

CEDAR AND VICTORY

Matt Dahl and Artie McMillan are at Lost Lake on a fishing trip. Mrs. Orlando Gildow of Portland is visiting her sister, Mrs. A. McMillan. Mr. and Mrs. Frank Armstrong and

baby of Portland were visitors at the home of his mother, Mrs. L. C. Armstrong. Miss Blanche Glad of Tillamook is visiting at the home of Mr. and Mrs. Chas. Soderquist. She expects to stay for a couple of weeks.

BIG POWER on the HILLS/

Make a fresh start—get a clean tankful of "Red Crown"—and then watch how your engine performs.

Watch it on the hills. Every drop of "Red Crown" vaporizes rapidly and uniformly in the carburetor and is consumed completely in the cylinders. You get a continuous stream of power—more mileage at lower cost.

"Red Crown" is uniform in quality—you won't need to bother with carburetor adjustments if you fill your tank with "Red Crown" and nothing else.

Fill at the Red Crown sign—at Service Stations, garages and other dealers.

CLACKAMAS COUNTY COUPLE MARRY

The marriage of Miss Louise Hemrich, daughter of Mr. and Mrs. J. Hemrich, and Jerome Brook was solemnized last Tuesday afternoon, August 15, at 3 o'clock at the Zion Evangelical church in Gresham. The wedding was a quiet one and only about 25 relatives were present. The Rev. H. R. Gebhardt performed the ceremony. After the wedding, the party went to the home of the bride's parents, living near Damascus where a sumptuous wedding dinner was served. After the dinner the young couple left on a short wedding trip.

Mr. Brook is employed at the Fox Brothers' store in Troutdale and he and Mrs. Brook will make their home there. They received many pretty wedding gifts.

MULTNOMAH GRANGE WILL MEET SATURDAY

The regular meeting of the Multnomah grange will be held next Saturday, August 26, at the Orient grange hall. Miss Elva Dolan will have charge of the social program. All present will respond to the roll call by giving a short recitation or a few line quotation or a memory gem. Next in order will be a debate on the subject, "Resolved, that art is more interesting than nature." The third feature of the program will be in the form of a contest but other facts regarding it have not been revealed. A large attendance is expected.

BURNS PROVE FATAL TO INFANT SON

Frank Charles Moulton, the six-months-old baby of Mr. and Mrs. F. L. Moulton was fatally burned last Saturday morning when the tent in which the family were camping, caught on fire. He only lived five hours.

The Moulton family were camping in the yard of George Lusted near Lusted station. Mr. Moulton was cutting wood in the neighborhood. Mrs. Moulton had had a fire in the stove inside the tent but she said she put water on it and put it out before going out to pick blackberries and leaving the baby in the tent.

One of the men drove by the tent with a load of wood and when he returned soon after that he saw the tent in flames. He ran in and carried the baby out but he was so badly burned he only lived about five hours.

The shock was too much for the mother and it was at first feared that it would prove fatal to her but she is thought to be out of danger. It was at first thought she would go insane. She has been taken to Portland where she is being cared for by her aunt.

The funeral was held this afternoon at 2 o'clock at the Carlson undertaking parlors. Burial was at Mt. Scott cemetery.

Nutrition Expert Will Be Here Every Three Weeks

A large party of women gathered at the home of Martin Lennartz of Pleasant Home last Thursday afternoon to hear the lecture given by Miss Marjorie Smith on the "pic of Nutrition." There were about 40 women in all which left only a standing room in the house. The lecture gave was a very interesting one. At its conclusion she asked the women to experiment with whole grain bread and bring a sample of it to the next meeting when it is to be held at Pleasant Home in three weeks.

Meetings will be held every three weeks and will continue for several months in this district. Any other districts that would like to have Miss Smith arrangements can be made with S. B. Hall, county agent. Meetings are now being held in the Corbett district also.

When Miss Smith makes her next visit she will talk on vegetable chowder. She will also give a demonstration on brown or unpolished rice.

It isn't much praise to call him "one man in a million." So is everybody else.

Don't Forget the BIG JAZZ DANCE At MONTROSE PARK Saturday Nights, Sunday Afternoons and Evenings. Two miles from Troutdale on Columbia Highway.

CLUB MEMBERS BANQUET; CLEAN CONCESSIONS URGED

Continued from Page 1.

The fair board unless they are willing to stand back of the board and help support the fair.

Mr. Plummer, however, squared himself somewhat after the banquet was over by promising H. A. Lewis that if Mr. Lewis would get up a subscription of 50 names of men who would give \$50 apiece toward a fund to be used as expense money for running the fair, he, Mr. Plummer, would be one of the 50.

Mr. Plummer saved his criticism until the last part of his address. At the beginning he told somewhat of the progress of the clubs in Multnomah county. "Ten or twelve years ago," said Mr. Plummer, "when garden club work first began, the people gave away Shetland ponies in Oregon, Washington and Idaho as prizes in club work. Club work is the most important work being done anywhere today." Mr. Plummer then quoted a statement made by Mr. Pugsley, assistant secretary of agriculture: "If all other agriculture appropriations were struck out, I would vote to hold the club work as it is going to mean more to the future than anything else."

"Many business men smile when they think of club work but they are getting over smiling. Ten years from now the world is going to be a better place to live in as incidents of club work are going to bring about a great change. During the past ten years people of this city have been trying to get clean amusements. Next year the boys' and girls' club work and the grange exhibits will not show any place where anything but clean concessions are tolerated."

This last statement by Mr. Plummer was not entirely correct as no such action had been taken by the clubs and the granges. They had, however, during this last fair passed a resolution asking for clean concessions. Mr. Plummer knew of this resolution and misinterpreted it to mean what his statements implied. Instead of taking such a stand against the fair, Miss Ethel Calkins, representing the clubs says it is up to the club girls and boys and the people to make it possible for the fair to have only good concessions by standing back of the fair board.

H. A. Lewis, president of the fair association said "I realize the fair concessions are not what they should be, but when you're in a pinch, what are you going to do? He said he was as much in favor of clean concessions as anyone but financial conditions had prevented him from carrying out his wishes in this respect. Mr. Lewis then told somewhat of the financial conditions of the fair for the past few years. He said, however, that the fair had made money this year to pay some of their bills and there is every reason to believe things will be better next year than they have this year.

MANY POULTRY AWARDS

Continued from page 1

Geo. W. Erwin, 2d cock, 1st hen, Mrs. Arthur Brock, Portland, 1st pullet Walter Roswurm.

Golden Sebright—1st and 2d cock, 1st and 2d hen, Geo. W. Erwin, 1st cockerel, 1st and 2d pullet, Mrs. Arthur Brock, Portland.
