THE KIND OF FUNDS TO TAKE ON YOUR TRIP

SOME tourists take their funds in forms of credit that make trouble for them by delays that occur in obtaining cash, by the time it takes to have the credits paid and by the fact that they can be paid only during banking hours and only at banks.

You can avoid such troubles by taking the safest, handiest form of travel funds—"A. B. A." Cheques; that is, the Cheques which are recommended by the American Bankers Association, composed of 20,000 of the leading banks of the United States and Canada.

We are a member of this great association of bankers and have been authorized to sell
