

R. R. CARLSON TO BE BURIED AT MT. SCOTT

The funeral services for R. R. Carlson, who died on last Wednesday, October 12, while on his way with his wife to California, will be held at the chapel of the Mt. Scott Park cemetery on Wednesday afternoon, October 19, at 2 o'clock. W. H. Hamilton of Portland, former business partner of Mr. Carlson in the undertaking business, will have charge of the funeral arrangements. The Rev. E. A. Leonard will preach the funeral sermon. The Fairview Lodge A. F. & A. M. of Troutdale and the Gresham Lodge I. O. O. F. will have charge of the burial.

Mr. Carlson's body was brought from California and is now at the local undertaking establishment where friends may view the remains between the hours of 10 and 1 on Wednesday. The casket will not be opened at the cemetery.

The final sickness which terminated in Mr. Carlson's death came on him while driving near Cottonwood on October 11. Mrs. Carlson gave what aid she could by the roadside for a few hours, when he was somewhat relieved and drove to Cottonwood where they went to a hotel and called a doctor. Late that night they went by train to a hospital at Chico where he died the following morning.

On receiving the news of Mr. Carlson's death his son-in-law and daughter, Mr. and Mrs. J. E. Metzger, went to Chico to assist in making the funeral arrangements. Mrs. Carlson came home by train and Mr. and Mrs. Metzger drove home in Mr. Carlson's car, arriving last night.

R. R. Carlson was born in Saukville, Wisconsin, March 7, 1856. On December 29, 1886, he married Miss Jennie Jackson, who survives him. Their one daughter, Mrs. J. E. Metzger and her two children Gwendolyn and Bobby are the only near relatives who survive.

Mr. and Mrs. Carlson made their home in Wisconsin for a number of years where Mr. Carlson developed and owned a large number of creameries to which he gave the energy of his early manhood. In 1899 the family came to Oregon and lived in Portland for a few years. Mr. Carlson was a deputy state dairy and food commissioner during that time. They came to Gresham in 1904 and went into the hardware business with W. H. Hamilton on Powell street. At that time he built his residence which has been the family home ever since. Later he bought property on Main street and built the store in which he established the furniture and undertaking business which has been for some time in charge of J. E. Metzger.

For several years Mr. Carlson has been in poor health and he and Mrs. Carlson have made extensive automobile trips each summer throughout the Pacific Coast states. Seven successive winters they have spent in or near Los Angeles, where they had built themselves a home.

Mr. Carlson was a Mason, Odd Fellow, Modern Woodman and Orangeman, in which orders he was active and loyal. He was a man of sterling moral qualities and was a most loyal friend. A characteristic which was very marked in him was his practical sympathy for those in need, to whom he gave unstinted aid.

BUSINESS HOUSES CLOSE TOMORROW AFTERNOON

The business houses of Gresham will close tomorrow afternoon (Wednesday) from 1:30 to 3:30 o'clock, on account of the funeral at Mt. Scott of the late R. R. Carlson.

DELTA DELTA DELTA GETS GRESHAMITES

The Outlook is informed that Weston Quesinberry and Virginia Currin of Gresham have pledged Delta Delta Delta, at the O. A. C.

A two weeks' rushing season came to a close last week with the announcement of 91 pledges. Each women's house was allowed two formal dates. At the end of the period under the preference system one choice was allowed each rusher.

Sororities at O. A. C. maintain a high standard of scholarship, the average for last quarter being 86.8 as compared with a student body average of 84.56.

John Oliver announces the opening of a violin studio in Gresham located at the home of D. M. Roberts, Second and Roberts avenue. Teaching every Wednesday p. m., beginning October 26. Mr. Oliver is an experienced violinist and teacher and promises dependable instructions.

Council Endorses Home Economics

The county council of Parent-Teacher associations at their meeting Saturday endorsed the action of the community council of Lusted, Orient, Cottrell and Victory school districts in asking for a home economics course in connection with Farmer's Week at Gresham January 17 to 21.

