NOTICE TO OUR PATRONS

Extensive alterations have been made at our First and Alder Streets Passenger Station and much better accommodations have been provided for our patrons.

This building is now being used exclusively by us and, in addition to the ticket office, lost articles' bureau and express office, we have installed an "ELECTRIC STORE," where Mazda lamps and electrical appliances may be purchased, applications made for electric light and power, and where light and power bills may be paid.

This will make it possible for our patrons to transact such matters of business with our company without going up town to our main offices in the Electric building, and you will receive the same courteous and attentive service.

FIRE LOSS PROMPTLY MET BY COMPANY

Full settlement has been made by H. W. Snashall, representing the Farmers Mutual Fire Insurance company, to Mrs. Carrie Drube, whose home was partially destroyed by fire on last Saturday night. Workmen are already busy rebuilding the upper part of the house, which was completely burned off.

The fire had been discovered by the night watchman, H. L. Wostell, and the alarm turned in, to which the firemen promptly responded. The fire is supposed to have started from sparks from a neighbor's chimney.

Appreciation Expressed.

I wish to publicly thank my friends and neighbors and the Gresham volunteer fire department for their prompt assistance which saved much of my household goods when my home was partially burned.
