

ZWIEBEL FACTORY GETTING MACHINES

The first unit of the Zwiebel wood-working plant is nearing completion and the lathes and other machines in the wood working department are being installed. It will probably be 30 days, Mr. Zwiebel says before the plant is ready for operation since the line up of machines must be made before the wiring is done and a transformer must be placed by the P. R. L. & P. company to furnish power for the new business.

Mr. Zwiebel is anxious to get the plant to operating as he is crowded with orders of various kinds at the present time.

The pattern department will be the first to get into operation and probably the next will be the basket weaving department in the balcony. Possibly the next department to get under way will be the broom handle department. Mr. Zwiebel says that he will start each department as soon as he can and will increase the business as fast as it is practical. He is not, as is often the case, trying to start everything at one time regardless of cost, but plans a steady growth that will be permanent and substantial.

Because of the fact that only one department at a time is being put into shape to run it is expected that it will be close to the first of January before the entire plant is in running order.

Mr. Zwiebel plans to use local people in the work and says that the securing of help was one of the factors that brought him into this locality.

SMALL FRUITS PROJECT COMMITTEE TO MEET

C. L. Long, horticultural specialist from Oregon Agricultural College, will meet with the small fruits project committee of the Multnomah County Farm Bureau Friday afternoon, October 28 at the Farm Bureau office in Gresham. The committee with Mr. Long will make plans for the work of the coming year. The committee is as follows: G. W. Alder, Beaver Bend; E. M. Calkins, Gilbert; D. E. Towle, Gresham; Lee Sheller, Lynch; B. M. Howell, Powell Valley, and C. Jorgerson, Russellville.

A meeting of the executive of the Multnomah Farm Bureau has been called for Thursday evening at the Farm Bureau office for the purpose of selecting two delegates to represent Multnomah County Farm Bureau at the session of the State Farm Bureau which will be held in the near future.

OREGON SENATOR AIDS CRANBERRY GROWING

Through the efforts of Senator R. N. Stanfield, the navy has made a ruling to the effect that canned cranberries may be placed on the ration list of the navy. Previous to this time, cranberries had been listed only in fresh form, and in consequence no canned cranberries could be offered for sale for use of the navy. The action of Senator Stanfield provides a new outlet for this already famous Oregon product. This announcement comes as a welcome order to the personnel of the Pacific Fleet, for at holiday time many of the officers and men may be away in distant stations or in Asiatic waters far from that patriotic combination of turkey and cranberry sauce.

Late Pacific Coast cranberries are now appearing on the markets. The local berries are readily distinguishable from their Atlantic cousin, the eastern cranberry, by the lighter color of the local fruit. This lighter color is now recognized as a distinct asset, as it gives the cooked product a much brighter red hue, and also creates a stiffer jelly. No cranberry could produce a sauce or jelly of finer quality than those grown in our own state.

The entire crop is now harvested, and the growers are now devoting their attention to the quality of their pack. Fine weather during September and the first part of October has permitted the fruit to be picked dry, and the growers are well pleased with the fact that they had such favorable weather during their harvest, as the keeping quality of their product decidedly improved thereby. The crop is fully up to earlier expectations, and with an acute shortage of the eastern cranberry, the Oregon cranberry is already in great demand.

In the great cranberry district at the mouth of the Columbia river is the bulk of Pacific Coast cranberries grown. Oregon and Washington have joined forces in a marketing campaign and growers of these states have formed the Pacific Cranberry Exchange which markets their fruit.

John Oliver announces the opening of a violin studio in Gresham located at the home of D. M. Roberts, Second and Roberts avenue. Teaching every Wednesday p. m., beginning October 26. Mr. Oliver is an experienced violinist and teacher and promises dependable instructions.

Is Your Property for Sale?
List it with me. If you want to buy, see me. I am now a licensed realtor. B. W. THORNE, office in Bank of Gresham.

ROLL OF MONEY LOST IN GRESHAM

Money comes hard enough these days to make it a real hardship when one loses right out of pocket a roll of bills amounting to \$100.

This is what a man in Gresham did and now he is hoping to find the finder.

He is willing to give him 20 per cent on the amount for his trouble and honesty.

Frank Moore, the barber, is the owner of the bills, to whom they may be returned or left at the Outlook office.

