YOU KNOW HOW YOUR STOVE BECOMES A HABIT

There is always so much to do around the house; no man knows how much. And the kitchen stove, it is such a part of your everyday life that it becomes a habit. You use it a long time and don't really notice how much extra work, how many extra steps, how many petty annoyances it makes you. The Monarch Malleable Range will save you time and money and work and worry. And we know you will be interested to know why. Come in and see us. We'll be mighty glad to tell you. And we know you will be mighty glad to hear.

J. E Metzger Gresham, Ore.
