A Record of Steady Growth

Since the first day the doors of this bank were opened for business, we have experienced a continuous, healthy growth—Not only in the volume of our deposits and the number of our patrons, but in the confidence and good will of the community. To adequately care for the needs of our constantly growing host of patrons, our quarters have been enlarged twice since our organization.

Twice, also, our capital has been increased. At the present time, with a capital of \$30,000 and a surplus of \$25,000, our resources have gone above the half-million mark. Our progress will continue—you are cordially invited to open an account here and grow with us.
