tion comes from their lips and the  
suspicion is awakened in one that the  
movement is now beyond priest or  
cardinal in Ireland and that the fu-  
ture moral value of Irish Roman  
Catholicism is in the crucible. God  
forbid that her end should be that of  
the Greek church in Russia. If Sinn  
Fein washed its hands and set its  
house in order it might draw to it  
some decent self-respecting and God-  
fearing men that is impossible to-  
day."

Cream separators in all sizes used  
and new. W. A. Hessel.
