

**MARMOT ROAD WILL BE IMPROVED**

A road meeting which crowded the schoolhouse to capacity was held on last Wednesday, November 30, at which time a special 10-mill tax for road purposes was voted, the vote being practically unanimous. After a spirited discussion it was voted by a narrow margin to direct the expenditure of about 90 per cent of the special funds on the Marmot road. A. C. Thomas, road supervisor, gave an excellent report of road district affairs. Joe Varetta presided at the meeting.

The east approach to the wagon bridge across the Bull Run river has been out for more than a week, leaving a 25-foot gap. Plans are under way for its immediate repair. Drift-

**PLEASANT HOME**

"What Is Religion? Is it a matter of formalism, or law, or life? How do we become religious? How do we worship?" These questions are to be the basis of the sermon by Rev. Earl B. Cotton, the pastor, at the Pleasant Home Methodist church on Sunday, December 4 at 11 a. m. These are days when people are deciding that it is worthwhile to be religious. If you are not clear in your mind about what it means to be religious, attend this service.

The Sunday school meets at 10 o'clock. The aim of the school is to train its attendants in such a way that they will know what are the worthwhile things in life. Put yourselves and the members of your family into this school of training or some other equally as valuable.

**The Nation is Being Educated.**

One important thing the Harding conference on limitation of armaments is doing. It is educating the American people to the fact that there are Pacific problems. In a vague way people have known of the clashes of interests in the Far East. They have heard that the Japanese situation was difficult. But they have not known just what those problems are, or how they affected the United States.

This ignorance has not been due to lack of informative material. There have been newspaper articles, magazine articles and books innumerable on the subject. But when a person isn't interested in a subject, he passes over what is written about it.

Now of a sudden the whole question of the Pacific and of Eastern Asia has been brought into dramatic prominence. People have become concerned about it. Before the conference is very far along the nation will at least have a fairly clear idea of what it is all about.—Kansas City Star.

**A COMPLETE HISTORY OF EASTERN MULTNOMAH.**

Of course, the whole family eagerly reads the "Gresham Outlook." The whole family wants to know the happenings of the community; wants to read the news about what the people they know for miles around are doing.

The "Home Town Paper" is a complete history every year of you and your neighbors. It tells of the comings and goings, the births, the marriages, the joys and the sorrows—all the events that go to make up community life.

History? The Outlook mentions thousands of names and events in its 104 issues a year. Just reflect a bit and realize what that means. If you sat down and read a voluminous history of the whole world from the birth of creation it would take you a life time. And yet the "Home Town Paper" makes a regular yearly custom of printing hundreds of names and happenings each issue.

The "Home Town Paper" is a sedative, a tonic to the nerves, a relief after hard work with hand or brain, an entertainment to you, your wife, your sons and daughters.
