Gorgeous Mt. Rainier

Mount Rainier is 14,408 feet above the sea-level—the second highest mountain peak in the United States. It is the center of Rainier National Park, Washington—and is situated about seventy-five miles by road east of Tacoma.

This remarkable mountain is of volcanic-origin and is now crowned with snow and ice, having the most extensive glaciers to be found in the United States.

The National Parks Highway leads directly from Tacoma to Rainier National Park, and at Longmire Springs—within the Park boundaries—is a Standard Oil service station ready to serve motorists with Red Crown Gasoline.

Wherever you tour in Washington you will see the Red Crown sign on service stations and garages. It is the sign of quality in gasoline.

POWELL VALLEY

The Luther League will hold their regular business meeting Sunday evening at the usual hour. This is the meeting at which time the regular election of officers will be held. Plans for a strawberry social will be discussed and a good attendance is desired. The usual program will be given.

The choir of the Emanuel church gave a delightful program at the Lutheran church Sunday afternoon before a large audience. There were between 25 and 30 in the choir and they gave many beautiful selections. Vocal, violin and instrumental solos were given as well as a delightful reading. Coffee and cake were served at the close of the program.

At a meeting of the voters of the school district which was held Monday evening, H. P. Christensen was nominated to act as Powell Valley's candidate for director of Union High school district No. 2. A petition was prepared and signed by ten voters which will be sent to the clerk of the High School district.
