

OFFICERS ELECTED BY BUSINESS MEN; DISCUSS FACTORY

The Gresham business men at the regular meeting of their association in the city hall last night attempted to close up the finances of the business men's banquet but were unable to do so because all the bills were not in. Those that had been presented were allowed. The expenses will probably amount to about \$75.

The committee working on the plan for financing the location of the Pacific Malleable Iron factory here reported progress. Many features of the plan were up for discussion and suggestion and some things were referred back to the committee with a view to making the details as clear as possible and insure absolute safety to the subscribers. A. Meyers was added to the committee to aid in certain investigations being made.

The plan in the main is thought by the business men to be the most feasible ever presented for locating an important industry in this locality and there is a strong feeling of confidence towards it. The papers are being prepared and it is hoped Gresham can carry out its part speedily. The incorporators and officers of the company are on the ground and have the money in hand ready to start with their building as soon as the proper papers are prepared and this locality matches them 50-50 on the ground and building. They will then install the necessary equipment costing \$5000 to \$10,000 and the local subscribers will be protected by a mortgage on the whole property which is believed to be satisfactory protection. The notes will draw seven per cent interest.

A survey of the field gives assurance of many orders to start with and a great volume of business in prospect.

One favorable thing is the fine way in which the new factory would co-ordinate with the two already established here. The general sentiment expressed is that with these three—a wood working plant, a finely equipped machine shop and grey iron foundry, and a malleable iron foundry—other factories would look favorably to this location.

The annual election of officers took place at last night's meeting. H. L. St. Clair was elected president; K. A. Miller, vice president; L. A. Wallrae, secretary, and the First State Bank, treasurer.

FORMER GRESHAM BOYS ARE FORENSIC LEADERS

Mervin R. Good, junior in commerce at Oregon Agricultural College, will represent that institution at the state intercollegiate oratorical contest to be held on March 10. This decision was announced after the try-out on January 27.

"The contestants showed an extremely high ability of delivery and remarkable manuscripts," said Prof. J. F. Brumbaugh, one of the judges. "Both the delivery and the manuscripts were of calibre of winning material. All contestants are to be congratulated on their showing."

"Our brothers from the Baltic Sea," was the subject of Mr. Good's oration.

Merrill Good, junior in civil engineering at the same institution, has been recently elected president of the college forensic committee which arranges for the staging of dramatic productions, appropriates funds, and schedules debates. He also has taken an active interest in college debate and won a place on varsity squad this year.

Merrill and Mervin are twins, and graduates of Union High school.

Used Cars.

We have the following good used cars which we will take in trade your Chevrolet or Ford:

One 1921 Chevrolet touring, like new, run only 2900 miles.

One 1920 Chevrolet light delivery, mileage 5000.

One Dodge touring car with good tires, top and enamel.

We have many good used cars listed for sale. Tell us what you want and we will show you a car that will suit you.

SMITH MOTOR CAR CO.,
Chevrolet Dealers.

CHURCH ENTERPRISE DINNER IS PLANNED

One of the pleasing events being planned for the near future is a church enterprise dinner to be given at the grange hall Thursday night, February 16 from 6 to 8, under the auspices of the men of the Linnemann Memorial Methodist Episcopal church. The dinner will be planned and served by the Ladies' Aid society of the church.

The purpose of the gathering is to promote good fellowship, encourage co-operation and advance the plans for an enlargement of the church building for Sunday school purposes and community betterment.

The guests of honor will be Bishop Wm. O. Shepard and Dr. W. W. Yungson, district superintendent of the Portland district, both of Portland, who will explain the plans for enlargement.

The invitation is general but the number will necessarily be limited to adults, both men and women. Invitations will be issued for acceptance previous to the event in order that all may be adequately provided for. The dinner will be financed by the men of the church.

H. S. CLASS IN BIBLE WILL BE ORGANIZED

With the opening of the spring semester of the high school on February 6, another class in the study of the Bible was organized among the pupils, which will be under the instruction of the Rev. H. Gebhardt. The new class will take up studies in the New Testament.

An interesting class was conducted during the last semester by Mr. Gebhardt in Old Testament studies, for which the pupils passing were given a semester credit. Fifteen minutes a day of intensive study will enable one to pass creditably, according to Mr. Gebhardt, who considers this not only an interesting and important subject, but an easy credit.

The following is the list of questions submitted by the state superintendent's office for the examination in the first term's work. Ten answers out of the twelve were required:

Locate and describe Palestine. Why are the Books of the Law so named and how may they be catalogued?

Describe fully the sacrifice of Isaac.