GYMNASIUM CLASSES TO MEET AT UNION HIGH

Through a misunderstanding the union high school building was not open as announced Monday evening and the gymnasium class for men was not organized. It will be organized next Monday night without fail and those who were disappointed last evening will be rewarded for their patience if they will be on hand at 7:30 next Monday evening, October 31, at which time the class will be organized under the direction of Alvin C. Shagren, boy's athletic coach, at union high. This class will be open to all men in the union high school district or any others who desire to take up the work. Work will begin at 7:30 and last until 8:30 every Monday evening. The school gymnasium and equipment will be used. The opportunity is of unusual interest to men of the community, many of whom desire this sort of work but to whom no suitable equipment or building has been available in the past.

Tonight, Tuesday, the women of the community will be organized into a class. Miss Lucile H. Hurd, girl's physical teacher, will be in charge of the class and direct the work.

The use of the gymnasium and shower baths will be free to all men and women who care to take advantage of this opportunity. The women's class will meet on Tuesday evenings from 7:30 to 8:30.

This opportunity is in line with the policy of the school officials to make the school and equipment serve the community to the fullest extent.

FUNERAL WEDNESDAY OF MRS. MARIE V. TURNBULL

Mrs. Marie V. Trumbull died at her home at Meldrum station near Oregon City Sunday, October 23. Mrs. Trumbull was well known in this vicinity where she has lived for nearly twenty years in the Livory district and in Gresham. Mrs. Trumbull and her family are well known and many friends are today in sympathy with the bereaved family.

The funeral services will be conducted Wednesday afternoon at 2 o'clock from the Baptist church in Gresham. Mr. F. Gill of Portland in charge of the services. The body is now at the funeral parlors of the Finley's mortuary, Montgomery at Fifth. Interment will be in the Gresham cemetery.

Besides her husband, James Trumbull, there are left to mourn their loss three daughters, Mrs. Elizabeth Gibb, Mrs. Anna Schoepper, Mrs. Dolly Klinski and five sons, W. G. Morgan of Portland, Henry E. Morgan, Fred J. Morgan and Hector Morgan of Gresham and Robert Morgan of Portland.

"Lady Killers."
The United States Department of Agriculture is fostering an exhibit of "lady killers" in the state of Washington. Among the exhibits are shown the old-time wash tub, washboard, broom and dustpan, the sadiron, castiron kitchen stove, coal stove, soap stone heater, and many other pieces of household equipment of by-gone days.

In another department are shown the modern conveniences that, as the "silent servants of the house", are washing clothes and ironing them, cooking the meals, and sweeping and cleaning the rooms, all at the touch of an electric switch.

Orchardists who have not sprayed for anthracnose should do so at once. When spraying is done thoroughly so that every twig is covered little infection will result. Use Bordeaux mixture 4-4-50. To make this, dissolve four pounds copper sulfate in water and slake four pounds of quick lime. Dilute one solution in the spray tank and then add the other and fill up to 50 gallons. When a large quantity is needed make up a stock solution and dilute as needed. Full directions for mixing Bordeaux can be had free of charge by writing to the Department of Horticulture.

Fall seeded grain and vetch have given better results at the O. A. C. Experiment Station than spring seeded. The best crops were produced with seeding on a good seed bed about October 1 to 20. To get any considerable acreage seeded at this time they must follow cultivated crops such as corn or potatoes or into soil plowed early in the fall.

Give your roof a coat of Flexo roof paint before the rainy season. L. L. Kidder Hdwe. Co.

S. F. PITTS PRESIDENT OF SUNDAY SCHOOL ASSN.

The district Sunday school convention which met at the Baptist church at Pleasant Home Sunday brought out a full house both morning and afternoon. The church auditorium was filled to seating capacity at both sessions and everyone expressed themselves as pleased at the inspiring and helpful addresses.

The music was fine, splendid numbers, being furnished by the string band from the Mission church of Powell Valley in the morning and by the Luther League choir in the afternoon. Miss Margaret Miller, principal of the Sandy high school, also sang a very pleasing solo in the afternoon.

At the close of the addresses the election of officers was taken up and the report of the nominating committee accepted and a unanimous ballot cast by the secretary for S. F. Pitts, president; Mrs. Alta Gentry, vice president; Mrs. B. C. Altman, secretary-treasurer.

The convention also voted to again extend personal invitations to neighboring schools in Multnomah and Clackamas county to join and two committees of two, Mr. and Mrs. H. H. Watkins and Mr. and Mrs. G. Nasshahn were appointed to extend these personal invitations.

A program committee of six was appointed to arrange the program for the next meeting which comes the fourth Sunday in April. This committee consists of Miss Elva Dolan, Mrs. Alta Gentry, Mr. and Mrs. Hans Nelson, and Mr. and Mrs. Ray Wilkerson.

