ELECTRICAL HOUSEKEEPING

Eight hours is insufficient time for human hands to perform all the household tasks. However, it is possible to establish the eight hour day in the home by making use of the electrical hands that are offered to you in the form of the electric dishwasher, washing machine, ironing machine, vacuum sweeper and the many other labor-saving devices.

These untiring "household assistants" will do your work quickly and efficiently. Your home can be run systematically with these electrical hands for they never disappoint you or grow tired. Your time and energy can be devoted to the better things in life, when you keep house electrically. Glad to show you any time.

You rob children of education if you are careless with fire. School funds come largely from timber.

There is more honor in preventing a forest fire than in putting it out.

BIG REDUCTION

On Ford Parts and Shop Labor

Commencing July 1 all Shop Labor will drop

25%

This reduction has been made possible by the installation of **Special Ford Machinery**, and specially designed tools, so that repairs, adjustments or complete overhauls for Ford cars can be handled promptly and efficiently. Labor charge for a complete motor and transmission overhaul will be **\$25**, instead of \$31.25.

Our mechanics who will do the work on your Ford cars, or trucks, understand the Ford mechanism and know the right way to tune it up. And for the work you will pay only the reasonable Ford prices.

We are a part of the big Ford family and not only repair Fords but sell them as well. We have more than a passing interest in the service we give you. Drive to our garage when your Ford needs repairing. For safety's sake have the Authorized Ford dealer do it.

We are striving to give the Ford owner the best of service at the lowest cost. Don't forget to drive into our Free Service Station for minor adjustments or information regarding your car.