Name the Narrative Books and state briefly their contents.

Against whom did Absalom rebel and why?

What is the Book of Job and what does it tell?

What Psalm is called "A Song of Thanksgiving?" Repeat in full.

Who was Habakkuk and what was his prayer?

What was Isaiah's reply when called by the Lord?

Briefly outline the Book of Lamentations.

When and where did Jonah live? Quote the Forty-sixth Psalm.

THE STUMP-BURNING DEMONSTRATION SOON

A stump-burning demonstration will be held on the B. C. Altman farm either the latter part of this week or the first part of next week. The plans have had to be delayed but it is expected that final arrangements will be made soon and the exact date can be published. This demonstration will show a successful method of burning stumps without the use of powder.

PARALYSIS CAUSE OF DEATH OF PIONEER

The death of Mrs. Savannah Dailey, sister of Mrs. Geo. W. Kenney, occurred last Thursday, February 2 at her home in Portland. Death was caused by a stroke of paralysis. She was 62 years old.

The funeral was held last Saturday and her body was laid to rest in Mt. Scott cemetery.

Mrs. Dailey, besides her sister, is survived by six children who are Jas. Miller of San Jose, California; Mrs. W. A. Kennedy, Ralph Brandon, Mrs. D. E. Mathews and C. A. Dailey, all of Portland and Mrs. Arlie White of Moro, Oregon.

Mrs. Dailey was an old pioneer of Gresham. She was raised here and lived here until a short time ago when she moved to Portland.

August 7 to 12 Is Date Set for '22 County Fair

H. A. Lewis, president of the Multnomah County Fair association, announced Monday that the date for the 1922 fair in Gresham is August 7. Multnomah county is to hold the first fair in the northwest circuit.

Mr. Lewis has just returned from Spokane where he has been attending a committee meeting composed of elected members of the fair associations of the circuit. There were 13 committee members present.

An all-day session was held and a banquet was given at noon in honor of the occasion. A list of fair dates for the northwest circuit had been decided upon when the meeting adjourned for the day.

The next morning when the meeting was again called to order there was found to be a great deal of dissatisfaction regarding the dates of the fairs so the meeting again discussed the matter. When noon-time came the meeting was adjourned without being brought to a decision but it was again brought to order at 1 o'clock. By 2 o'clock it was decided that the program first decided upon would have to be accepted.

GRESHAM COUPLE ARE UNITED IN MARRIAGE

The wedding of Frederick H. Hoecker and Florence M. Bramhall took place last Sunday afternoon at 12:30 at the home of Mr. and Mrs. H. E. Bramhall, parents of the bride. The Rev. Earl B. Cotton performed the ceremony.

The bride looked very pretty in a dress of white silk messaline and carried a beautiful bouquet of white carnations. The bridesmaid, Miss Beatrice Jackson, wore a dress of pink organdie and carried a large bouquet of pink carnations. Mr. Conrad Hoecker was best man.

The wedding dinner was served by the hostess at two o'clock. The couple then left immediately by auto in a shower of rice for a short honeymoon to Seaside.

Upon their return, the couple will make their home in Victory district. Mr. Hoecker bought some land east of the Poth and Hansen farms and built a nice little bungalow where the couple expects to reside.

The other guests who were present at the ceremony were Mr. and Mrs. W. F. Hoecker of Troutdale, Mr. and Mrs. V. Evans of Corbett, Mrs. Electa Parsons and Mrs. Mary Parsons of Troutdale, Adolph Aschoff of Mar- not, Oregon, grandfather of the bride and Miss Edna Bramhall, sister of the bride.

Persons desiring to plant potatoes in February for early use should use whole seed, as cut seed rots in a cold, wet soil. Little is usually gained, however, by extremely early planting.

The Bank of Gresham pays 5 per cent interest on time deposits.—Adv.

POULTRY EXPERTS TO EXPLAIN WORK

Methods of incubation and brooding will be illustrated at a series of demonstrations at farms in Multnomah county, which started this morning and will continue tomorrow, by Prof. H. E. Cosby, poultry extension specialist from the Oregon Agricultural College. Persons interested in poultry are invited to attend one or all of these meetings. The time and place for these demonstrations follow:

Tuesday at 10 a. m., at Anna L. Schiller's farm, one mile east of Gresham, and at 2 p. m. at M. Garms' farm, one mile southeast of Springfield.

Wednesday, at 10 a. m. at L. G. Seifer's farm, one-half mile south of Linnemann station, and at 2 p. m. at J. W. Lynch's farm, Section Line and Barker roads.