Miss Georgia Parker, state secretary of the Sunday school association, was present and gave a demonstration of work with the primary children which was enjoyed by the children and instructive to the large number of primary teachers who witnessed it.

JERSEY EXHIBIT IS PLANNED FOR 1922

The Multnomah County Jersey Cattle club met at the county agent's office Saturday evening, October 22, for the election of officers and the discussion of other plans for the year's work.

C. P. Tallman was elected president, O. J. Brown vice president, and Miss Nellie McKinley secretary-treasurer. B. C. Altman, H. H. Samuels and Elbert Killin were elected directors for the coming year.

At this meeting it was decided to exhibit stock at the 1922 fairs and the efforts of the club will be to prepare for a large and worth-while exhibit of Jerseys at the county and state fairs next year.

Plans for an active and profitable program of work were outlined and adopted for the next year.

Father of Mrs. J. T. Province Dies.
J. T. Holman of Hood River, father of Mrs. J. T. Province of Gresham, died at his home last week after an extended illness, aged 78 years. Mrs. Province went to Hood River about two weeks ago and remained at her father's bedside. Mr. Province went to attend the funeral. They have returned to their home here, accompanied by Mrs. Holman who will make her home indefinitely with her daughter. Mr. Holman was a pioneer of Hood River.

Sudden Death Takes Young Woman.

Word has been received of the death from pneumonia of Mrs. Margaret Cain, at the home of her mother at Taft, Oregon. The death occurred on Monday morning, October 24. Mrs. Cain was an employe at the Outlook office for a few months about a year ago. She leaves a little daughter about seven years old.

15 Per Cent Price Reduction.

Mason Cord Tires, 10,000 miles, 30x3 1/2 heavy Duty Cord, \$20.65. Other sizes in proportion. All tire work guaranteed. Bentley's Vulcanizing Shop, Main street, Gresham.

JOHN PALMQUIST MAKES RECORD SALMON CATCH

Mr. and Mrs. J. A. Palmquist of Tillamook are here for a short visit with their children and friends and to enjoy real life on the home farm. The Palmquist home at Tillamook is situated a few minutes' walk from the Wilson river, which offers fine sport to fishermen. Just before coming to Gresham Mr. Palmquist spent two and a half hours fishing and in that time landed 11 jack salmon each weighing about four pounds, besides eight good-sized trout. Several salmon got away and one carried a hook with him. Mr. Palmquist explained that jack salmon are year-old male salmon which come in with the school of larger fish but which do not, apparently, go to the spawning grounds. They lack the caution of older salmon but are great fighters.

STAPLETON FIELD WILL BE DEDICATED FRIDAY

Stapleton field will be dedicated Friday afternoon at Union High school No. 2, when the first football game of the season will be played on the local field. The contesting teams are Union High vs. Estacada.

The new athletic field which lies north of the school building was purchased last year and has been in the process of preparation since that time. It was recently named by the student body Stapleton in honor of Judge Geo. W. Stapleton who from the organization of the school until last year was an active member of the school board and took a very important part in the work and progress of the school.

The first game will be one of interest and the local team will be on their mettle to assist in the dedication by winning the game. They lost in the game at Tillamook recently but this was caused in part by the fact that both teams wore red sweaters of similar design and it was difficult to tell friend from enemy. Those who have seen the team in action say they are splendid material and Coach Shagren is lining them up in fine shape.

Town folk, farmer folk, all patrons of union high are urged to attend the opening game Friday afternoon.

GHOSTS AND GOBLINS TO HAUNT METZGER'S HALL

The Womens Home Mission society will give a Halloween social in Metzger's hall, Friday evening, October 28. The Queen Esther girls will sell home-made candy. There will also be on sale popcorn balls, pumpkin pie and coffee. A fish pond will furnish amusement for the children. The young ladies and especially the young men should come and interview the real fortune teller who formerly lived in Roumania.

The following program will begin at 8 p. m.:
Solo, Mrs. E. W. Aylsworth.
Ghost story.
Duet, Miss Mary Hansen and Miss Gertrude Alexander.
Reading, Miss Henrietta Honey.
Solo, Jackson Jones.
Everyone is invited to come and meet his ancestor's ghost.

The dates of January 17 to January 21 have been set for the holding of Multnomah County Farmer's Week at Gresham.

