

There is one great beauty about criticism of women's styles, cosmetics and conduct—the women don't pay any attention to it.

The average person who tries to "kill two birds with one stone," doesn't hit either one of them.

Weekly Letter to Berry Growers.

Fertilizer orders are coming in but not as promptly as they should. To date we have orders for 139,000 pounds. Why not order now? Our car-load shipping project is working out nicely and is practically an assured fact but we must have quality berries for this trade so do not forget that the liberal use of Potash means firm berries and more dollars for the grower.

We should have a large increase in gooseberry plantings. Gooseberries are an early money crop. Why not plant an acre?

Another money maker is the English blue Damson plum. It is a sure cropper. It comes into bearing early and brings good prices in the Portland markets. The demand is greater than the supply. Every farm should have at least a dozen trees. Why not plant this spring? We can help you to some choice trees.

GILLIS

The Rev. Earl B. Cotton will speak at the Gillis church during the preaching hour beginning at 3 o'clock. He has a vital message for the people of the community and believes it will help them to see their relationship to God and their fellow-men.

Mr. and Mrs. D. F. Bowder of Portland visited with Mr. and Mrs. N. P. Nelson, Mrs. Bowder's parents.

Sherman Everett has returned from Heppner where he has been working on the highway. Sheridan Everett, Ernest and Archie Anderson are still there.

Martin Everett of Tillamook has been visiting his brother, O. Everett, for some time. He is recovering from a stroke of paralysis.

The Happy Home Makers of the Orient district, Emma Bozarth president, are planning a pie social to be given in the Orient grange hall in the near future. They have raised \$12 from the sale of candy at the Friday night basket ball games. They want to send a good representation to the O. A. C. summer school. One of their number, Wilma Chase, goes as the state champion in canning.

San Peterson is having the interior of his residence thoroughly remodeled, painted and papered. He is showing a commendable pride in his new home and its surroundings, a home to be proud of.

Mrs. R. I. Anderson is showing a slight improvement. She has been a patient sufferer for a long time.

The Coos Bay harbor, in a recent issue, has the following which is of local interest:

"H. G. Lake was elected as a teacher in the high school to begin next week or at the opening of the second semester. Mr. Lake resides at Gresham and was hired last summer for the first term, but on account of illness could not come. His daughter Miss Alice Lake has been taking his place and has given such universal satisfaction that she too will be retained next year. C. E. Maybee, school clerk, said Mr. Lake was his teacher 30 years ago, and speaks highly of him.

FAIRVIEW

On next Sunday morning at 11 o'clock at the Smith Memorial Presbyterian church the Rev. E. R. D. Hollensted, the pastor, will preach on "Abraham Lincoln, the Man." At this service the pastor's son, W. H. Hollensted of Portland will sing a solo.

Fairview grange held an interesting meeting on last Saturday. An item of much importance in connection with the business session was the changing the date of the regular meeting of the grange from the second to the first Saturday of each month. The place of meeting was also changed from the schoolhouse to the lower part of the city hall. The lecture hour was interesting and profitable and included a talk by the county health nurse, Miss Mary Billmeyer.

The Methodist Ladies' Aid will hold an apron and box social and entertainment in the city hall on Tuesday evening, February 14. Musical numbers and recitations by local talent and a demonstration of a musical system by the Misses Brasch and pupils of Portland will be features. Women and girls are expected to bring box lunches for two.

GRESHAM TO AID IN BUILDING FARM HOME

Headquarters for the campaign in Gresham and vicinity in behalf of the children's farm home, have been established at the offices of C. G. Schneider. Mr. Schneider, who is deeply interested in this project, is chairman of the campaign in this district. The quota for this district is \$500 and Mr. Schneider has every hope of raising this amount.

The home is an immediate need, it is explained, since there are many children in Oregon today, without home or care, who will find in this farm just the haven they require. On this 245-acre farm, three miles east of Corvallis, they will be able to spend much of their time out-of-doors, working, studying and playing under normal conditions. The farm will be a home, as distinguished from an institution. It will be conducted on the cottage plan, with a "mother" in charge of every 12 or 15 children, devoting her entire time to them and giving them the individual attention, which growing children need. The children will receive Christian training in home surroundings and the preparation for life to which every child is entitled.

"The plans of the board of the W. C. T. U. children's farm home do not contemplate adding to the already large burdens now resting on the charities of the people of Oregon," explains Mrs. Ada Wallace Unruh, campaign director for the project in the state. "According to the carefully worked out plans, made by successful business men and women of the board, the dependent children can be cared for much more economically than is being done at this time, while providing for a large number, who now receive no care, and who, because of that lack, will become delinquent soon and a larger burden.

"This economy is made possible because of the fact that the home is being sponsored by a large organization in all parts of the state, together with a large number of successful business men, forming a body, whose voluntary service greatly decreases the overhead for maintenance."

Carelessness

Causes Fires

Take heed where you place burning cigarette stumps. It may seem like a little thing, but a fire loss of over \$8,000,000 was caused by cigarettes last year. Ninety-seven per cent of all fires are due to somebody's carelessness. Watch yourself and others. Remember a fire means waste of material, loss of income and much other expense.
