POWELL VALLEY

Owing to the fact that the state law that recently went into effect automatically discharges the present school board of Union High School and that an entirely new board must be elected, a special mass meeting of the patrons of the school district has been called under the auspices of the Parent-Teacher association for Monday evening, June 6, at the schoolhouse, when the choice of candidates to run for the position of director of Union High school will be selected. It is most important that the district be well represented at this meeting in order that suitable candidates may be selected and given proper backing. The district may find itself without representation if it does not take action at once. Only five directors will be elected from the seven districts now in the Union and these five will be voted upon by all the districts. Only one director may come from any one district.

Be sure to be on hand and bring your neighbor.
