W. C. T. U. DINNER PROVES A DELIGHTFUL AFFAIR

The W. C. T. U. dinner last Wednesday was a glittering success. The main room of the grange hall was filled with small tables, each presided over by a "White Ribboner," assisted by two young ladies whose deftness in table decorations and serving, beggars description.

The menu as advertised was served. The kitchen force like the dining room operators, was made up of experts. Croquettes were cooked and served piping hot with vegetables, pickles and dainty salads. The Fisher Milling company donated the flour out of which the Gresham baker, T. Van Donick, made those delicious Parker House rolls, over which everyone exclaimed.

The large pieces of pie with a super generous covering of ice cream will not soon be forgotten.

Last, but not least, was the excellent coffee made by a professional chef in regulation white uniform, known among the men as "Bill," otherwise Mr. Congdon.

The ladies of the Union wish to thank the public for the many donations and generous patronage.

The hostesses were Mrs. C. J. Lundquist, Mrs. E. Davidson, Mrs. John Metzger, Mrs. John Brown, Mrs. F. Volbrecht, Mrs. W. R. Kern, Mrs. H. C. Larsen, Mrs. James Sterling, Mrs. H. W. Strong and Mrs. J. N. Clananhan.

PUBLIC IS URGED TO HELP MULTNOMAH COUNTY FAIR ON ITS FEET FINANCIALLY

With the refusal of the county commissioners to come to the assistance of the Multnomah County Fair it has become necessary for the fair association to make an appeal to the public for help. The only financial support this year and for the future as far as can be seen is the annual tax fund of \$3,500 which must be used for premiums. That sum is not large enough by one-half. Ordinarily it is not large enough to pay the livestock premiums.

A persistent effort is being made, it appears, to get the fair away from Gresham. That idea may have had some influence with the budget committee in refusing to give the fair the financial support it is entitled to. All the other counties in this state and in Washington are receiving better support than this one—and this is one of the richest counties in the whole northwest.

It is up to the people now to keep the fair at Gresham and to keep it alive and flourishing.

That indebtedness of \$19,000 must be liquidated in some way. The sale of the new stock issue of \$15,000 will not quite do it but it will come close enough to give the present stockholders great encouragement and put the institution on a firm foundation. The money to be raised will go to pay off some of the debts and a successful fair this year will insure a larger and better fair next year. The whole matter is in the hands of the people. If they want to keep the fair here they must come to its rescue.

Soliciting for subscriptions to the capital stock will be continued with the expectation that the new issue of 3000 shares will all be sold. The salvation of the fair depends upon raising the money needed to put the association out of debt and the money will be used for that purpose. There are many promises of support and quite a number have already subscribed. A larger number of stockholders will create more interest and put new energy in the fair. Other directors will be chosen in some instances and new ideas will certainly be a great help, as the conditions change and the county develops.

The canvass for stock subscriptions in the territory east of Rockwood will continue in charge of E. L. Thorpe, one of the present board of directors. His headquarters will be at the Outlook office where word or phone calls will be taken for his attention, and it is confidently expected that the responses to all appeals for subscriptions will meet with a hearty response. There seems to be no other way to save the county fair and everyone is invited to help.

MORE GENEROUS RESPONSE SHOULD BE MADE TO APPEAL

"Gresham's reputation is second to none in the state for response to patriotic appeals," says J. J. Hunsaker, state director Near-East Relief committee, in a letter to Judge G. W. Stapleton, Multnomah county chairman. "I am confident that under your leadership, and Mayor Miller's that both clothing and funds in generous amounts will be turned over to us as we attempt to relieve the greatest suffering the world has ever known."

In explanation of conditions making relief work very urgent Mr. Hunsaker says:

"The spring crop in the Province of Chili, covering about one-fifth of the famine area, is almost a total failure. No possible help can come to the 2,000,000 people there before August. Rains have fallen over approximately 80 per cent of the area, but there is grave danger that the people in their desperation will tear up the growing crops for food. Funds hitherto contributed from Americans have saved at least 7,000,000 lives. Only the most strenuous efforts will avail to save the 5,000,000 during the next six weeks.

"The need in the Near East is just as intense, although not on such a tremendous scale. Due to the constant fighting between Turks and Greeks and the efforts of the Armenians to expel the Bolsheviks from their territory, the land is constantly harried by war. Eighteen thousand children in our Orphanage at Alexandropol, probably the largest Orphanage in the world, were saved from starvation recently by the arrival of a cargo of food stuffs on the very day their last half rations were exhausted. This is only one incident of many I might relate reported to me by our workers in the Near East.

"In both countries are groups of Americans working far beyond their strength in an effort to stretch to its farthest limit the relief which we are sending. You will agree with me that it is a hard task for Americans to pick out certain people to live and to condemn other equally needy and deserving ones to death. This is exactly what they are doing in the Near East and in China today."