The women of the county are all interested in the movement to secure a course of home economics here and the success of the movement is almost certain.

Miss Mary P. Billmeyer, county health nurse, was present and spoke on the need of a scales for the work in the schools.

There was much discussion about the ways and means of securing such a scales and the president, Mrs. Lou Harlow, was instructed to write to the president of each of the Parent-Teacher circles in the county council and ask them if possible to raise the quota of about \$2.50 which will be needed from each circle to purchase the scales. The scales would be used in the nurses work in the various schools and would add very materially to the success of her work.

The council is planning to raise some funds to carry on its work and several plans were discussed but for the present it was decided that a charge of 10 cents be made for each person who was served dinner at the council meetings. This was felt to be a fair method and one which would meet the approval of all the members of the council.

All Parent-Teacher circles are urged to have one or more present at each council meeting in order that they may be fully represented.

The next session will be held the third Saturday in November, at Troutdale.

It has been decided to take up the study plan for the winter and at the November meeting some representatives from Lynch, Lusted and Gilbert circle will give papers on current events.

LEGIONNAIRES OBTAIN ONE CENT MILEAGE RATE

Railroads announce the one cent a mile rate with Pullman privileges to the American Legion Third Annual National convention to be held in Kansas City, Missouri, October 31-November 1 and 2. This will enable many Legionnaires to attend who heretofore were unable to go. The rate is applicable to legion members, their wives and children and to widows of men who died during the war.

The three days of convention will be full of entertainment of all sorts. The largest parade of ex-service men which has ever yet been attempted will be staged. World leaders and celebrities will participate. It is expected that the low rate of railroad fare will increase the attendance by thousands over the estimated number of 100,000 prophesied to be on hand.

Tickets will be on sale from October 24 to 27 and will bear a final return limit of November 10. The total fare from Portland to Kansas City and return will be only \$42. Including the berths the fares will range from \$60.14 to \$88.94 depending on the kind of berth desired.

LOCAL PEOPLE ACTIVE IN I. O. O. F. CONVENTION

A number of local people attended the Clackamas county, I. O. O. F. district convention at Estacada, Saturday, October 15. Since the Gresham Odd Fellow lodge is the only one of the order in this county outside of Portland it has joined the Clackamas county association.

The next convention will be held in Gresham some time in April. Roy H. Gibbs was elected chairman of the entertainment committee for the next convention. Melvin I. Sunday was appointed conductor of the district convention for the coming year.

C. A. Hill was one of the judges of the degree work in the afternoon when the work of the first degree was put on by competing teams. At the meeting Saturday the Rebekahs formed a district convention and Mrs. Wm. Beers of Gresham was elected chaplain.

Those who attended from here were Mr. and Mrs. Clarence A. Hill, Mr. and Mrs. Melvin I. Sunday, Mr. and Mrs. Roy H. Gibbs, Mr. and Mrs. Wm. Beers, Mr. and Mrs. Fred M. Mewhirter, Mrs. Hilda Metzger and Cathryn, Miss Gertrude Eastman and Dewey Gibbs.

Drop onto a few of the bargains offered in the want columns.

CLUB CHILDREN TO ENTER STOCK

The Lynch team has started judging work in preparation for the contest at the Pacific International Live Stock Exposition which will be held November 5 to 12 in Portland. Last Saturday the team, Leslie Lynch, Grant McMillan and Alta Dahlhammer, went with the Clackamas county team to Oswego where they visited Ladd's Iron Mine Farm and had the privilege of judging six classes of pure bred Jersey cattle. There are 75 head of registered cattle on this farm and it affords a wonderful opportunity for judging practice.

Friday, Saturday and Sunday of this week Miss Ethel Calkins, the county club leader, and the team will take a trip to Salem and Corvallis and through Linn county judging stock of various types and breeds. They expect to spend one day at the Oregon Agricultural College judging the stock at the college farm.

