GRESHAM LOCALS

Kenneth Calkins, who came home from Laurelwood Academy for the Thanksgiving vacation, was given a party by friends in Portland on last Wednesday evening. Among those present were Paul Bunch, Marion Morrill and Leota Landrum.

Fred Conley, formerly of Gresham, was a visitor yesterday at the home of his parents, Mr. and Mrs. John Conley.

Mrs. Rachel Tisdale, sister of Mrs. John Conley, died at her home in the Mt. Scott district on last Saturday evening. The funeral services were held from the Kenworthy undertaking parlors at Lents and interment was in the Mt. Scott Park cemetery. Mrs. Tisdale had been ill but a short time and was nearly 80 years of age.

An assortment of dishes and dish towels left at the grange hall after the recent chicken pie dinner given by the Women's Home Missionary society, has been left at the Outlook office where the owners may get them.

Mr. and Mrs. Matt Schanno had as dinner guests on last Sunday night, Mr. and Mrs. Frank Russo and Miss Ethel Morgan of Portland, also Miss Florence Rosin and Guy D. Jones of Gresham.

The young people of the Zion Evangelical church will give an entertainment at Metzger's hall Friday evening, December 9, at 8 o'clock. "Bridget's Investment" and "A Perplexing Situation" will be the chief numbers on the program.

A large number of visitors from Washington Chapter, Royal Arch Masons, visited the Gresham Chapter last night to witness the first work of the local team. All predicted a bright future for the new lodge. Work was exemplified in the M. M. and P. M. degrees and at the conclusion of the meeting the members and their visitors, to the number of about 40, enjoyed light refreshments at Schanno's.

Mrs. A. Gianelli, who has been since October 16 at the home of her daughter, Mrs. Eugene Chiodo, has returned to her home in Portland.

Miss Nellie Calkins visited in Portland last Saturday with Miss Ella Engle.

The Near East Relief committee has nearly completed the local drive and it is hoped to be able to make final reports by the end of this week. K. A. Miller, chairman of the committee, asks any one who have been missed by the solicitors to call at the Bank of Gresham with their contributions. Clothing may be left at the city hall.

The Ladies' Aid of the Zion Evangelical church will meet at the home of Miss Ida Schrepel Thursday, December 1, at 2:30 o'clock. All members are urged to be present.

A little son was born to Mr. and Mrs. Weisenfu this week.

Geo. Haines of Latourell, 71 years of age, received a broken arm last week when he fell on the ice which covered the territory in that region.

Ole Bodin of Corbett fell from a barn loft during the storm and fractured the left thigh bone. Br. Bodin is 61 years of age.

Carl Salquist of Powell Valley is the latest victim of the Ford. He has a broken wrist, received when the Ford klicked.

F. N. Mewhrter and family have purchased a place near Newberg and will leave immediately for their new home. Miss Edna Mewhrter will remain for a short time with B. F. Watkins while she continues her school work at union high school.

Will Hessel went on a duck hunting trip down the river near Scappoose last Sunday and got the limit in ducks. He has a particular guiding star evidently, as he turned back a week ago when he started to eastern Oregon where a number of other local hunters who preceded him a few hours, got the limit in weather and no geese.

It is such a little thing to fit those cast-off garments out of the clothes box and send them to the Near East Relief, but to at least one, and perhaps several human beings in that far off land, it may mean the difference between life, hope, strength—and almost certain death.

During a three-inch snow fall in Kars on October 30, 1920, fifty thousand Armenian men were stripped of everything by the invading army, to be driven into the plain unclad.

FARM BUREAU MEMBERS TO SAVE ON SUPPLIES

The Farm Bureau Executive committee of this county has been co-operating with the officers of the State Farm Bureau, in the plan of negotiating with several manufacturers of the various commodities which farmers purchase such as farm machinery, automobile tires, accessories, etc. Already arrangements have been made by which farmers who belong to the Farm Bureau will be able to secure certain kinds of high grade auto tires and certain lines of farm machinery at a very much less cost. The prices will be about the same as to the large wholesale houses. Beside these lines of supplies many other smaller articles will be arranged for on the same plan which will effect a large saving to the members of the Farm Bureau.

COSBY TO DISCUSS PROPER FEEDING

The next series of poultry demonstrations will be held December 14 and 15 by Prof. H. E. Cosby of the extension department of Oregon Agricultural College. Prof. Cosby will talk on the subject "Feeding for Winter Production." This is a timely subject and such an important one that a large attendance is expected. The schedule of demonstration farms and the hours of the demonstrations have not been decided upon as yet but will be announced in later issues.

CHORUS LEADER ADDS INTEREST TO MEETINGS

Thomas Isaacs, the chorus leader and soloist who is assisting at the meetings which are being held at the Methodist church this week, is making a very favorable impression. The music promises to be a very fine feature of the meetings. Mrs. Rensison adds much by her able handling of the piano music.

Sunday two splendid meetings were held and the church was well filled and the interest fine. Monday evening also was a splendid service. These meetings will continue all week except on Saturday evening.

BANK OF GRESHAM RECEIVES JUDGMENT

The Bank of Gresham received judgment for the sum of \$3,750 with interest and costs from the Northwest Potato Starch & Milling company in the circuit court. Serious Hobo Problem Shown by Southern Pacific Report.

In the month of October, 20,634 undesirable persons were put off trains or premises of the Southern Pacific company, according to a report made public by J. H. Dyer, general manager of the company. The report was presented by Dan O'Connell, Chief Special agent, and showed that the total number of persons put off the company's property from January 1, 1921 to October 31, was 158,286. The October figures were divided by states as follows:
California 11,621; Arizona 4,856; Oregon 2,110; Nevada 1,172; New Mexico 751; Utah 124. Total 20,634.

That the hobo problem is a serious one for both the railroads and the public was pointed out by Dyer. "These figures", he said, "show that California is the Mecca of these persons, and this means that the unemployment problem for this winter will be made worse by the presence in this state of such a large number of people who have no prospects for employment and many of whom have no employment and no intention of working."

The short course in fruit and vegetable growing starts at O. A. C., Saturday, December 3. This is the first of eight courses listed.

When filling gem pans with batter, leave one of the small sections empty and fill it with water; the gems will never scorch.
