NOTICE TO OUR PATRONS

Extensive alterations have been made at our First and Alder Streets Passenger Station and much better accommodations have been provided for our patrons.

This building is now being used exclusively by us and, in addition to the ticket office, lost articles' bureau and express office, we have installed an "ELECTRIC STORE," where Mazda lamps and electrical appliances may be purchased, applications made for electric light and power, and where light and power bills may be paid.

This will make it possible for our patrons to transact such matters of business with our Company without going up-town to our main offices in the Electric building, and you will receive the same courteous and attentive service.