Clackamas county has a good team this year which has been working three years. The Multnomah team out-scored them Saturday but they are not over confident on that account. Leslie Lynch was the high scoring individual on Saturday's expedition.

The club children of Multnomah county have entered 43 head of stock at the Pacific International exposition. This includes seven calves and eight sheep and 28 head of hogs.

All judging at the Pacific International stock show is judged by breeds which gives the boys and girls a great deal better chance to carry home the honors and prizes. The sum of \$1,350 is offered by the exposition in prizes for the boys' and girls' live stock clubs.

The prizes are decidedly worth while ranging from \$10 to \$20 for first place and prizes offered for all places to five in some classes and seven in others.

Beside this the exposition offers \$750 for expenses for the judging teams which enter the contest. O. M. Plummer, general manager, has offered \$25 to the boy or girl having the highest score for judging all the various rings of live stock. This was won in 1920 by Harold Pugh of Linn county.

Another special prize offered is for the best pen of four hogs in prime market condition. Prizes of \$40, \$33 and \$25 is offered on these. Leslie Lynch and Alta Dahlhammer are both making entries in this class and both have fine entries. The only other entry in this division is from Clackamas county.

Twenty pens of poultry have been entered in the Northwest Poultry show. Three judging teams have been listed as follows: Cedar, Lynch and Gilbert.

Two Multnomah county canning teams, Orient and Gilbert, have promised to give demonstrations.

Those pupils in high school and grade school are offered a \$25 prize for the best essay of not more than 750 words on the stock show. These prizes, one for high school, one for the seventh and eighth grades, and one for third, fourth and fifth grades.

Sunflower Entertainers.

First of Winter Lyceum series of five entertainments Friday, October 21, 7:30 p. m. Get your tickets of the high school students. Adult season tickets \$2, student tickets \$1.

SUNFLOWER GIRLS WILL ENTERTAIN

The Sunflower Entertainers will appear on the first evening of the Lyceum course which will be given by the union high school student body in the school auditorium Friday evening, October 21.

The program will begin promptly at 7:30 and people should be in their places before the program begins in order to not disturb the entertainers and those who are early.

The Sunflower Entertainers are two charming young women who present a varied program sparkling with novelty and originality. There are no dull or tedious moments from the minute the program begins to the final closing numbers. Each number has an individuality of its own that delights the fastidious.

Splendid singing, violin solos, dramatic and humorous readings, planologues and costume selections characterize the program. A comedy sketch is still another feature of the entertainment.

All together the program for Friday evening marks the beginning of a series of exceptionally high class entertainment and a very low cost. The plan of the guarantors and the student body of union high is to make the price as low as possible. The season tickets for the five entertainments are selling at the price regularly charged for two of equal value.

The guarantors this year in making the contracts secured a flat rate of \$500 for the series with no restriction in the sale of tickets. In other seasons the prices were fixed by the chautauqua people but this year the guarantors were allowed to fix the prices which are as low as possible.

The students of union high have been selling season tickets about a week now and have met with fine success wherever the districts were thoroughly canvassed.

The entertainments will be given one each month for five months and the season tickets will entitle one to all five programs. All who have not secured season tickets should see the students at union high for tickets before Friday. There are a few reserved seats on sale and may be reserved for the entire series of five programs.

MRS. ELVA M. HAMILTON BRIDE OF B. L. NORTHRUP

A wedding of interest to Gresham people is that of Mrs. Elva M. Hamilton and Burt L. Northrup who were married in Portland Monday afternoon, October 17 at 2 o'clock.

