THE UNIVERSAL CAR

Have Ford Mechanics Repair Your Car

The mechanics in our shop who will adjust or repair your Ford car, or Ford truck, are men who understand the Ford mechanism and know the Ford way of making repairs and replacements. They are experienced Ford mechanics and because of their familiarity with Ford cars can do your work more intelligently and more quickly than can other skilled mechanics who lack Ford experience.

The work on your car will be done in a completely equipped shop with time-saving Ford tools and equipment. Whether your car needs an adjustment or a thorough overhauling, we are prepared to give you careful and prompt service. And nothing but Genuine Ford-made parts and replacements will be used. When the work is finished, the charge will be reasonable, standard Ford prices.

Our stock of Ford parts is always complete. And our Ford garage and Ford mechanics are at your service at any time. We are Authorized Ford Dealers and not only repair Fords but also sell them.

Drive in or phone. Be fair to your car and your pocketbook.

Insist on Genuine Ford Parts.

At the close of the regular meeting of the Luther League Sunday evening a birthday surprise was given in honor of Mrs. Frank Staffenson. The occasion was also in honor of Mr. and Mrs. Staffenson's 25th wedding anniversary which occurred on October 20, 1920. Many friends were present including the young people. Mrs. Staffenson was presented with a beautiful silver service of four pieces. A number of people from Portland came on in honor of the event and Mrs. Staffenson received a number of personal gifts.

At the meetings Sunday evening Rev. J. Truedson made a short address based on Joshua 24:15. "As for me and my house we will serve the Lord."

Miss Emma Johnson was given a surprise Saturday evening following the choir practice at the church. The choir met as usual and at the conclusion of the practice left for their homes. Shortly after Miss Johnson arrived home the rest of the choir arrived too and she found that a full sized birthday surprise was underway. The surprise was complete and was much enjoyed by all present.

At the Lutheran church service Sunday morning the 400th anniversary of Martin Luther's appearance before the Diet of Worms April 17 and 18, 1521. This was a great event changing the course of the history of the church and of nations.

The Augustana Synod of North America has started a campaign to raise a fund of \$400,000 for theological summary buildings to be erected, probably at Rock Island, Illinois, where one of the Lutheran colleges is located. The interest in this cause is very marked judging from reports made from the conferences generally. For example the ministers in the Columbia conference at their meeting in Portland last month subscribed a sum of \$2600. The members of the conference, there were 28 present, promised to do their very best for the college.

The campaign opened Sunday, April 17 and it is hoped to close on the 24th. The subscriptions are to be in on or before November 1st, 1921. However, subscribers are permitted to make the payment according to their circumstances.

A new economy in motor car operation

The manufacturer of your automobile recommends, in the Instruction Book for your car, that the crankcase be drained out and flushed and then refilled with fresh oil at regular intervals.

This is necessary because engine operation causes a steady accumulation of road dust, carbon, fine metal particles and other impurities in the crankcase oil. This gritty oil circulates through your engine, impairs its performance and ultimately leads to rapid depreciation and repairs.

But cleaning the crankcase is a job generally disliked and neglected.

To meet this need, Modern Crankcase Cleaning Service has been established by first-class garages and other dealers co-operating with the Standard Oil Company. These garages and dealers use Calol Flushing Oil—the scientific agent that cleans out old oil, dirt, grit and other impurities, and does not impair the lubricating efficiency of fresh oil used. The cleaned crankcase is refilled with the correct grade of Zerolene.

Look for the garage or dealer displaying the sign shown below—it means "Better operation and longer engine life."
