

FORMER GRESHAM GIRL VISITED IN GRESHAM

Mrs. Joseph Munyon, of Los Angeles, a former Gresham girl and known to old residents here as Miss Ona Markeley has been visiting her aunt, Mrs. L. P. Manning, during the past few weeks. Mrs. Munyon is the sister to Harry Markeley who owned a blacksmith shop in Gresham 24 years ago, which stood near the spot where Main and Powell streets meet which is about where the fountain now stands.

Mrs. Munyon, accompanied by her husband, drove from California in their Dodge car and carried along a complete equipment for camping. They enjoyed the outdoor life so well on their trip here from California, that they refused to enter the house when they reached Gresham and camped out in Manning's back yard. They could hardly be blamed, however, by those who have seen the many pretty roses growing there

which makes it an ideal camping place.

Mr. and Mrs. Munyon drove with Mr. and Mrs. Manning to Seaside and Tillamook during their stay here. They also spent a couple of days on the highway which they declared to be wonderful. The party left last Saturday for Seaside and spent the first night at the beach there before going on to Tillamook. The Munyons have eaten Tillamook cheese and they were anxious to see where it was made. They visited the large factory at Beaver and were much interested in watching the process of cheese making.

The party returned to Gresham last Monday evening. The Munyons left Wednesday morning for Cottage Grove to visit relatives and enjoy picking wild blackberries that are said to be in abundance there this year. They are also planning a trip to Crater Lake before returning home.

This is Mr. Munyon's first trip to Oregon, and is pleased with the scenery. The fruit and berries were a special treat to him but he does not think he would like Oregon's rain. If the weather continues to be nice, however, he and his wife may return to Gresham before returning to their home in California.

SURPRISE PARTY GIVEN POWELL VALLEY COUPLE

A surprise party was given last Wednesday night at the home of Mr. and Mrs. C. Lundquist in Powell Valley in honor of their daughter, Miss Mabel Lundquist and David Johnston whose engagement has been announced recently.

Many friends and relatives were present. The surprise came when the young couple were showered with many useful household articles.

The evening was enjoyed by all.

ROCKWOOD BOYS COLLIDE WITH AUTO

Peter and Robert Burgess, of Rockwood, were both injured in Portland last Wednesday afternoon when the motorcycle they were on struck a Ford coupe which crossed directly in front of their path at Union and Belmont street. The automobile, driven by Miss Ella Parker of Portland, was going east on Belmont and the motorcycle was going west on the same street. Just as the auto reached Union, the driver cut the corner and crossed over on the left hand side of Union just as the motorcycle came onto Union.

The motorcycle struck the door of the auto smashing the running board. Robert Burgess was thrown from the machine and his brother was thrown over his head. The driver of the auto was not injured.

Robert Burgess was taken to the St. Joseph hospital where the doctor had to take 25 stitches in his head. The cuts about his head look as if they were caused by broken glass. He also sustained internal injuries but he was allowed to be taken home Thursday night. The accident shocked his nerves and left him in a dozed condition.

Peter Burgess, who is also known as Roy, escaped with a black eye, a broken nose and minor cuts on his body. He is employed at the Sherman McCarter garage in Gresham and has resumed his work there.

The woman driving the auto was turned over to the police and placed in jail on a charge of reckless driving. She was released yesterday on bail.

PLEASANT HOME

Bible school at the Pleasant Home Baptist church will open next Sunday at 10 a. m. The Rev. D. Q. Barry will preach at 11 o'clock. The theme for mutual discussion will be "The Foundation of the Church." B. Y. P. U. will begin at 7:30 p. m. Praise service and sermon by the pastor will be at 8:10. The subject will be "Personal Cooperation."

"Sensible people go to church every Sunday", says Rural Bread. "Why? Because they realize that true wisdom is acquired only through contact with the author of wisdom."

Services at the Pleasant Home Methodist church on Sunday include the Sunday school session at 10 o'clock and the morning worship at 11 o'clock. The later service is to be conducted by Mrs. Alta M. Gentry.

Mrs. J. S. Cummings and children from Kerriston, Washington, has been visiting for some time with Mr. and Mrs. J. Eggiman.

Persons interested in climbing Mt. Hood are asked to meet again at the Methodist parsonage at Pleasant Home on Tuesday evening, the first of August, at 8 p. m. The trip is planned for the third, fourth and fifth of August. About a dozen have so far expressed a desire to join this party. Mrs. Altman has consented to act as chaperon for the girls.

The two patrols of the Pioneers will contend against each other in a baseball game to be played on the Gillis diamond on Tuesday afternoon, August 1st at 2 o'clock. Boys between 12 and 16 who desire to join either group are invited to meet at that time.

Do you want to know what the Methodist church is doing to solve the problems of the church in the rural sections? During the past few years gathered it has been found that the rural church of America has in past years contributed a very large part to the progress of the national life. Eighty-six per cent of the names listed in Who's Who were born in the country and received their early training under the influence of rural churches and schools. In the Methodist church alone 75 per cent of the ministers are men born and raised on farms and probably the proportion would be equally true of other churches. The steady drain upon the resources of rural churches by the migration to the city has been felt in past years and church leaders are making plans to help meet this situation.

In the absence of the pastor, Rev. Earl B. Cotton, the 11 o'clock service at the Methodist church, Sunday, July 30, will be in charge of the laymen. Mrs. Alta Gentry who recently spent two weeks' study with representatives of the rural leadership department of the Methodist church will tell of the plans being made to help rural churches and of the methods that are proving successful in other places. As usual there will be special music and a cordial welcome for you at the Pleasant Church Home.

Sunday school will begin promptly at 10 a. m., with a worship service of scripture, prayer and song. Classes will then convene for a study of the Bible lessons as related to present day life and character.

Plans are being made for an Every Member Present Sunday at the Methodist church on August 6. Invitations have been sent to those living at a distance and it is expected that it will be a big day for the congregation. There will be services morning and afternoon with a basket dinner at noon. Keep the date in mind and plan to join the group for the entire day of worship and social fellowship.