This will be the third annual Farmer's Week and it is hoped that it will be larger and better attended than ever before. Plans are being made at the present time to add to the regular program a program for women which would take up domestic science, domestic art and home making. A number of women have already signified their interest in such a program and if there is enough interest to justify it will be put on at the same time the agricultural program in progress.

CAFETERIA AT HIGH SCHOOL PROVES SUCCESS

The cafeteria at union high school was well patronized during the first week since its establishment and the balance shown on the first week's financial report was something over \$10. The students have patronized the cafeteria well from 100 to 125 have secured appetizing meals at a low cost each day.

The menu each day is different and while simple is nourishing and sufficient for a noon lunch. A sample menu and price list is as follows:
Cream of potato soup, 3c.
Succotash and baked potatoes, 5c.
Cream of sago pudding, 5c.
Bread and butter, 3c.
Milk, 3c.

Besides the students at the high school and the teachers a number of town people have patronized the school cafeteria and have enjoyed the lunches and the walk to and from the school.

As it is possible and practicable, classes in cooking prepare or assist in the preparation of dishes for the noon meal but the girls in charge of this work and responsible for it are Frieda Ramser, Lillie Nelson, Berdella Stockton, Ida Sester and Grace Hoffmeister. On these girls fall the responsibility of planning menus, estimating costs and cooking the meals. They receive their meals and also one credit for their work in this department. Committees from the student body wash dishes and help put the rooms in order.

LYCEUM PROGRAM ATTRACTS LARGE CROWD

About 275 persons gathered Friday evening for the first program of the lyceum course which is being put on by the Cadmean Lyceum Bureau under the auspices of the guarantors and the student body of union high school.

Considerable dissatisfaction was expressed by the guarantors over the quality of the entertainment as it was felt that the Sunflower entertainers were not up to the standards expected and usually attained by chautauquas.

Miss Harper of New Mexico and Miss Scott of California were on the program. Miss Harper's violin numbers and mimicry of domestic animals and fowls were the most popular numbers. The quality of the next programs is a matter which has been taken up with the company and it is believed that the rest of the entertainments will be of a much higher standard. The next number will be the Ricketts Glee club which is said to be exceptionally fine. The number will come on Tuesday evening, November 8, which is two weeks from tonight. All the entertainments will be given in the union high school auditorium.

Hallowe'en dance at Metzger's hall, Saturday, October 29. Good union music. Admission 50c. Security Benefit association.

CHAPTER OF R. A. M. IS ORGANIZED HERE

A special convocation of the Grand Lodge of Oregon was held last night in Masonic hall for the purpose of instituting a new chapter of Royal Arch Masons to be known as Gresham chapter, working under a dispensation.

The Grand Lodge officers present and assisting were Acting Grand High Priest J. H. Richmond, Acting Grand King, W. G. Shellenbarger; Acting Grand Scribe, E. P. Rands; Grand Captain of the Host, John K. Kolock; Grand Principal Sojourner, Geo. E. Swafford; Grand Royal Arch Captain, Frank S. Baillie; Grand Master of the First Veil, H. P. Toney; Grand Master of the Second Veil, Geo. H. Botsford; Grand Master of the Third Veil, W. P. McIntosh; Grand Sentinel, Frank Williams.

The officers of the new Gresham chapter are the following: W. H. Congdon, high priest; J. C. Shultz, king; George Page, scribe; George Curran, treasurer; Jas. Elkington, secretary.

Stated communication will be held the second and fourth Monday of each month in Masonic hall. All sojourning companions are invited to attend.

Following the institution of the chapter last night a banquet was held in the dining room with about fifty persons present. Short speeches were made by many of the grand officers and visitors.

Home Hygiene and Care of the Sick Classes.

A permanent weapon against disease is being forged in the American Red Cross course "Home Hygiene and Care of the Sick," to the teaching of which 1,786 trained Red Cross nurses have been assigned. During the past year 86,570 women and girls completed this course and received their certificates. This work reaches out into the highways and byways of American life. Such classes are held in the crowded high schools for girls in New York City, in the Kentucky School for the Blind in Louisville, and among the Plute Indian women on the Pyramid Rock Reservation in Nevada—wherever the need for this work is greatest.

The Boy Wanted.
A business man advertised for an office boy. The next morning there were some fifty boys in line. He was about to begin examining the applicants when his stenographer handed him a card on which was scribbled:
"Don't do anything until you see me. I'm the last kid in line, but I'm telling you I'm there with the goods."—Everybody's.

FREE! FREE!
