GRESHAM LOCALS

The character play which was to have been given on the library lawn by the pupils of the 5th, 6th and 7th grades has been postponed to Tuesday afternoon of next week.

Miss Myrtle Rusher was one of those who took part on the Gresham grange program last Saturday, but whose name was omitted from the report. Miss Rusher sang a solo which was much appreciated by those who heard it.

A. C. Ruby and family have moved from Portland to their home on the Base Line for the summer.

Mr. and Mrs. John Bliss arrived home on Tuesday evening from southern California where they have spent the winter. They drove their car both going and coming and took many interesting trips together with Mr. and Mrs. R. R. Carlson while in the south. On their return, between Eugene and Corvallis, Mr. Bliss became blinded by the glaring headlights of approaching automobiles and ran off the road tipping his car over. Fortunately neither he nor Mrs. Bliss were hurt and the car was not seriously damaged.

C. G. Schneider received a visit yesterday from his mother, Mrs. Ella Schneider and his sister, Miss Alberta Schneider of Portland.

O. Magnuson of Sedgewick, South Dakota, arrived in Gresham a few days ago and is now assisting in the building of Mrs. L. T. Lusted's house on Powell street. Mrs. Magnuson remained in South Dakota for a time with her parents but will come here later. Mr. Magnuson went east from here four years ago.

The sophomore class of the high school today presented a beautiful bronze bust of Roosevelt to the school. The presentation was made by Adolph Zenger in a neat speech at a meeting of the student body at which Maurice Botkin presided. Vaye Harmon and Mary Cogswell assisted in the unveiling.

Mr. Tibbetts has sold his vulcanizing shop to a Mr. Bently from Barton.

The Ladies' Aid society will meet with Mrs. L. L. Kidder on Wednesday afternoon, May 25. Mrs. Kidder will be assisted by Mrs. K. A. Miller, Mrs. W. E. Beagle and Mrs. S. C. Jones. All members and friends are invited.

A 9 1/4-pound baby girl was born to Mr. and Mrs. S. E. Palmquist on Wednesday, May 18. The mother and baby are at the home of Mrs. Harriet Timmerman.

A new vulcanizing and tire shop has been opened on Powell street next to Mrs. Boughner's novelty shop.

NEAR EAST IN GREAT NEED OF CLOTHING

From the Near East comes an appeal for clothing. Five years of destitution have reduced hundreds of thousands of people there to a most pitiable condition.

Many thousands of Armenians, driven from their homes during the war, are still in exile. There has been no way to secure clothing to replace what they wore when they were driven forth.

All industry is paralyzed. The people, though willing, cannot earn a livelihood. Vast throngs wander from place to place, clad only in bits of rags and strips of burlap bags.

The little children are perhaps the severest sufferers. A report from a Near East Relief worker, Miss Maria P. Jacobsen, is typical of scores of others. She writes:

"Hundreds of little children in our orphanage at Harpoot, dragged themselves to us, suffering acute rheumatism and pneumonia as a result of lack of clothes. Some were affected by gangrene from frozen feet."

To relieve—in part, at least—this great distress, Near East Relief, which, under a Congressional charter, operates in this field, had undertaken to collect quantities of cast-off or other spare clothing. What is needed is good practicable clothing.

Every man, woman and child in America is asked to help. Every garment counts.

A single coat may save a human life.

A day's delay in sending it may cost one.

It will take only a few minutes to make up a bundle and send it on its way. If a local Bundle Day has been announced, give then; if none is planned, send by parcel post to Near East Relief, Portland, Oregon.

Near East Needs Cast-Aside Clothes.

The clothing cast aside as worthless by our people here in America would provide comfortable covering for every unclad one in the Near East, and would be an untold blessing to thousands who have been stripped of all their possessions.

This clothing can be transferred to them through the agency of the Near East Relief, incorporated by Act of Congress to relieve the suffering in that country.

In Philadelphia last year, they used the slogan: "The plea that touched the heart of Philadelphia," and fourteen carloads of worn clothing was the answer.

Such a plea should touch the heart of every county in the country, and bring its answer clear and strong.

Mobs Shouting for Clothes.

Mrs. Kate Clough Rambo, of Baker, Oregon, returned Near East Relief worker, tells a graphic story of the distribution of a shipment of old clothes received at Batoum in Transcaucasia. She says:

"I did up bundles of clothing, each containing a dress, a skirt, a jacket or coat, intending them for distribution among the women. I took Kappidies (a native assistant) and went in the Ford truck with great bags of these bundles. We drove into the yard at Ptoevva Barracks. We took out several bags and went upstairs. Kappidies stood by the bags while I carried the bundles to corners where I saw they were practically without clothing. The first thing I knew, a woman snatched a bundle out of my hand; then came another and another. I called Kappidies to come away, as they were turning into a mob. He and another assistant grabbed the bags and we went down another stairs, the mob following. We jumped into the car and had to hold back the mob with sticks. Where the sticks came from I never can tell.

"The crowd grabbed, they screamed, they fought.

"They would have pulled me out of the car, but the chauffeur backed into the street and we tore away. Afterwards we returned and gave the clothes to the head man to distribute to his most needy cases, but they broke the window to his room and grabbed the bundles. Still, after all, I have the consolation that the man is said to have had when someone stole his Bible—it would doubtless do good."

Near East Thousands Need Clothes.

Numberless men, women and little children in the Near East are all but destitute of clothing and thousands have no covering whatever save the blindest rags.

Last year America sent 750 tons of clothing. The supply is exhausted and the clothing worn out.