These meetings are the second of a series on a year's program of poultry extension work of this county. The work was first started in 1921 when 27 poultry demonstrations were given in nine different counties. For 1922 there have been started 43 demonstration farms in 16 different counties.

It is Mr. Cosby's plan to rotate the demonstration farms in a given county each year, thus making it possible to reach a large number of communities over a period of three or four years. Sixteen of the 1921 demonstration farm owners have expressed a desire to continue the record phase of the program and will be carried next year as "record" farms. That is to say, no public meetings will be held on these farms, but they will be supplied with various record blanks and will make a monthly expense and sales report to Mr. Cosby through the various county agents. The program to be carried on during 1922 on these poultry farms is exactly the same as the program on the demonstration farms in 1921, to wit:

November, December, and January—Feeding for Winter Egg Production.

February, March and April—Incubation, Brooding and Care of Baby Chicks.

May, June and July—Feeding the Growing Stock and Housing.

August, September and October—Culling and the Selection of Breeding Stock.

Will the pullets be laying next fall when the price of eggs is highest? A definite hatching plan now and provision for carrying out the schedule will help toward that end.

A Real Bargain

Eleven acres, close in, electricity, good well, gas engine and pump, two chicken houses, fruit and berries, about two acres timber, rest cleared. Priced for quick turnover.

To Rent.

24 acres, joins city on east, city water, 5-room house and barn. Lots of fruit, 10 1/2 acres of wheat. Rent-er must buy team, wagon, harness, mowing machine, disc harrow, two plows, set of harness, cultivator and hay rack; also wheat to get a lease. Price very reasonable.

B. W. THORNE,
At Bank of Gresham.

NEWEST PICTURE OF MRS. HARDING

Even literally, there is a world peace dove waiting at the White House to be released. It is shown here as held by Mrs. Harding in her most recent picture. The bird is a beautiful homing pigeon which is to be released upon request by the first lady of the land. Washington photographers have found Mrs. Harding most gracious and obliging at every request for a special pose.

FAIR STOCK TO HAVE NEW CLASSIFICATION

Some definite changes are being proposed by the county club leaders in the classification of stock owned by the club boys and which are to be entered in the county fair this fall. This is an advance step as even the state fairs do not classify their stock in this way but it is believed that they will soon adopt it.

It is proposed that a division for age classification be made in each of the two club divisions so that in Division 1 there will be junior and senior calf; and in Division 2, junior and senior yearling. This is going to be much to the advantage of the boy who has a late junior calf which has been shown against a late senior calf as it makes a difference of five months in the age. This will greatly encourage the boys and makes possible fairer competition. There will be the same classification as in the open class and it will give the boys a chance to compete with the adult class.

Some changes in the pig classification are also being asked. The new plan is to have the pigs classified as to breeds. Previously all breeds were placed in one ring and it made it very difficult for the judges to place them. Prizes will be made some lower but it will be fairer to boys because there will be more classes.

Since the fair board are agreeing to consider these concessions, it is agreed that club members pay a fee for showing in the open class. It is believed that this will give the boys more business training for future showmen.

Miss Calkins, the county leader, is asking that club members make definite plans right away for entering the livestock show as she wants all calf, pig and sheep clubs to be under way this month as L. J. Allen, livestock club agent, will be here the first week in March to meet with these livestock clubs for definite training.

These changes have been placed before the fair board who spoke favorably of them but the budget must be passed by the premium committee before the new classification can be made.

ALLEN INGLIS HAS BIRTHDAY PARTY

Allen Inglis was nine years old last Wednesday, February 1 and he celebrated the occasion by a birthday party to which all of his friends were invited. Some of them were sick, however, and couldn't come. The party was gotten up by his mother, Mrs. W. A. Inglis, who was assisted by Miss Mabel Inglis and Miss Helen Hoss.

The table decorations were very prettily carried out in pink and white. Streamers were suspended from the ceiling and fastened to the chandelier over the table. In the center of the table stood the birthday cake with its nine pink and white candles. The ends of the streamers were allowed to fall from the chandelier and were held by little dolls also dressed in pink and white and they looked as if they were dancing around the cake.

The afternoon was spent by the children in playing games.

Dainty refreshments were served. Individual cups and baskets and place cards were used for the table decorations.

Besides the children and the ladies assisting, several of Allen's relatives were invited later in the evening.

Union High Wins Double Header.

Friday night at the high school gym the Union Hi basket ball girls won from the Hillsboro Hi basket ball girls 25 to 8. Lenora Eder, 8; Jennie Sloop, 17. The wonderful team work of the girls credits them with their victory. The girls so far have not lost a game, defeating Camas twice and Hillsboro once.