UNION DISTRICT WILL PROCEED WITH BUILDING

A new school house will be built this summer in Union District, No. 26, Clackamas county, on a new site voted upon by the residents of the district last July. The building will be 40 by 70 feet and will be furnished with modern equipment, according to the school clerk, A. L. Heacock.

Work on the building has been temporarily delayed by the filing of a petition in the circuit court asking for an injunction against the building. The court has passed favorably on the proceedings of the district and has refused to grant the injunction.

CLEAN UP AUTO CAMP GROUNDS TUESDAY NIGHT

"The Campbells are coming, heigh-ho! heigh-ho!" and so are the auto tourists and campers. Signs are being placed on the county roads leading through Gresham inviting use of the beautiful grove and auto camp ground here.

The grounds were put in very good shape last summer—a little late but were used by quite a number for a short season. The grounds are all that could be desired in many respects but need cleaning up. The time set for doing this is Tuesday night, May 31, at 6 o'clock.

Gresham business men and citizens generally, men and women, are invited to participate in this important event. Bring tools, a lunch, a few good jokes, a smile or two and a willingness to work for about two hours. The ladies are asked to assist with a hand-out lunch.

LET'S GO!

COOKING AND SEWING CLUB COMPLETE WORK

Last week and this have been busy weeks for the leaders of cooking and sewing clubs, who staged exhibits, demonstrations, entertainments, etc., at various schools in the county.

Gresham clubs gave their exhibits first. They had four clubs, three in sewing and one in cooking. An account of this demonstration was given last week. One of the remarkable features was the achievement of the first year sewing club of 15 girls between the ages of nine and ten who finished 100 per cent under the leadership of Miss Grace Ogilbee.

Wednesday the county leader went to three demonstrations, demonstrating the ability of one person to be three places in almost the same time. The first was a 100 per cent sewing exhibit and demonstration at Fairdale, the second 100 per cent cooking club demonstration at Hillsdale where the club served "golden rod" eggs on toast. Later the cooking club of Russellville, which has also finished 100 per cent, served an entire meal to the officers of the Parent-Teacher association, the mothers of the members and the county leader.

The occasion was made doubly enjoyable by the fact that it was the leader, Mrs. J. Welbes' birthday and the club had prepared a beautiful birthday cake and also presented her with two pyrex baking dishes as an expression of their appreciation of her work.

Thursday the Wilkes sewing club gave a demonstration and exhibit of their work.

Friday a mass meeting was held at Corbett when four cooking and sewing clubs gave demonstrations. The cooking club gave a demonstration on the proper setting of a table and the serving of a formal dinner. There were three 100 per cent clubs present. Springdale cooking club had an interesting exhibit of eight or ten different kinds of bread which had been made with yeast. Nut-bread, Parker House rolls, doughnuts, etc., were displayed by the members among whom are several boys.

Buckley school held a local exhibit on Friday. This is also a 100 per cent club. Other clubs that have completed the work are the Maplewood, Bridal Veil and West Portland clubs.

Fairview sewing club is holding a local exhibit today.

WOODWORKING PLANT HERE, MAYBE

The Gresham business men held a special meeting last night and listened to the proposal of F. J. Zwibel, of Portland, who is seeking a location here for his woodworking factory for the manufacture of spindles, shuttles, baskets, boxes, and various wood novelties.

The proposition as to a site did not come in just the way the business men had been led to expect but those present who expressed their opinion agreed that it appeared to be a safe plan and that this was an ideal location.

One of its main advantages is that it is near the source of supply for the wood used, which is Oregon maple, alder and dogwood, much of which comes from the country east of here.

The site desired is close to the Beaver State Motor works. A building, 40x100, is proposed of fireproof construction.

The plant could be in operation in about 90 days.

Mr. Zwibel already has a pattern shop in Portland worth about \$10,000. Letters were read from mills on the coast showing that orders were practically waiting for the product proposed. Mr. Zwibel is quite familiar with the line of business. He was accompanied at last night's meeting by Mr. Butler and son, who are interested in locating the factory here.

It was considered the proposal should be carefully investigated and a committee, consisting of K. A. Miller, L. L. Kidder and A. Meyers, was appointed to look into the matter carefully and report.

POTATO CLUBS HOLD JUDGING CONTEST

At the mass meeting of East of the Sandy clubs which was held at Corbett High School last Friday, the members of the potato club took part in a potato judging contest. Sixteen out of the twenty members participated. Splendid work was done by the boys who were divided into two groups, first and second year boys, were formed and the result of experience was evident when it was found that the first year boys averaged 35 mistakes while the second year boys only averaged twelve.

This is the first potato club in the state to take up judging as extensively as the east of Sandy club is doing. Mr. Lasley visited Orient last week and gave instructions to the boys there. These boys are keen wide awake lads and are striving to win the state honors.
