Official paper of the Town of Gresham Official paper of the Town of Fairview Entered as second-class matter March 2, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

A NEW SENSATION.

Versed in forest lore and determined to prove that the primitive species has nothing on the modern flapper and her male companion, we hear that a young Boston couple propose to make a dash into the woods of Maine without food or clothing and there dwell for a period of six weeks, wresting their sustenance from Mother Earth. Boston has given to the world many a thrill from the day of the famous tea party to this year of our Lord, but this latest demonstration of the unique caps the climax. Still, the experiment may not be without its value. If the young couple—the young wife is 23 and her husband 27—manage to get along in their battle with nature, it may bring them a greater spirit of contentment, in that it may teach them how little they really need in this world, and make them more pliable to the exactions of the shoe trust, which has pinched the toes of New England and the pocketbooks of the whole nation for a good many years. The spot chosen for the experiment is one uninhabited by man, though reports have it as infested with wild beasts, and of course by the terrifying mosquito, which may prove the greatest obstacle to be overcome. When all is said and done, however, it would be more important if some one could demonstrate how a young couple can live in civilized surroundings on a modest wage and raise a healthy American family without turning the young wife into a drudge and the young husband into a slavish sycophant, lashed into obedience and sapped of all initiative because of dread of the future and the possible loss of a job.

COLLECTOR EXPLAINS TAX ON ADMISSIONS

On account of an apparent misunderstanding as to the tax on admissions, Clyde G. Huntley, Collector of Internal Revenue, announces that this tax is still in effect except as to admissions of 10 cents or less.

"There seems to be some confusion with respect to the exemption from this tax," explains Collector Huntley. "The law provides that exemptions from the tax may be granted where the proceeds of an entertainment inure exclusively to the benefit of a religious, educational or charitable organization or institution; to societies for the prevention of cruelty to children or animals; to any post of the American Legion or Woman's auxiliary units thereof; to societies or organizations conducted for the sole purpose of improving any city or town; to organizations maintaining a cooperative or community center moving picture theater, no part of the net earnings of which inure to the benefit of any private stockholder or individual, and to agricultural fairs."

However, the exemption cannot be granted to any case unless an affidavit claiming the same is filed with Collector Huntley a considerable time in advance of the date of the entertainment so that proper investigation may be made.

Where exemption is obtained the tickets must show the price of admission and bear the words "tax free" or "no tax."

"Persons or organizations giving entertainments are required by law to collect the tax from those to whom the tickets are sold or to obtain exemption, which will entitle them to sell the tickets without tax," said Collector Huntley. "The law provides a penalty of not to exceed \$1000 for failure to comply with this provision."

"In order to be entitled to exemption the specified organizations must be regularly organized, having officers and trustees and the usual essential features of such an organization; they must have a purpose which as put into practice is religious or educational or charitable, and their funds must be used solely in furtherance of such purpose. This applies as well to municipal improvement clubs and to community motion picture organizations."

"The ordinary fraternal order, unless its principal objects are religious, charitable or educational, and its funds are used solely for such objects, cannot qualify for exemption."

Collector Huntley announces that in many cases organizations or individuals write to his office after an entertainment has been given and state that upon their understanding that the admissions were exempt from tax no tax was collected. Such organizations or individuals are liable to penalty because the affidavit claiming exemption was not filed and exemption obtained prior to the placing of tickets on sale, and the Collector is absolutely without authority to waive this provision of the law.

Mr. Huntley urges everyone in charge of entertainments, where the exemption is in order, to apply to his office or to the district offices at Eugene, Pendleton, Salem or Medford for the proper affidavit forms.

BRIDGE OF THE GODS TO BE DEDICATED

Dedication of the Oregon shore pier for the Bridge of the Gods to be constructed across the Columbia river just below the Cascade Locks, will take place Sunday, June 18, according to official announcement. The Oregon pier was recently completed by the Young-McDonald company, contractors, under supervision of R. R. Clark, designer and engineer of the span. He declares the work to be excellent. The pier is of steel and concrete, is eight by 18 feet at the top, towers 56 feet above the ground and goes down 16 feet below. There are 3000 tons of steel and cement in it.

Charles F. Millman, chairman of the Portland Ad club is the head of a special committee in charge of arrangements for the dedication. Invitations have been sent to the Ad clubs of Tacoma, Spokane and Yakima, Washington. Mayor Baker will be one of the chief speakers. The dedication will be featured in motion pictures all over the county.

An idea of the important part played by Ford cars and trucks in the daily transportation of goods and persons in the United States can be gained by realization of the fact that with the Ford cars now in operation, averaging a minimum of 5,000 miles per year each, they would pile up a total of twenty-five billion transportation miles—equivalent to more than a million trips around the world.