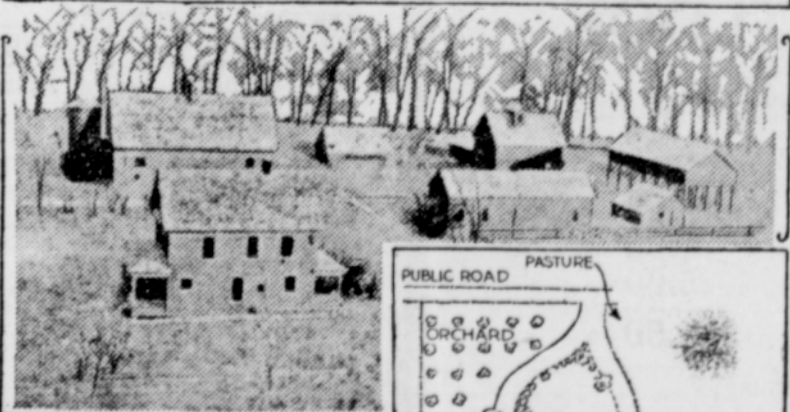

The wedding, at which Dr. A. Thompson officiated, was held at the home of Mr. and Mrs. S. G. Ripley's, a friend. The attendants were Miss Hazel Cox, half sister of the bride, and Oliver Northrup, brother of the groom. Only a very few friends were present at the ceremony.

Mrs. Northrup and her children came to Gresham about a year and a half ago and has made her home here since that time while working in Portland. She is the daughter of Greg. Cox.

Mr. Northrup for several years has been in charge of the O. W. P. depot and is well known in Gresham. Mr. and Mrs. Northrup will make their home in the O. W. P. cottage near the depot.

Science Plans Model Homestead

Nebraska's College of Agriculture has constructed a model farmstead for that state. In the picture model, which is herewith printed by special arrangements with Popular Science Monthly, the various buildings have been laid out, so that the farmer walks around the circle doing his chores. Many farmers, it is said, think of wasted motion only in relation to their machinery, never in relation to their own movements.

In this plan, the barns and yards are located so that the prevailing wind will carry offensive odors away from the house. All the buildings also are placed so as to act as windbreaks to garden and yards. Nearly all fences serve two purposes. The barn has a central alley to allow the winds to blow through it from south to north. Generally, the plan lightens drudgery and aims to make for pleasant appearances and good views.

Strong Program Is Being Prepared

The Pleasant Home district Sunday school association which meets at the Baptist church in that place next Sunday, October 23, has lined up one of the strongest programs that has been given yet. A very happy coincident is that the date falls on the regular appointment of Rev. A. J. Ware, pastor of the Baptist church and this insures his being present. Rev. Mr. Ware is a well known Sunday school worker, for the past two years having been active in special Sunday school work in Clackamas county. Beside his knowledge of Sunday school work and his deep interest in it, Rev. Mr. Ware is a very forceful and pleasing speaker and is well liked by all who know him.

He will be requested to speak at the morning session which will commence just a little later than the usual 11 o'clock service in order that those Sunday schools which conduct their own sessions may have an opportunity of getting from one church to the other. Rev. Mr. Ware is a splendid addition to the day's program and Sunday school workers are assured a most enjoyable and profitable day.

Rev. H. R. Gebhardt of Gresham will discuss the need of trained teachers and the way to secure them. As he has had definite experience in this line his suggestions will be helpful and adapted to the conditions and difficulties found in the locality. Rev. Mr. Gebhardt has during the past summer while in the East taken special work under some of the well known Sunday school authorities and with his practical experience will add a very valuable message to the day's program.

Dr. J. T. Abnett for many years a special Sunday school worker in the Oregon conference of the Methodist church and the first to fill that position in this state will speak on the subject, "Boys and Girls, the Hope of the World." Dr. Abnett is keenly interested in the adolescent age and his messages are always an inspiration to do something to care for this period of life where so many drop out of the Sunday schools at a time while life habits are being formed when decisions for life are being made. Dr. Abnett is certain to give those present a new valuation of the importance of this period of life and the relation of the parents and of the Sunday school to its activities.

