THE FISTIC IDEAL

A Baptist minister of New York is said to have attended the big Dempsey-Carpenter fight in order to study the situation from a psychological and moral viewpoint. This is commendable and if we had had the opportunity we might have done the same.

A SAFE INVESTMENT

Any one having money to invest should investigate the bonds offered by the Portland Gas & Coke Co., a Portland concern which is doing business in this part of the county and serving the people of this community.

The Outlook has been running the advertisements of the company for some time and considers it one of the safe and sound investments for capital that is offered the public at the present time.

It is a safe sound investment in a business which is of necessity permanent and should receive local support.
