GRESHAM

"Yes I've more Time for Myself Since I Got a Fordson"

The Fordson Tractor is taking much of the drudgery out of farm life; it is solving the labor problem; it is reducing the cost of preparing land by almost one half of what it was with horses; and it is saving one third to one half of the farmer's time; and making farm life more attractive.

The Fordson will run your threshing machine—and at the most opportune time for you. It will operate the milking machines, saw your wood, fill your silo, pump the water, and take care of every kind of belt work—

And don't forget—it will plow six to eight acres in a ten hour day, handling two plows with ease.

Thus the Fordson is the ideal year-round tractor. It will pay for its fall and winter keep in many ways.

There's a big story to tell you about the Fordson—and a true one—come in and get the facts. Or, if you prefer, telephone or drop us a card and we will bring them to you.

KELSO

The eighth grade graduating exercises to the Kelso school Saturday evening, January 28th, drew a full house. Peterson will entertain the club at its next meeting, the fourth Thursday in February.

PLEASANT HOME

The many friends of B. Fritsch will be pleased to know of his rapid improvement since his operation at St. Vincent's hospital in Portland two weeks ago. He is expected home within the next week or two. Mr. Fritsch has worked exceedingly hard to clear his five-acre place, which he had finished, but the effort aggravated stomach trouble, which made an operation necessary.

Interest is developing very rapidly at the Pleasant Home Baptist church. It was evidenced in the all day service last Sunday. Pastor Barry will give his second sermon next Sunday on "The Parable of the Prodigal Son". Next Sunday evening the Baptist Young People's Union will meet at 7:30 for the election of officers and the adoption of a new constitution. Song service will be held from 8 to 8:30 after which there will be a short 30-minute sermon.

POWELL VALLEY

The morning service at the Swedish Mission church next Sunday at 11 o'clock will be of special interest, as the Rev. Mr. Bach, a missionary from South America, will speak in the Swedish language. The pastor, the Rev. O. F. Larson will speak in the English language at the evening service at 7:30 o'clock.

PLEASANT HOME PASTOR WILL CONDUCT SERVICES

The greatest gold mine in the world has just been rediscovered by a party of gold seekers. Those returning from the trip of exploration have said the mine contains the largest vein of paying ore that they have seen. They also report that the gold is of an exceptional quality that does not rust or tarnish. Furthermore, when once mined by an individual it can never be stolen from him. Hundreds of your neighbors have staked their claims in this land of gold and are finding the "imperishable gold" which is revealed in the Bible. Have you staked out your claim in the land of spiritual truth? Do you need a guide to help you to see the gold and tell you how to mine it? Any of the protestant churches will help you find it. If you attend no other church, go to the Methodist Pleasant Home church. Next Sunday, at 11 a. m., the pastor's topic will be "Losing the Bible to Find It." H. W. Strong of Gresham will sing a solo at this service.

The Sunday school meets as usual at 10 o'clock. There is a class for you.

The evening service at 7:30 will be in charge of Harry Bickford, who will be assisted by Mrs. E. E. Van Fleet and Mrs. N. H. Bickford. The evening study will be the life of Joseph. The Cottrell orchestra will assist with the music. A song service will follow.

SANDY BLUFF

The drama, "The Rebellion of Mrs. Barclay" which was given Friday, January 27, at Cottrell schoolhouse under the auspices of the Parent-Teacher association, was a decided success. The house was crowded to capacity and everyone was very much enthused over the play. It has been requested the drama be given again. The players are considering the question and may play again in the near future.

The freezing weather has hindered clearing operations in this vicinity. A. J. Ault is clearing about 3 1/2 acres, Geo. Wilkinson and H. H. Watkins are also clearing some.

Fred Wagner is appointed road supervisor for the ensuing year for District 23.

ROCKWOOD

The apron and necktie social given last week by the Parent-Teacher association was a great success. Financially, it netted the association \$16.80, but the social features were considered valuable. A mock trial caused much merriment. Tony Schantin was arrested for moonshining. He was defended by K. K. Kaser. Clarence Johnson was the prosecuting attorney, Dr. B. H. Pedersen the sheriff and Dr. C. H. Haynes the judge. The defendant was tried before a jury of men and women, was found guilty and fined 10 cents.

Rockwood grange will give a play, "Smith & Smythe," on Saturday evening, February 11.

CEDAR AND VICTORY

Mr. and Mrs. Geo. Moffatt and family have moved to Boring. They have been renting the farm, belonging to Mrs. Ed. Osburn, for several years but have given it up recently. The Moffatts gained many friends in Cedar and Victory districts who will miss them very much. It is hoped they will like their new home and gain as many friends as they did in the old.

Mr. Woodard is sick in bed with a very bad cold.

The Kerslake family are all feeling better now. Bob Udding has been quite sick but he is able to sit up now.

BIG JOBS WILL HAYS' SPECIALTY

Will Hays, former Postmaster-General, is already planning his new work as director of the National Organization of Motion Picture Producers. As one Eastern editor so aptly remarked, "He has left the biggest business in the world to build up the business which is going to be the biggest." The picture shows Mr. Hays signing his new contract at \$150,000 a year. Standing behind Mr. Hays is Courtland Smith. To the right is A. L. Robertson. The insert below is of Dr. Hubert Work of Colorado, first assistant postmaster under Hays, who is expected to receive the appointment to fill Hays' place in President Harding's cabinet.