Miss Georgia Parker, beloved by all children and Sunday school workers with whom she comes in contact, has promised to come out and will take charge of the children giving them some work in the dramatization of Bible stories and telling stories, etc. Miss Parker is an expert with children and her demonstrations will be of great help and benefit to the junior and primary workers of the various Sunday schools.

Several musical numbers of especial interest are being arranged for and altogether this session promises to be one of the best that has been held. The Luther League choir of Powell Valley has promised to sing and the Mission church orchestra and the Sandy quartet has been invited but as yet have not formally accepted, although they are considering the matter.

The annual election of officers will be held at this time and the regular business of the year attended to.

PATRONS OF SCHOOLS WILL MEET TEACHERS

Parents of the pupils of grade and high schools and all patrons of the schools will unite in a reception to be given to the teachers at the library on Wednesday evening of this week. The plans are in the hands of the Parent-Teacher association, the W. C. T. U. and the Ladies' Aid society.

The following program has been announced:

Piano solo—Miss Frieda Bratzel.
Vocal solo—H. W. Strong.
Address—Mayor K. A. Miller.
Vocal solo—Guy D. Jones.
Address—W. C. Lawrence.
Euphonium solo—Dr. H. H. Ott.
Vocal solo—Miss Martha Hagberg.

SEVEN CANDIDATES FILE ACCEPTANCES

Seven citizens have qualified as candidates for the coming election of councilmen at the city election November 8. These seven are A. F. Hammar, E. H. Kelly, T. R. Howitt, Wm. Thom, J. V. Cogswell, C. I. Raker and Chas. Cleveland.

There is still a short time during which names for candidates may be filed by petition. The city laws provide that such names must be filed at least 10 days before the election. It also provides that the person nominated by petition must accept at least seven days before the election or by November 1st.

At the adjourned meeting of the city council which was held Monday evening a petition was presented signed by 124 taxpayers objecting to the hiring of a night watchman by the council. Action was postponed and the petition tabled temporarily.

The hiring of a night watchman has been the subject of interest for some time and controversy has been waxing warm during the past few weeks.

A. W. Metzger appeared before the council requesting permission to pave the portion of Powell street in front of the store. This paving will be not to exceed 14 feet in width. The permission was granted with the provision that the city engineer fix the grade and that Mr. Metzger see the county commissioners and get their consent in order that no trouble or misunderstanding come up later.

Arza Smith and Fred Southard asked permission to lay a water pipe from the main line to their homes on Main street north of union high school. This permission was granted.

The insurance policies on the city hall having expired the council ordered them renewed. There are two policies of \$900 each.

Complaint was also made that the fill on the southeast corner of Main and Powell street was in bad condition and the county commissioners will again be requested to look after this matter.

AIRPLANES TO TAKE PICTURES OF FAIR SITE

John Brown left for Portland this morning to make arrangements for securing an airplane to take pictures of the proposed 1925 fair site between here and Portland.

Walter Brown has been busy for the past few weeks making maps of the proposed fair site. These maps and pictures are to accompany the questionnaire which must be filled out and in the hands of the fair site committee by November 1st.

Gresham people will be apt to see the airplane circling back and forth sometime during the next few days. The pictures have been authorized by the business men's association.

LEGION MEN MAY ATTEND CONVENTION BY AIR

Airplanes will be used to transport delegates to the national convention of the American Legion October 31 to November 2 at Kansas City if the threatened nation-wide railroad strike materializes. This was indicated in an announcement made by the aviation committee of the Legion.

There are now 1400 passenger airplanes in operation throughout the United States, at least 1000 of which can be used for transporting guests, officials and delegates to the convention if the railroad service fails.

Hallowe'en Social.

The plans for the Hallowe'en social, which will be given by the W. H. M. S. on Friday evening, October 28, in Metzger's hall, will include a fish pond. The ladies specially invite those fishermen who have had bad luck to try their skill here. Games and Hallowe'en stunts will make fun for the young folks.—Adv.