The boys' basket ball team also did their share by defeating the visiting Hillsboro boys' team by a score of 23 to 10. Winters, 6; Mercer, 6; Bailey, 5; Booth, 4; Strong, 2. The boys' team was minus their "all-star" center, Percy Puffer. The boys are out for the state championship as they have won all games played Oregon teams, losing only to the rough Camas team. So far they have won twice from Park Rose, one from Molalla, once from Hillsboro and once from Washougal. This gives them a clear field for the championship of the states.

Order Seed Corn Now.

Because of early frosts last fall much seed corn was injured, and farmers expecting to grow that crop should obtain their seed at once to be sure of getting good seed. In selecting ears from home grown supplies take those that are well matured, sound, and medium rough. Avoid loose or discolored ears and those having shredded shanks, as these may be diseased.

THIRD BULL RUN PIPE LINE MAY BE COMMENCED SOON

By WALTER ADRIAN.
Plans for construction of the third Bull Run pipe line, costing approximately \$2,000,000, will likely be completed in the next three or four weeks, according to an announcement by Fred Randlett, chief engineer of the city water bureau of Portland.

This is one of the best industrial announcements the Outlook can offer the people of Gresham and vicinity for the coming year. Our central location, on construction work, will prove to our advantage. It is a foregone conclusion, regardless of who the contractors may be, that Gresham business concerns will receive a wonderful impetus as a result of this gigantic undertaking. About 18 months' time will be required to complete the work.

Weather permitting, the new dam and screenhouse at the headworks will be completed in the next ten days. Water will flow under the gravity system. The new pipe line will be twenty-four miles in length, and the conduit will double the amount of water now carried to the city. The increase in water volume will take care of the rapidly multiplying city and urban population for several years, and be a protective measure against contingencies.

Construction will not be started until bonds aggregating \$750,000 are floated, and a physical valuation of water bureau properties made.

HIGH SCHOOL NOTES.

Although the science students are very sorry to lose Miss Waite as their teacher, they are eagerly waiting to become acquainted with her successor, Glenn W. Campbell of Willamette University. Miss Waite has resigned on account of her health and the whole school, especially her classes, wish to thank her for her interest in the pupils and her work among them.

Our motto to new students is now, as it always has been at Union High, "Welcome." The pupils entering our classes at this time are: Lillian Markwart, Ida Burgess, Louise Howard and Mary Kniefel as freshmen; William Shelley, Helen Buelow and Millerd Sharpe as juniors, and Herbert Burdick, sophomores.

A good time was enjoyed by all who attended the junior-sophomore party last Saturday night. The interest in the games did not lag one, due, we think, to Miss Gardner's and Mr. McCormick's wonderful management. A suggestion of Valentine's day was carried out in the decorations and refreshments which consisted of dainty cookies and pink ice cream decorated with flaming hearts.

Mid-term examinations were held in the high school the past week and the grades are now being compiled ready for mailing to the parents. It is urged by Principal Roy E. Cannon that all parents carefully peruse the report cards and ascertain the cause for any low grades that may be evident, since a high school diploma means very little unless it is backed up by "real" knowledge. In other words it is what the pupil "actually knows" that counts, not what any certificate states he is "supposed to know."

The student body and faculty greatly appreciate the interest in the school shown by W. C. Lawrence chairman of the school board. Mr. Lawrence is a true young people's man, being ready to give encouragement to any worthy project introduced by the school.

Coming Events of Local Interest.

First high school debate of series in Union High school auditorium Friday, February 10. Estacada vs. Union High school.

The Willamette University Ladies' Glee club concert at the Orient grange hall Saturday evening, February 11.

The Willamette University Ladies' Glee club to sing at the Baptist and Methodist Pleasant Home churches, Sunday morning, February 12.

The Willamette University Ladies' Glee club concert at Methodist Episcopal church on Monday evening, February 13.

Church enterprise dinner to be given under the auspices of the men of the Methodist church to be held Thursday evening, February 16.

Colonial supper to be given by the Baptist Ladies' Guild of Gresham on February 22.

Big Show at Rockwood Grange Hall
Saturday, Evening, February 11, 8 o'clock
All-Star Cast, 21 Performers, count 'em, Something doing Every Minute, One Continuous Laugh
"SMYTHE vs. SMITH"
A Mock Trial in one act, all home talent. Play lasts one hour, followed by more fun and excitement. All proceeds for improvements on Grange Hall. Lots of good things to eat. Come early, get a good seat, stay late
Adults, 25 cents; Children, 10 cents
