The Ford Sedan quite naturally is in larger demand every year, and now with the pre-war prices, without any sacrifice of the high quality of materials, and excellent reliability of workmanship, comforts and conveniences, the Sedan is the car of cars, and while a luxury in itself, at the same time is a necessity, costing less than the ordinary touring car (except the Ford) its value cannot be equalled.

Any of us will be pleased to take your order for the Ford Sedan, assuring you of prompt delivery as possible, and the further guarantee of comfort and economy through the efficient after-service which is always at your command. We are all equipped with the latest up-to-date machinery; with skilled Ford mechanics; with genuine Ford made parts, so that we can keep your car as good as gold, so far as service is concerned, every hour in the year.

"BEHOLD THE MAN" COMES HERE THIS WEEK

Walter Adrian, manager of the Gresham Theater, announces that he has secured the famous picture, "Behold the Man" which is a film narrative adapted from the life of our Savior and it will be presented here Saturday and Sunday, July 23 and 24.

This picture ran a week in Portland this spring at the auditorium before crowds of people and was the most widely advertised play of the season. A return engagement of a week was received with great favor and no sign of slack up in attendance. Manager Adrian is to be both commended and congratulated for securing a picture of this type for a run here.

The picture will be shown three times on each day, once in the afternoons and twice in the evenings.

770 People Are Receiving Interest from this Bank

believing it to be well managed and the funds of its Savings Department invested in stable securities such as Municipal Bonds and Government Securities.

We paid our Savings Depositors for the year 1920 \$11,890.59 interest. Did you get your portion? If not, why not? How much development work was done in this community with the funds on which we paid interest? How much benefit did the community derive from the money and checks which you held about the house, carried in your pocket, or stowed away in a Safe Deposit Box? Did not you receive an indirect benefit from the funds on deposit outside of the interest you received? Was not the \$11,890.59 interest paid by this bank of as much benefit to the community as a pay roll of like amount? These are serious thoughts for the candid, thinking mind. Think it over.

We pay 4% interest on Savings Accounts.

Our bank was examined by the State Banking Board July 6th, 1921.
